

title of the event is Flickr's - not active

description of the event is Flickr's - An invigorated event to energize the finest snapper in you! This is an astounding opportunity to express your aesthetic vision through your magnificent clicks! Studio KCT organizes a photography competition called Flickr's. Participants are required to submit photographs based on a given theme by the deadline, and the winning photograph will receive a prize. Rules & Regulations: 1. This is a three day event wherein the participants will be given three separate themes to adhere to. 2. Participants are expected to take part individually and not in teams. 3. The photographs must be captured inside the campus. Any image entertaining plagiarism (i.e., the images taken from the internet) will be disqualified. 4. Basic editing of the photographs are allowed, any sort of photo manipulation will result in disqualification. 5. The submitted images should be in "JPEG" format and should be submitted within the said deadline.

generated\_descriptions of the event is \*\*Things you can learn from attending Flickr's:\*\*

\* \*\*Composition and framing:\*\* You will learn how to compose and frame your shots in a way that is visually appealing and engaging. You will also learn how to use different elements of the scene, such as lines, shapes, and colors, to create a sense of balance and harmony in your photographs.

\* \*\*Lighting:\*\* You will learn how to use natural and artificial light to create different effects in your photographs. You will also learn how to control the direction and intensity of light to create specific moods and atmospheres.

\* \*\*Exposure:\*\* You will learn how to control the exposure of your photographs so that they are neither too bright nor too dark. You will also learn how to use different exposure techniques, such as long exposure and short exposure, to create different effects.

\* \*\*Focus:\*\* You will learn how to focus your camera correctly so that your photographs are sharp and clear. You will also learn how to use different autofocus and manual focus techniques to achieve the best results.

\* \*\*Editing:\*\* You will learn how to edit your photographs using software such as Adobe Photoshop or Lightroom. You will learn how to adjust the brightness, contrast, and color of your photographs, as well as how to crop, straighten, and remove unwanted objects.

\*\*How this event is useful for you:\*\*

\* \*\*Improve your photography skills:\*\* Flickr's is a great opportunity to improve your photography skills and learn new techniques. You will be able to get feedback on your work from experienced photographers and compete against other photographers to see how your skills measure up.

\* \*\*Build your portfolio:\*\* Flickr's is a great way to build your photography portfolio. The winning photographs will be displayed in a public gallery, and you will be able to use the photographs in your portfolio to showcase your skills to potential clients or employers.

\* \*\*Network with other photographers:\*\* Flickr's is a great opportunity to network with other photographers and learn from their experiences. You will be able to meet photographers from all over the world and share your passion for photography.

\* \*\*Win prizes:\*\* The winning photographs in Flickr's will receive prizes, such as camera equipment, software, and gift certificates. This is a great way to get recognition for your work and to win some valuable prizes.

title of the event is Crack the CADD

description of the event is "Design is thinking made visual". Crack the CADD is the platform to showcase your creativity and knowledge in the field of modelling and designing. Rules and Regulations: 1. Individual participation. 2. Live modelling on the given topic or based on the application of the model. 3. Restricted to download models from websites. 4. Maximum time allotted for ROUND 1 is 60 mins (1 Hour) MCQs on modelling and engineering graphics. 5. Maximum time allotted for ROUND 2 is 90 mins (1 Hour 30 Min) Participants should draw 2D diagram of the given Object. 6. Maximum time allotted for ROUND 3 is 180 mins (3 Hour) 3D modelling based on application-oriented problem.

generated\_descriptions of the event is **Things You Can Learn from the Event:**

1. **CAD Software Proficiency:** Enhance your skills in using computer-aided design (CAD) software.
2. **Problem-Solving:** Develop your ability to solve complex modelling problems creatively and efficiently.
3. **3D Modelling Techniques:** Learn various techniques for creating realistic and accurate 3D models.
4. **Engineering Graphics Principles:** Gain a deeper understanding of engineering graphics principles, including orthographic projection and dimensioning.
5. **Model Application:** Explore the practical applications of 3D models in various engineering and design fields.
6. **Creativity and Design Thinking:** Improve your creativity and design thinking abilities by translating concepts into visual representations.
7. **Time Management:** Learn to manage your time effectively and work within specified deadlines.
8. **Attention to Detail:** Develop your attention to detail and accuracy when creating models.
9. **Presentation Skills:** Enhance your ability to present your work effectively and confidently.
10. **Networking:** Connect with fellow participants, industry experts, and potential employers.

**How the Event Can Benefit You:**

1. **Career Prospects:** Improve your employability by demonstrating your CAD skills and design capabilities.
2. **Portfolio Development:** Build a strong portfolio of your 3D models to showcase your talents to potential employers or clients.
3. **Knowledge Enhancement:** Expand your knowledge of CAD software, engineering graphics, and 3D modelling techniques.
4. **Industry Exposure:** Gain valuable exposure to the latest trends and developments in the CAD and engineering fields.
5. **Confidence Building:** Boost your confidence in your CAD and design abilities by showcasing your work to others.
6. **Problem-Solving Skills:** Improve your problem-solving and critical thinking skills by working on challenging modelling problems.

7. **Technical Skills:** Develop technical skills in CAD software, engineering graphics, and 3D modelling.

8. **Awards and Recognition:** Earn recognition for your talents by winning prizes or awards at the event.

9. **Professional Development:** Enhance your professional development by learning new skills and staying updated with industry trends.

10. **Experience:** Gain hands-on experience in using CAD software and applying modelling techniques to real-world problems.

title of the event is Lit fusion

description of the event is "This event is a literary extravaganza which brings all the literary events to a spectacular event and also in a fun filled way rather than formal debates and discussion. This event consists of JAM, Connections, Pictionary etc."Rules and regulations :1.There are 3 rounds2. Round 1: connections ,word riddle ( team of 2 participation)3. Round 2: Dump shaarat ( between 2 people)4. Round 3 : shipwreck

generated\_descriptions of the event is **Things You Can Learn from Attending the Literary Extravaganza Event:**

\* **Enhanced Vocabulary and Language Skills:** The word riddles and Pictionary challenges will help you expand your vocabulary and improve your language skills.

\* **Critical Thinking and Problem-Solving Skills:** The connections game, where you have to find connections between seemingly unrelated words or phrases, will challenge your critical thinking and problem-solving abilities.

\* **Creativity and Imagination:** The Pictionary round will encourage you to think creatively and use your imagination to depict words and phrases through drawings.

\* **Teamwork and Collaboration:** The team-based nature of the connections round will help you learn how to work effectively as part of a team and collaborate with others to achieve a common goal.

\* **Communication and Public Speaking Skills:** The Dump shaarat round, where you have to explain a concept or idea to another person using only non-verbal communication, will improve your communication and public speaking skills.

\* **Resilience and Adaptability:** The shipwreck round, where you have to overcome various obstacles and challenges, will teach you resilience and adaptability in the face of adversity.

**How This Event Can Be Useful for You:**

\* **Academic and Professional Development:** The skills you learn at this event, such as critical thinking, problem-solving, and communication, are valuable in both academic and professional settings.

\* **Personal Growth and Self-Development:** The challenges and activities at

this event will encourage you to step outside your comfort zone, learn new things about yourself, and develop your personal and interpersonal skills.

**\*\*Networking and Socializing:\*\*** This event provides an opportunity to meet and interact with other people who share your interest in literature and creativity.

**\*\*Entertainment and Enjoyment:\*\*** Above all, this event is designed to be fun and entertaining, so you can expect to have a great time while also learning and growing.

title of the event is Drone Hunt

description of the event is Drone hunt is a treasure hunt-based event that combines quick thinking, wit, and technical knowledge. This is an event with a fusion of technical knowledge and entertainment. Rules and Regulations: 1) Time based event. 2) Sabotaging other teams will lead to immediate disqualification. 3) The judge's decision is final. 4) It's a team event (3 - 5 members per team)

generated\_descriptions of the event is **\*\*Things you can learn from attending a Drone Hunt Event:\*\***

1. **\*\*Problem-Solving:\*\*** During the event, you'll need to use your problem-solving skills to find clues, decode messages, and complete challenges. This will help improve your ability to think critically and come up with creative solutions.

2. **\*\*Quick Thinking:\*\*** The event is a fast-paced competition, so you'll need to be able to think on your feet and make quick decisions. This skill is valuable in many areas of life, from the workplace to personal situations.

3. **\*\*Collaboration:\*\*** You'll be working as part of a team, so you'll need to be able to collaborate effectively with others. This includes communicating clearly, sharing ideas, and resolving conflicts.

4. **\*\*Technical Knowledge:\*\*** The event may require you to use technical knowledge in areas such as navigation, computer programming, or engineering. This can help you develop new skills or strengthen existing ones.

5. **\*\*Adaptability:\*\*** The event may require you to adapt to different environments and challenges. This can help you develop your adaptability and resilience, which are important skills for dealing with unexpected situations in life.

**\*\*How a Drone Hunt Event can be useful:\*\***

1. **\*\*Skill Development:\*\*** Participation in a Drone Hunt Event can help you develop skills such as problem-solving, quick thinking, collaboration, technical knowledge, and adaptability. These skills are valuable in many different areas of life, both personal and professional.

2. **\*\*Teamwork:\*\*** Working as part of a team can help you build stronger relationships with your teammates and develop your teamwork skills. This can be beneficial in both work and social situations.

3. **\*\*Confidence:\*\*** Participating in a Drone Hunt Event can help you build your confidence by overcoming challenges and achieving goals. This can have a positive impact on your self-esteem and your ability to take on new challenges in the future.

4. **\*\*Networking:\*\*** Drone Hunt Events often attract a diverse group of people

with different backgrounds and interests. This can provide an opportunity to network and meet new people who share your interests.

5. **Fun and Entertainment:** Drone Hunt Events are designed to be fun and entertaining. They can provide a great opportunity to de-stress, have fun with friends, and create lasting memories.

title of the event is Tech Feud

description of the event is Tech Feud is a fun-filled tech-themed event that draws inspiration from the American TV show Family Feud, hosted by Steve Harvey. Teams compete by answering basic and simple tech questions in a game show-style format, trying to guess the most popular responses to survey questions related to technology. The event promises to deliver a unique blend of tech knowledge, competitive spirit, humor, and entertainment, making it an exciting and engaging experience for tech enthusiasts of all levels. So come and join us for a session of tech trivia and see if your team has what it takes to win the game! Rules and regulations -As the questions fly, the team that presses the buzzer first gets to go first. The answers are weighted according to how important they are. 1. The winning team is the one with the most points. 2. The one who rings the bell first gets to answer. 3. Answers with a higher priority are awarded 5 points, while those with a lower priority are given only 1 point. 4. You lose two points for every false response. 5. You have 90 seconds to respond. 6. If the question is left unanswered, the other team receives an extra point

generated\_descriptions of the event is **Things you can learn from attending Tech Feud:**

1. **Technology Trends:** Stay updated on the latest tech trends, innovations, and developments across various domains.

2. **Problem-Solving Skills:** Develop your problem-solving skills by answering tech-related questions in a competitive environment.

3. **Critical Thinking:** Improve your critical thinking abilities by analyzing survey questions and predicting the most popular responses.

4. **Teamwork and Collaboration:** Work effectively as part of a team to strategize and come up with answers quickly.

5. **Tech Trivia:** Gain a wealth of tech trivia and expand your knowledge base on various technology-related topics.

6. **Communication Skills:** Enhance your communication skills by clearly articulating your answers and collaborating with teammates.

7. **Public Speaking:** Develop your public speaking skills by confidently presenting your answers in front of an audience.

8. **Time Management:** Learn how to effectively manage time and prioritize tasks within a limited time frame.

9. **Competitive Spirit:** Cultivate a healthy competitive spirit and learn how to thrive in a competitive environment.

10. **Networking:** Connect with fellow tech enthusiasts, professionals, and

experts in the field, potentially leading to valuable opportunities.

**\*\*How Tech Feud can be useful to you:\*\***

1. **\*\*Career Advancement:\*\*** Stay ahead of the curve in your tech career by keeping up with industry trends and demonstrating your knowledge.
  2. **\*\*Personal Growth:\*\*** Expand your tech knowledge and skills, leading to personal growth and development.
  3. **\*\*Job Interviews:\*\*** Showcase your tech expertise and problem-solving abilities during job interviews, making you a more attractive candidate.
  4. **\*\*Professional Development:\*\*** Continuously update your tech skills and knowledge, contributing to your professional development.
  5. **\*\*Networking Opportunities:\*\*** Connect with tech professionals, explore potential collaborations, and access industry insights.
  6. **\*\*Entertainment and Fun:\*\*** Enjoy a fun and engaging event that combines technology, competition, and entertainment.
  7. **\*\*Team Building:\*\*** Participate in the event as a team-building activity to strengthen collaboration, communication, and problem-solving skills within your team.
  8. **\*\*Public Speaking Practice:\*\*** Challenge yourself to speak confidently in front of an audience, improving your public speaking skills.
  9. **\*\*Stay Updated:\*\*** Remain informed about technological advancements and emerging trends, enhancing your overall tech literacy.
  10. **\*\*Inspiration:\*\*** Get inspired by the passion and enthusiasm of other tech enthusiasts and consider new possibilities in your own tech career.

title of the event is Cycle Stunt Show

description of the event is Cycle stunt show is to grab attention towards the wheels with having thrill, excitement and also to make interest in cycling to the people. We the Kumaraguru Bikers pride to provide you with the best Cycle Stunt show on our most memorable day, let's get together to cheer and celebrate the Yugam'23 with us.

generated\_descriptions of the event is Attending the Cycle Stunt Show organized by Kumaraguru Bikers can offer you valuable learning experiences and benefits:

1. **Stunt Techniques and Skills:** The event will showcase skilled cyclists performing impressive stunts. By observing their techniques, you can gain insights into the mechanics and physics behind these maneuvers. You may also learn about different stunt styles and how to execute them safely.
2. **Overcoming Challenges:** The stunt show will demonstrate the dedication and perseverance required to master challenging cycling skills. You can draw inspiration from the performers who push their limits to achieve remarkable feats. This can motivate you to overcome your own obstacles and strive for excellence in your endeavors.
3. **Risk Management and Safety:** The event will likely emphasize the importance of safety gear and proper risk management during stunt performances. You can learn about precautions and safety measures to take when engaging in cycling activities, reducing the likelihood of accidents and injuries.
4. **Appreciation for Cycling:** The show's impressive stunts and captivating performances can reignite your passion for cycling. Witnessing the skill and artistry of the stunt riders may inspire you to explore different cycling disciplines, whether it's mountain biking, road cycling, or BMX.
5. **Teamwork and Collaboration:** The Kumaraguru Bikers, as a group, must work together to organize and execute the stunt show successfully. You can observe their teamwork, coordination, and communication skills, which are essential in various aspects of life, such as sports, projects, and professional settings.
6. **Event Management and Organization:** If you are interested in event

planning or management, attending the stunt show can provide you with insights into organizing a successful event. You can observe how the Kumaraguru Bikers handle logistics, marketing, crowd management, and other aspects of event execution.

7. **\*\*Entertainment and Enjoyment:\*\*** Of course, the main purpose of the event is entertainment. The stunt show promises thrilling performances, exciting stunts, and an overall enjoyable experience. Taking a break from your routine and experiencing the spectacle of skilled cycling can have positive effects on your mood and well-being.

title of the event is Hooey

description of the event is The act of coming up with something on the spot. An example of improvisation is a set of actors performing without a script. Develops one's creativity, mental flexibility and thinking skills in numerous ways and ability to generate new ideas. Spontaneity and ability to present without preconceived ideas. Rules and regulations -1) No Vulgarity 2) No adult content 3) Performance time: 4-5 minutes 4) Language - Tamil Or English 5) Judge decision will be final

generated\_descriptions of the event is **\*\*Things you can learn from attending an improvisation event:\*\***

\* **\*\*Creativity:\*\*** Improvisation requires you to think on your feet and come up with new ideas quickly. This can help you develop your creativity in other areas of your life, such as problem-solving and brainstorming.

\* **\*\*Mental flexibility:\*\*** Improvisation requires you to be able to adapt to changing circumstances quickly. This can help you develop your mental flexibility and become more agile in your thinking.

\* **\*\*Thinking skills:\*\*** Improvisation requires you to use a variety of thinking skills, such as problem-solving, critical thinking, and creative thinking. This can help you develop your overall thinking skills and become a more effective problem-solver.

\* **\*\*Spontaneity:\*\*** Improvisation requires you to be spontaneous and to be able to go with the flow. This can help you become more spontaneous and less rigid in your thinking.

\* **\*\*Ability to present without preconceived ideas:\*\*** Improvisation requires you to be able to present your ideas without having a preconceived notion of how they will be received. This can help you become more comfortable presenting your ideas to others and more receptive to feedback.

**\*\*How this event can be useful for you:\*\***

\* **\*\*Improve your communication skills:\*\*** Improvisation can help you improve your communication skills by teaching you how to think on your feet, speak clearly and concisely, and listen attentively.

\* **\*\*Build confidence:\*\*** Improvisation can help you build confidence by giving you the opportunity to perform in front of others and to receive positive feedback.

\* **\*\*Enhance your creativity:\*\*** Improvisation can help you enhance your creativity by teaching you how to generate new ideas and to think outside the box.

\* **\*\*Relieve stress:\*\*** Improvisation can be a great way to relieve stress and

have fun. It can help you to let go of your inhibitions and to relax.

**\*\*Make new friends:\*\*** Improvisation can be a great way to meet new people and make new friends. It is a social activity that can help you to connect with others.

title of the event is Tech\_Expo\_\_

description of the event is Tech Expo 2023a stage for exhibiting your emerging innovations on major

blooming technical aspects answering the challenges of today.

This brings up a unique platform for students across India to showcase their prototypes or proof of concepts to the various industries and investors..

The expo encourages the students to reveal their products based on categories like Electric and Hybrid Vehicle, Agritech, Artificial Intelligence, Health Tech, Smart

Cities and Infrastructure.The tech expo involves two rounds:Preliminary Round: Short listing of ideas through Online.(Abstract and Video submission)Final Round:

Final Prototype Presentation.Do not miss out this opportunity as this expo aims to discover and unveil new innovations and projects and expand your knowledge and network with investors and industries. Exhibit your prototypes/proof of concepts and win cash prizes.

Prize Worth of 50,000(Theme wise)Last Date of Preliminary Round Submission : 25th Feb.Team size: 2-4

generated\_descriptions of the event is Attending the Tech Expo 2023 can offer several learning opportunities and benefits, particularly for individuals interested in emerging technologies and innovation. Here's what you can expect to learn and how the event can be useful for you:

#### 1. Exposure to Cutting-Edge Technologies:

- Get firsthand insights into the latest technological advancements and trends.
- Learn about innovative solutions and products being developed in various industries.

#### 2. Networking Opportunities:

- Interact with students, researchers, industry professionals, and potential investors.
- Build valuable connections that can support your future career or business ventures.

#### 3. Showcase Your Work:

- Present your prototype or proof of concept to a diverse audience, including experts and potential investors.
- Gain valuable feedback on your work and identify areas for improvement.

#### 4. Access to Investors and Funding:

- Connect with potential investors who are seeking innovative and promising projects.
- Learn about funding opportunities and resources available for entrepreneurs.

#### 5. Participate in Competitions:

- Compete for cash prizes and recognition by showcasing your prototype.

- Gain exposure for your work and establish yourself as an innovator in your field.

#### 6. Hone Presentation Skills:

- Develop your communication and presentation skills by explaining your project to a diverse audience.
- Practice articulating the significance and uniqueness of your work.

#### 7. Explore Industry Trends and Challenges:

- Gain insights into the challenges faced by different industries and how technology can be applied to solve them.
- Identify emerging trends and opportunities for innovation in various domains.

#### 8. Learn from Professionals and Peers:

- Attend talks, workshops, and panel discussions led by industry experts and innovators.
- Participate in discussions and Q&A sessions to deepen your understanding of the topics.

#### 9. Stay Updated with Technological Progress:

- Keep yourself informed about the latest breakthroughs and developments in emerging fields.
- Enhance your knowledge and stay ahead of the curve in your chosen field.

#### 10. Career Opportunities:

- Discover potential job opportunities or internships in companies and organizations that align with your interests and skills.

Overall, attending the Tech Expo 2023 can provide you with valuable knowledge, networking opportunities, and exposure to emerging technologies. It can help you stay updated with industry trends, connect with experts and potential investors, and gain recognition for your innovative work.

title of the event is Drone Hunt - not active

description of the event is Drone hunt is a skill and fun based treasure hunt and productbuilding event which tests both the participants knowledge on drone building and its components. Rules and regulations 1) The participants need not have prior knowledge in drone building 2) Since this is a time based event, the participants must report to the venue in mentioned times 3) Sabotaging other teams is not permitted 4) Misconduct can lead to immediate disqualification generated\_descriptions of the event is \*\*Things you can learn from attending a Drone Hunt event:\*\*

\* \*\*Basic knowledge about drones and their components:\*\* You will learn about the different parts of a drone, their functions and how they work together to make a drone fly.

\* \*\*Drone piloting skills:\*\* You will get a chance to practice flying a drone if you don't already know how. You may also learn basic maneuvers like how to take off, land and how to control the speed and direction of a drone.

\* \*\*Drone building skills:\*\* You will learn how to assemble a drone from scratch using different components like the frame, propellers, motor, battery, flight

controller and other electronic components.

\* \*\*Troubleshooting skills:\*\* You will learn how to diagnose and fix basic issues that may arise in a drone, such as a non-responding motor or a malfunctioning flight controller.

\* \*\*Safety and legal guidelines for flying drones:\*\* You will learn about the safety rules and legal restrictions that govern the operation of drones in your area or country.

\* \*\*Teamwork and problem solving skills:\*\* Working as part of a team to build a drone and complete tasks within a time limit can help you improve your teamwork and problem solving skills.

\*\*Why a Drone Hunt event is useful:\*\*

\* \*\*For beginners:\*\* If you're new to drones, this event can give you a comprehensive understanding of what drones are and how they work.

\* \*\*For experienced pilots:\*\* Even if you already know how to fly drones, this event can help you improve your skills and learn how to build and fix them yourself.

\* \*\*For enthusiasts:\*\* Drone Hunt events provide a fun and engaging way to learn about drones and connect with other enthusiasts who share your interest in this technology.

\* \*\*For professionals:\*\* If you work in the field of robotics, engineering or any other field related to drones, this event could be a great learning experience and a chance to meet potential employers or collaborators.

title of the event is Horcrux Hunt

description of the event is "You were the horcrux he never meant to make." The Dark Lord created 7 horcruxes to sustain immortality. The golden trio was set to hunt the horcrux and destroy 'you know who'. This treasure hunt for all the Potterheads out there who wish to unleash their fantasy of finding the horcrux. Rules and Regulations: 1. The participants will have to find 7 books that represent the Horcruxes in Harry Potter that is placed in 7 different places of our campus. 2. The participants will be given clues and the one who decodes the clue will be led to the book.

generated\_descriptions of the event is \*\*Things You Can Learn from the Horcrux Treasure Hunt:\*\*

\* \*\*Problem-Solving Skills:\*\* The event requires participants to decode clues and follow them to find the hidden books. This exercise enhances problem-solving abilities and critical thinking skills.

\* \*\*Teamwork and Collaboration:\*\* If you participate as part of a team, you'll need to work together to solve the clues, communicate effectively, and coordinate your efforts to find the books. These skills are valuable in various aspects of life, including work and relationships.

\* \*\*Literature and Harry Potter Knowledge:\*\* The event is centered around the Harry Potter series, providing an opportunity to delve deeper into the world of magic and the characters' adventures. You'll learn more about the horcruxes, their significance, and other details from the books.

\* \*\*Campus Exploration:\*\* The treasure hunt takes place in different locations

around your campus. As you follow the clues and search for the books, you'll explore areas you might not have visited before and become more familiar with your surroundings.

\* \*\*Creativity and Imagination:\*\* The event encourages creativity and imagination as participants need to think outside the box to interpret the clues and locate the hidden books. This can be a stimulating experience that sparks new ideas and perspectives.

\*\*How the Event is Useful:\*\*

\* \*\*Personal Growth:\*\* The event provides opportunities for personal growth by challenging you to step out of your comfort zone, work with others, and engage with the campus environment in a unique way.

\* \*\*Networking:\*\* If you participate as part of a team, you'll have the chance to connect with fellow students, build relationships, and expand your social network.

\* \*\*Campus Engagement:\*\* The event encourages active participation in campus life and fosters a sense of community among students. It also allows you to explore different areas of your campus that you might not have seen before.

\* \*\*Entertainment and Fun:\*\* The Horcrux Treasure Hunt is a fun and engaging activity that allows you to escape from your academic routine and immerse yourself in a world of magic and adventure. It's a great way to de-stress, have fun with friends, and create lasting memories.

Overall, the Horcrux Treasure Hunt event offers a blend of learning, exploration, and entertainment, making it a valuable and enjoyable experience for Potterheads and those seeking a unique campus adventure.

title of the event is DRAHAA'23

description of the event is DRAHAA is the benchmark event of Kumaraguru Dramatroupe & Haasya. It is the event where the students will participate as 8 to 10 members per team. The participants have to perform skit and play various forms of art in front of judges. Rules and regulations: There must be no vulgarity. Participants should stick on to the limit. Time limit is 12 to 15 minutes. Participants should carry their own costumes and properties. The results would be finalized by the judges.

generated\_descriptions of the event is 1. **\*\*Teamwork and Collaboration\*\***: By participating in DRAHAA, you will have the opportunity to work with a team of 8 to 10 individuals, each bringing their unique skills and talents to the table. You will learn how to effectively collaborate with others, share responsibilities, and work towards a common goal.

2. **\*\*Creativity and Problem-Solving\*\***: DRAHAA encourages participants to showcase their creativity and problem-solving abilities. You will need to think outside the box to develop a skit that is both entertaining and thought-provoking. This experience will help you develop your creative thinking skills and enhance your problem-solving abilities.

3. **\*\*Communication and Public Speaking\*\***: During the event, you will have the chance to perform in front of an audience and a panel of judges. This will help you improve your communication and public speaking skills. You will learn how to project your voice, articulate your words clearly, and convey your message effectively.

4. **\*\*Time Management and Organization\*\***: Preparing for DRAHAA involves careful

planning, coordination, and time management. You will need to allocate tasks among team members, schedule rehearsals, and ensure that all materials and costumes are ready on time. This experience will teach you how to manage your time effectively and stay organized even under pressure.

5. **Cultural Appreciation and Understanding**: DRAHAA celebrates various forms of art and cultural expression. By participating in the event, you will have the opportunity to learn about different cultures and appreciate their unique artistic traditions. This can broaden your horizons and foster a sense of cultural understanding.

6. **Confidence and Self-Esteem**: Participating in DRAHAA can boost your confidence and self-esteem. When you successfully perform in front of an audience and receive positive feedback, it can reinforce your belief in your own abilities and encourage you to take on new challenges.

7. **Networking Opportunities**: DRAHAA provides a platform for students from different backgrounds and fields of study to come together and interact. You will have the chance to meet new people, make connections, and expand your professional network. These connections can be valuable in your future career endeavors.

Overall, attending DRAHAA can be a rewarding and transformative experience. It offers opportunities for personal and professional growth, and the skills and knowledge you acquire can benefit you in various aspects of your life.

title of the event is Star talk

description of the event is We have heard of India's missions to Mars, the Moon, rovers, and satellites. Ever questioned what the "inside scoop" on all these missions is? The scientists from ISRO are the driving force behind these projects and success stories. Join us for an interesting event to learn about a scientist's career at ISRO and his voyage to the stars.

generated\_descriptions of the event is \*\*Things you can learn from attending the event:\*\*

1. \*\*A Career Path at ISRO:\*\* You will have the opportunity to hear firsthand from a scientist at ISRO about their educational background, career trajectory, and the skills and qualities required to succeed in this field.
2. \*\*Mission Insights:\*\* The scientist will share their insights and experiences from working on various ISRO missions, including Mars missions, Moon missions, rovers, and satellites. This will give you a deeper understanding of these missions and the challenges involved in space exploration.
3. \*\*Scientific Research and Innovation:\*\* You will learn about the scientific research and innovations that are being carried out at ISRO, and how these contributions are advancing our understanding of space and our universe.

4. **Technological Advancements:** The event will provide insights into the technological advancements and engineering marvels that are being developed at ISRO, and how these innovations are shaping the future of space exploration.

5. **Collaboration and International Cooperation:** You will learn about the collaborative efforts and international partnerships that ISRO engages in, and how these collaborations contribute to global scientific progress.

6. **Future Prospects:** The scientist may share their perspectives on the future of space exploration and the exciting possibilities that lie ahead for scientists and engineers working in this field.

7. **Inspiration and Motivation:** The event can provide an inspiring and motivating experience, especially for students and young professionals interested in pursuing a career in space science and technology.

**How this event can be useful for you:**

1. **Career Guidance:** If you are interested in a career in space science and technology, attending this event can provide valuable guidance and insights into the educational and professional pathways available.

2. **Networking Opportunities:** The event may offer networking opportunities with the scientist and other attendees, allowing you to connect with professionals in the field and explore potential collaborations or career opportunities.

3. **Skill Development:** The event can help you identify the skills and knowledge required to succeed in a career at ISRO, and provide guidance on how to develop these skills through education, training, and experience.

4. **Broadening Your Knowledge:** Attending the event can deepen your understanding of space science and technology, and keep you updated on the latest developments and discoveries in this field.

5. **Inspiring Your Curiosity:** The event can spark your curiosity and passion for space exploration, and encourage you to pursue further learning and exploration in this fascinating field.

title of the event is Solvathon 2.0

description of the event is Problem solving is an art in today's world. Finding a solution for the problem involves 2 crucial concepts, identification, and analysis. Solvathon stimulates the minds of students who are keen on finding solutions for challenging problems. Additionally, it aids in the creation of public policies that distinguish a government. Rules and regulations: 1. The participants must stick with the problems provided by the organising team. 2. Creative solutions will be awarded with high points. 3. Teams should critically criticize the other teams' solutions and points will be awarded based on the quality of questions asked.

generated\_descriptions of the event is **Things You Can Learn from Attending Solvathon:**

\* **Problem-Solving Skills:** Solvathon challenges participants to find solutions to complex problems, which can help you develop your problem-solving skills. You will learn to identify the key issues, analyze the problem from different perspectives, and generate creative solutions.

\* **Critical Thinking:** Solvathon requires participants to think critically about the problems and the proposed solutions. You will learn to evaluate the effectiveness of different solutions, identify potential flaws, and develop sound arguments to support your own solutions.

\* **Communication and Collaboration Skills:** Solvathon is often a team-based event, which requires participants to work together to solve problems. You will learn how to communicate effectively with your teammates, share ideas, and collaborate to develop comprehensive solutions.

\* **Research Skills:** Solvathon may require participants to research the problem in order to develop informed solutions. You will learn how to conduct effective research, gather relevant information, and use it to support your arguments.

\* **Public Policy Design:** Solvathon often focuses on problems related to public policy. By participating in Solvathon, you will gain insights into the process of public policy design and implementation. You will learn how to identify policy problems, develop policy solutions, and evaluate the effectiveness of policy interventions.

**How Solvathon Can Be Useful for You:**

\* **Career Opportunities:** Problem-solving, critical thinking, communication, collaboration, and research skills are highly valued in many careers. Participating in Solvathon can help you develop these skills and make you a more attractive candidate for jobs in various fields.

\* **Academic Success:** The skills you learn in Solvathon can also help you succeed in your academic studies. Problem-solving, critical thinking, and communication skills are essential for success in many courses and assignments.

\* **Personal Growth:** Solvathon is a challenging but rewarding experience that can help you grow as a person. You will learn to think creatively, work collaboratively, and communicate effectively. These skills will benefit you in all aspects of your life.

\* **Social Impact:** By participating in Solvathon, you have the opportunity to contribute to solving real-world problems and making a positive impact on society.

title of the event is DecodeElectrics

description of the event is "DecodeElectronics" is a platform designed to showcase the abilities of young students, rather than just engineers. This event offers you an opportunity to test your understanding of electric machines, components, and circuits. It comprises four rounds, which include: a quiz round, a rapid-fire round focused on identifying faults in given circuits, a problem-solving round, and a final round where you will have the chance to demonstrate your skills in electric circuit building. Join us and take advantage of this

exciting event and have the chance to win fantastic cash prizes.

generated\_descriptions of the event is **Things you can learn from attending the "DecodeElectronics" event:**

1. **Electric Machines:** You will gain a deeper understanding of the principles of operation, construction, and applications of various electric machines, such as transformers, motors, and generators.
2. **Components and Circuits:** You will learn about the different electronic components used in circuits, their functions, and how to analyze and design circuits using these components.
3. **Fault Identification:** You will develop skills in identifying faults in given circuits quickly and accurately, a valuable skill for troubleshooting and repairing electrical systems.
4. **Problem-Solving:** You will have the opportunity to solve challenging problems related to electric circuits, improving your critical thinking and problem-solving abilities.
5. **Circuit Building:** You will gain hands-on experience in building electric circuits, which will help you understand the practical aspects of circuit design and construction.

**How this event is useful for you:**

1. **Skill Development:** The event provides an excellent platform to showcase your skills and knowledge in electric machines, components, and circuits, which can be beneficial for your academic and professional pursuits.
  2. **Exposure to Industry Experts:** You will have the chance to interact with experts in the field of electronics, gain insights into industry trends, and learn about potential career opportunities.
  3. **Prizes and Recognition:** The event offers cash prizes and recognition for outstanding performances, which can be a motivating factor and boost your confidence in your abilities.
  4. **Networking:** The event provides an opportunity to network with fellow students, industry professionals, and potential employers, which can be valuable for building connections and exploring job opportunities.
  5. **Resume Builder:** Participation in this event can serve as a strong addition to your resume, demonstrating your skills and knowledge in electronics, problem-solving, and circuit building.

title of the event is Improvathon

description of the event is The goal of an Improvathon is to play out a prompt that is delivered immediately. A two or three person team can expand and improve the narrative. The judges will assess your acting abilities. The performance should last between 5-8 minutes. The most impulsive and innovative crew will be rewarded. Rules and regulations –Team can consist of 2 or 3 members. The prompt will be given on spot. Preparation time of 5 minutes will be provided. The

performance time should be 5-8 minutes. The performance can be either English or Tamil. No vulgarity. Stick to the time limit. Judges' decision will be final. generated\_descriptions of the event is **Things I might learn from attending an Improvathon:**

1. **Spontaneity and Adaptability:** Improv requires thinking on your feet and adapting to unexpected situations. You learn to embrace the unknown and respond creatively to whatever comes your way.
2. **Creativity and Imagination:** Improv challenges you to think outside the box and find innovative solutions to storytelling. It encourages you to tap into your imagination and express yourself in unique and unexpected ways.
3. **Teamwork and Collaboration:** Improv is a team sport, where you rely on your teammates to support and build upon your ideas. You learn to communicate effectively, listen actively, and trust your team members to help you create something special.
4. **Confidence and Stage Presence:** Performing in front of an audience can be nerve-racking initially, but improv gives you the opportunity to practice speaking up, projecting your voice, and connecting with your audience. Over time, this builds your confidence and stage presence.
5. **Problem-Solving and Quick Thinking:** Improv requires you to solve problems on the spot and come up with solutions quickly. You learn to think critically, analyze situations, and make decisions under pressure.
6. **Communication and Listening Skills:** Improv emphasizes the importance of clear communication and active listening. You learn to articulate your thoughts and ideas effectively, and to pay attention to what your teammates are saying and building upon their ideas.
7. **Empathy and Understanding:** Improv encourages you to step into the shoes of different characters and experience the world from their perspective. This fosters empathy and understanding, helping you to connect with others and appreciate their viewpoints.

**How an Improvathon can be useful for me:**

1. **Personal Development:** Improv can help you develop valuable life skills such as spontaneity, creativity, teamwork, confidence, and communication, which can benefit you in various aspects of your life, both personal and professional.
2. **Public Speaking and Presentation Skills:** The skills you learn in improv can be directly applied to public speaking and presentation skills. You become more comfortable speaking in front of an audience, expressing yourself clearly, and engaging your listeners.
3. **Problem-Solving and Decision-Making:** Improv trains your brain to think quickly and creatively, which can be helpful in problem-solving and decision-making situations at work or in everyday life.
4. **Teamwork and Collaboration:** Improv emphasizes the importance of teamwork and collaboration, which can benefit you in any team-based setting, such as at work or in community organizations.
5. **Stress Reduction and Mindfulness:** Improv can be a great way to reduce stress and practice mindfulness. When you're improvising, you're fully engaged in the present moment, which can help you let go of worries and anxieties.

Overall, attending an Improvathon can be a fun and rewarding experience that provides opportunities for personal development, skill-building, and creative expression, while also offering potential benefits for various aspects of your life.

\* \*\*Skill Development:\*\* The event offers opportunities to enhance your technical skills and knowledge, helping you stay ahead in your field.

\* \*\*Industry Insights:\*\* You will gain valuable insights into various industries, their needs, and challenges, enabling you to tailor your projects and solutions to meet specific market demands.

\* \*\*Pitching and Presentation Experience:\*\* Presenting your project or prototype in a formal setting will help you develop your communication and presentation skills, essential for future professional endeavors.

\* \*\*Feedback and Validation:\*\* You will receive constructive feedback from industry experts and peers, allowing you to refine your project and strengthen its potential.

\* \*\*Career Opportunities:\*\* The expo can open doors to new career paths and collaborations, fostering your growth and development within the tech industry.

\* \*\*Recognition and Awards:\*\* Participating in the expo gives you the chance to compete for cash prizes and recognition, which can boost your confidence and showcase your talents to potential employers or investors.

title of the event is RJ Hunt

description of the event is RJ HUNT is to provide a platform to all the aspiring RJs and to promote the radio jockeying culture. This would be a competition with three rounds. This event is to bring back a light on the RJ Culture. Rules and regulations:1. Individual participation2. On the spot topic3. No surfing of internet

generated\_descriptions of the event is 1. \*\*Public Speaking:\*\* Participating in an RJ competition requires you to speak confidently in front of an audience. This experience can help you develop your public speaking skills, which are useful in various aspects of life, such as presentations, job interviews, and social interactions.

2. **Improvisation:** On-the-spot topics challenge your ability to think quickly and respond creatively. Practicing improvisation helps you become more spontaneous and adaptable, which is beneficial in both personal and professional situations.

3. **Communication Skills:** RJing involves effectively communicating with your audience. The competition provides an opportunity to refine your communication skills, including your articulation, clarity, and ability to engage listeners.

4. **Time Management:** Each round of the competition likely has a specific time limit. Learning to manage your time effectively and deliver your message within the allotted time is a valuable skill that can be applied to various aspects of life, such as project deadlines and presentations.

5. **Confidence:** Participating in a competition and overcoming the challenges it presents can boost your confidence. The experience of performing in front of an audience and receiving feedback can help you develop a positive self-image and a belief in your abilities.

6. **Networking:** Attending the event and participating in the competition allows you to meet and interact with fellow aspiring RJs, industry professionals, and potential mentors. Networking can open up opportunities for collaboration, learning, and career advancement.

7. **Exposure to the RJ Culture:** The event aims to promote the RJ culture, providing you with an opportunity to learn more about the profession, the skills required, and the industry trends. This knowledge can be valuable if you aspire to pursue a career in radio jockeying.

8. **Feedback and Improvement:** Receiving feedback from judges and industry professionals can help you identify areas where you can improve your RJ skills. This constructive criticism can be instrumental in your growth and development as a radio jockey.

title of the event is War of Wits

description of the event is To think through things clearly, there comes the need for opinions and viewpoints from different visions which help us navigate into the nuances. Civil debates play an instrumental role in presenting opposing viewpoints and enlighten us with our blind spots. War of wits is a debating platform to ignite other souls to bring inspiration with their words which make up powerful sentences that rule the world for a better tomorrow and eventually a better society. ROUND 1 : PRELIMS ROUND 2 : FINALS Rules and regulations: 1) Each team must consist of 3 members 2) Two members will speak for the motion (time span: 90 seconds) and one against the motion (time span: 120 seconds) 3) Topic shall be given on spot.

generated\_descriptions of the event is **Things You Can Learn from the War of Wits Debating Platform Event:**

1. **Critical Thinking and Analysis:** Debating requires you to critically analyze information, arguments, and perspectives. You will learn to identify

logical fallacies, evaluate evidence, and construct solid arguments.

2. **\*\*Public Speaking and Communication Skills:\*\*** You will improve your ability to communicate effectively in front of an audience. Debating helps you develop clear and concise articulation, active listening skills, and the ability to persuade others through language.

3. **\*\*Research and Information Gathering:\*\*** Debating often involves researching and gathering information to support your arguments. This enhances your ability to find and evaluate relevant data, conduct effective research, and synthesize information from various sources.

4. **\*\*Empathy and Understanding:\*\*** Debating exposes you to diverse viewpoints and perspectives. You learn to understand and appreciate different opinions, even if you don't agree with them. This fosters empathy and helps you become more open-minded and tolerant.

5. **\*\*Teamwork and Collaboration:\*\*** If you participate in a team debate, you will learn to work collaboratively with others to develop and present a cohesive argument. This experience can be valuable in various professional and social settings.

6. **\*\*Confidence and Assertiveness:\*\*** Debating helps you develop self-confidence and assertiveness. When you present your arguments confidently and effectively, you boost your self-esteem and become more comfortable expressing your thoughts and ideas.

**\*\*How the War of Wits Debating Platform Event Can Be Useful for You:\*\***

1. **\*\*Career Advancement:\*\*** Debating skills are highly valued in many professions, including law, politics, journalism, public relations, and academia. Employers appreciate individuals who can think critically, communicate effectively, and persuasively argue their points.

2. **\*\*Civic Engagement:\*\*** Debating encourages civic engagement and informed decision-making. By exposing yourself to diverse perspectives, you become more knowledgeable about current issues and can participate more actively in your community and society.

3. **\*\*Personal Growth and Development:\*\*** Debating helps you grow as a person. It challenges you to think outside the box, consider different viewpoints, and articulate your thoughts clearly. This personal growth can positively impact various aspects of your life.

4. **\*\*Networking Opportunities:\*\*** Debating events often attract individuals with similar interests and aspirations. Participating in such events can help you network with like-minded people and build valuable connections that could benefit you in your career or personal life.

Overall, the War of Wits Debating Platform Event can provide you with valuable skills, knowledge, and experiences that can benefit you in your personal and professional life.

title of the event is Trendz'23

description of the event is "Fashion is architecture: It is a matter of proportions." Trend'z is a fashion show where the participants can design a garment and do a ramp walk. Use this perfect platform for showcasing your fashion designing skills! Rules & Regulations: Theme Selection is open to the team. The participants must bring the hard copy of their portfolio. On stage time for each team would be 5 minutes (including ramp and explanation). Vulgarity is strictly prohibited. Any form of obscenity will lead to disqualifying the team from the contest. Teams will be judged on costumes, theme and walking stance. The decision of the judges will be final and binding. All costumes are permitted, which maintain decency including original costumes and fashion designs. Participants should not be from KCT institutions.

generated\_descriptions of the event is 1. **\*\*Exposure to Different Design Perspectives:\*\*** By attending Trend'z, you will be exposed to a wide range of fashion designs created by participants from various backgrounds and perspectives. This exposure can help you broaden your design horizons and inspire you to think outside the box.

2. **\*\*Understanding the Design Process:\*\*** Through the explanations provided by the participants during their ramp walks, you will gain insights into the design process and the thought process behind each garment. This knowledge can be valuable in refining your own design approach and creating more meaningful and coherent designs.

3. **\*\*Fashion Trends and Market Preferences:\*\*** Observing the designs presented at Trend'z can give you valuable insights into current fashion trends and market preferences. This information can be useful if you aspire to pursue a career in fashion designing, as it will help you design garments that are relevant and appealing to your target audience.

4. **\*\*Evaluating Design Elements:\*\*** By observing the costumes and paying attention to the feedback provided by the judges, you will develop a critical eye for evaluating design elements such as color, texture, shape, and proportion. This skill is essential for any fashion designer, as it allows you to identify both the strengths and weaknesses of your own designs and make necessary improvements.

5. **\*\*Networking Opportunities:\*\*** Trend'z provides an excellent opportunity to network with other fashion enthusiasts, designers, and industry professionals. Making connections in the fashion industry can be beneficial for your professional growth, as it can open up opportunities for collaborations, internships, and job prospects.

6. **\*\*Inspiration for Your Own Designs:\*\*** Seeing the creative expressions of other designers at Trend'z can spark your own creativity and inspire you to explore new ideas and incorporate unique elements into your own designs.

7. **\*\*Fashion Show Dynamics:\*\*** By attending a fashion show, you will gain a firsthand understanding of the dynamics of a runway show. This knowledge can be useful if you ever decide to participate in a fashion show or organize one of your own.

8. **\*\*Fashion Appreciation:\*\*** Attending Trend'z can help you develop a deeper appreciation for fashion as an art form. By observing the intricacy of the designs and the passion of the participants, you will gain a new perspective on the role of fashion in society and its cultural significance.

title of the event is Code Heist

description of the event is Code Heist is a full-fledged technical event with a unique round that focuses on bringing up the teamwork, enhancing their analytical, logical and problem solving skills and also to explore the healthy environment of competence. Rules and Regulations -Participants can team themselves as a pair. Each round will have its own specific rules to abide by. Round 1 will be a quiz round in which players must finish the quiz within a set time limit and their responses are filtered. Round 2 will be swap coding. A problem statement will be given. The team of 2 solves the problem. The first team member must code the solution for the first three minutes of the round without assistance from other team members. After three minutes, the next team member switches roles to continue coding the answer where his or her teammates left off. Round 3 Here, the team is given one main task in which one team member must code the program; however, the coding team member is not given the question, and the other team member is asked to see the question and send notes outlining how the program code should be constructed, using any sources he chooses. Last but not least, the coder needs to comprehend the notes in order to implement them properly.

generated\_descriptions of the event is \*\*Things you can learn from attending Code Heist:\*\*

\* \*\*Teamwork:\*\* You will learn how to work effectively with a partner to solve problems. This is a valuable skill for any career, as you will often need to work with others to achieve your goals.

\* \*\*Analytical and logical thinking:\*\* You will learn how to think critically and logically about problems in order to find solutions. This is a valuable skill for any field, as it will help you to solve problems and make decisions more effectively.

\* \*\*Problem-solving skills:\*\* You will learn how to identify and solve problems in a structured and efficient manner. This is a valuable skill for any career, as you will often need to solve problems in order to achieve your goals.

\* \*\*Coding skills:\*\* You will learn how to code in a variety of programming languages. This is a valuable skill for any career in the tech industry, as you will often need to code in order to develop software and applications.

\*\*How Code Heist can be useful for you:\*\*

\* \*\*Career prospects:\*\* Attending Code Heist can help you to improve your skills and knowledge in a variety of areas that are in high demand in the tech industry. This can make you more attractive to potential employers and help you to land a job in the tech industry.

\* \*\*Personal development:\*\* Attending Code Heist can help you to develop your teamwork, analytical, logical, and problem-solving skills. These are valuable skills for any career or personal life.

\* \*\*Networking:\*\* Attending Code Heist can help you to network with other students and professionals in the tech industry. This can help you to learn about new opportunities and connect with potential mentors and collaborators.

\* \*\*Fun:\*\* Attending Code Heist can be a lot of fun! You will have the opportunity to compete against other students and professionals, learn new things, and meet new people.

title of the event is LEGO Brick-Tech Circuit Challenge

description of the event is LEGO Brick-Tech Circuit Challenge is a two-day techno event focused on learning about sensors and their applications. The first day is a non-elimination round with the first level determining the type of circuit and sensors, and the second level will involve debugging and troubleshooting. The second is a fabricating round with teams pitching an application for a sensor and building a prototype using LEGO pieces. Prototypes will be evaluated based on complexity, need, and creativity. Rules and Regulations -No one should be involved in any malpractice. Should involve as a team and participants having basic circuits knowledge will be appreciated. Should handle sensors carefully.

generated\_descriptions of the event is Things You Can Learn from Attending the LEGO Brick Tech Circuit Challenge:

Circuit Design and Function: You'll have the opportunity to learn about different types of circuits, including series, parallel, and combinations. You'll also explore how sensors can be used to detect physical properties like light, motion, and temperature.

Sensor Functionality and Application: The event will provide insights into various sensors, their working principles, and practical applications. You'll gain knowledge about the different types of sensors available, such as photoresistors, IR sensors, and ultrasonic sensors.

Debugging and Troubleshooting Techniques: You'll learn how to identify and resolve common issues in circuits, such as short circuits, open circuits, and faulty components. This skill is valuable for troubleshooting and maintaining electronic devices.

Collaboration and Teamwork: Working as a team to build a prototype will help you develop your collaboration and teamwork skills. You'll learn how to effectively communicate with others, assign tasks, and work together to achieve a common goal.

Problem-Solving Skills: Designing and constructing a prototype requires problem-solving skills. You'll need to analyze the requirements, brainstorm ideas, and select the most feasible solution. This process will help you develop your analytical and critical thinking abilities.

Hands-On Experience with LEGO: The event provides an opportunity to work with LEGO pieces, which are known for their versatility and creativity. You'll learn how to use LEGO pieces to build functional prototypes, which can be a valuable skill for makers and inventors.

Usefulness of the Event:

Practical Exposure to Circuit Design and Sensor Applications: You'll gain practical experience in designing circuits and using sensors for various applications. This knowledge can be useful for future projects and interests in electronics and engineering.

Appreciation for Teamwork and Collaboration: Working as a team to build a prototype can foster a sense of teamwork and cooperation. These skills are highly valued in professional and academic settings.

Enhanced Problem-Solving Abilities: Troubleshooting circuits and designing a prototype require you to apply problem-solving skills. This experience can be beneficial in various aspects of life and work.

Creative Outlet and Inspiration: The event encourages creativity and ingenuity in designing and building a prototype. This experience can inspire you to explore new ideas and pursue innovative projects in the future.

Career Development and Exploration: Attending the event can provide insights into potential career paths in electronics, engineering, and related fields. It can also serve as a valuable addition to your resume or portfolio, demonstrating your skills and interests in these areas.

title of the event is Verbal Pool

description of the event is Brush up your team work and communication skills to the next level with Verbal Pool! Our engaging event is the excellent way to test your Reading and Writing abilities in a team-based environment. Demonstrate your brilliance and work together to examine that what's you need! Don't miss out on this golden opportunity to put your vocabulary skills to the test - register now for Verbal Pool!

generated\_descriptions of the event is **\*\*Learning Outcomes from Attending Verbal Pool.\*\***

**\*\*1. Enhanced Teamwork Skills:\*\***

- Learn how to effectively collaborate and communicate within a team to achieve a common goal.
- Develop problem-solving skills by working together to untangle linguistic puzzles.
- Foster leadership and decision-making abilities through team discussions.
- Practice active listening and respecting diverse opinions to make informed decisions.

**\*\*2. Improved Reading Comprehension:\*\***

- Develop a deeper understanding of written material by analyzing complex texts and extracting key information.
- Enhance your ability to identify patterns, infer meaning, and make connections between different elements of a text.
- Learn to critically evaluate written material and recognize biases or fallacies.

**\*\*3. Expanded Vocabulary:\*\***

- Expand your vocabulary by learning new words and phrases through exposure to various texts.
- Gain a deeper understanding of word meanings and their nuances by studying them in context.
- Improve your word choice and precision in written and verbal communication.

**\*\*4. Enhanced Writing Abilities:\*\***

- Develop stronger writing skills by crafting persuasive arguments, constructing coherent narratives, and using appropriate language and grammar.
- Learn to organize thoughts and ideas logically and present them in a clear and concise manner.
- Improve your ability to write effectively for different audiences and purposes.

**\*\*5. Critical Thinking:\*\***

- Develop critical thinking skills by analyzing and evaluating information presented in texts.
- Learn to identify patterns and connections, make inferences, and draw conclusions based on evidence.
- Enhance your ability to form and defend opinions and make informed decisions.

**\*\*6. Communication Skills:\*\***

- Improve your communication skills by effectively expressing ideas, thoughts, and arguments to your teammates.
- Learn to listen actively and understand different perspectives, promoting teamwork and collaboration.
- Develop the ability to communicate clearly and persuasively, whether verbally or in writing.

**\*\*7. Problem-Solving Skills:\*\***

- Enhance your problem-solving abilities by tackling linguistic puzzles and challenges as a team.
- Learn to think creatively and come up with innovative solutions to various linguistic problems.
- Develop the skill of breaking down complex problems into smaller, manageable steps.

**\*\*8. Time Management:\*\***

- Learn to manage time effectively by working together to complete tasks within the allotted timeframe.
- Develop the ability to prioritize tasks and allocate resources efficiently.
- Improve your multitasking skills and the ability to handle multiple tasks simultaneously.

Overall, attending Verbal Pool will provide you with a comprehensive learning experience that enhances your teamwork, communication, reading, writing, and critical thinking skills. By participating in this event, you can develop a well-rounded skill set that is valuable in various aspects of your life, including academic pursuits, professional endeavors, and personal growth.

title of the event is Reel and Real

description of the event is This event comprises of 2 rounds, wherein during the 1st round, the participants will be given a set of pictures on the spot, using which they must perform certain activities using their presentation skills. The spontaneity of each individual is tested along with his story-telling skills, followed by the second round in which a video will be played and he must perform his own version of dubbing. Round 1 :A collection of pictures with no connection between them, will be put up. The participants will have to tell a story by linking the set of pictures. Round 2:A mute video , usually a popular movie scene will be played . The participants will have to give voice over to the video . Dialogues for the scenes can be of their own provided it has no vulgarity.

generated\_descriptions of the event is **\*\*Things You Can Learn from the Event:\*\***

\* **\*\*Presentation Skills:\*\*** You will learn how to effectively communicate your ideas and thoughts to an audience in a clear, concise, and engaging manner.

\* **\*\*Storytelling Skills:\*\*** You will develop your ability to craft compelling stories that capture the attention of your audience and leave a lasting impression.

\* **\*\*Spontaneity:\*\*** You will learn to think on your feet and adapt to unexpected situations, which is a valuable skill in both personal and professional life.

\* **\*\*Creativity:\*\*** You will be encouraged to think outside the box and come up with innovative and original ideas.

\* **\*\*Public Speaking:\*\*** You will gain experience speaking in front of an audience, which is a skill that can be useful in many different settings.

\* **\*\*Communication Skills:\*\*** You will improve your overall communication skills,

including your ability to listen, understand, and respond to others.

\* **Problem-Solving Skills:** You will learn to identify and solve problems quickly and effectively, which is a valuable skill in any career.

\* **Adaptability:** You will learn to adapt to different situations and work well under pressure.

\* **Time Management:** You will learn to manage your time effectively in order to complete tasks within a given timeframe.

\* **Confidence:** You will gain confidence in your ability to speak in public and share your ideas with others.

**How the Event Can Be Useful for You:**

\* **Career Development:** The skills you learn in this event can be applied to a variety of careers that require effective communication, presentation, and storytelling skills.

\* **Personal Development:** The skills you learn in this event can help you become a more confident and effective communicator in both your personal and professional life.

\* **Networking:** The event provides an opportunity to network with other participants and professionals in the field.

\* **Skill Building:** The event allows you to develop and improve your communication, presentation, and storytelling skills in a fun and engaging environment.

\* **Personal Growth:** The event provides an opportunity for personal growth and development by challenging you to step out of your comfort zone and try new things.

title of the event is Designcon

description of the event is Designcon targets the techs to master and compete in the art of PCB designing using online software and also gives a hands-on experience. This consists of two rounds.

Preliminary Round:

In this round, the participants will be asked to design basic circuits using online software.

Final Round:

In this round, the shortlisted participants will be provided with dotted boards and a soldering kit.

generated\_descriptions of the event is **Things you can learn from attending Designcon:**

\* **PCB design basics:** You will learn the fundamentals of PCB design, including how to choose the right materials, components, and layout for your

project.

\* \*\*Online PCB design software:\*\* You will gain experience using online PCB design software, which allows you to create and simulate your designs without having to purchase expensive software or hardware.

\* \*\*Soldering techniques:\*\* You will learn how to solder components to a PCB, which is a crucial skill for any hardware designer.

\* \*\*Hands-on experience:\*\* You will have the opportunity to apply your newfound knowledge and skills to a real-world project, which will give you valuable experience that you can use in your future career.

\*\*How this event is useful for you:\*\*

\* \*\*Career development:\*\* Attending Designcon can help you develop your skills and knowledge in PCB design, which is a valuable asset for any hardware engineer. This can help you get a job in the electronics industry or advance your career if you are already working in this field.

\* \*\*Networking:\*\* Designcon is a great opportunity to network with other engineers and professionals in the electronics industry. This can help you learn about new trends and technologies, find potential job opportunities, and build relationships that can benefit you throughout your career.

\* \*\*Competition:\*\* Designcon is a competition, which can be a great way to challenge yourself and learn new things. Even if you don't win, you will still gain valuable experience from participating.

title of the event is Water Rocketry

description of the event is Water Rocketry is an event to develop awareness about aerospace modeling among students. The participants are instructed to make their own rocket model and based on the range covered scores will be rewarded. Rules and Regulations -Materials to be used :Water bottles more than 2 litres should not be used Tape(any kind), glue of any kind. Paper or plastic sheet material such as cardboard, Styrofoam, thin plastic sheet, etc. Twine, string, thread, and ribbon (if required)(NOTE: It is not mandatory to use all the above-Mentioned materials) Construction Rules :Rockets must be built by the participating students .The Water bottles may be filled with water and pressurized. Additions to the bottle (such as fins, nose cone, etc.) may be attached on their own wish. Paint or decorations on the plastic of the pressurized bottles are allowed. Only tape, paper and plastic may be in direct contact with the pressurized bottle. Tape covering the bottle and other parts of the rocket may be painted or otherwise decorated. The Participants should make their own launching pad which can be used to launch the rocket and to fill air to the bottles. The mouth of the pressurized bottle must fit over the launching pad. Competition Rules :Each team can have a minimum of 2 members and a maximum of 3 members .Individual participants are not allowed. The water bottles used should not exceed more than 2 litres. It is mandatory for all participants to bring the air pumps and launching pad of their own. There will be two rounds .The teams are shortlisted for the second round based on their performance and marks obtained on the first round. The competitors add the desired amount of water to their rockets prior to being pressurized. Within a minute ,the participants should pressurize their rocket and launch them. The distance covered by the rockets will be considered. Each participant will be given two chances for their rockets. The best of two will be considered. The participants can select the desired launch angle. And ensure that the rocket should not spin. The winners will be selected only on the longest distance traveled by their

rockets. Participants should use the same rocket model for both the rounds. The judge's decision is final. (NOTE: The participants are advised to reach the event spot 30 min prior to the event time) Scoring And Awards Awards will be provided to the models which covered the longest range. Judge's decision is final. generated\_descriptions of the event is **Things You Can Learn from the Water Rocketry Event:**

1. **Science and Engineering Principles:** You will gain hands-on experience in applying science and engineering principles such as aerodynamics, propulsion, and fluid dynamics. By designing and constructing your own water rocket, you will learn about the forces that act on a rocket during flight and how to optimize its performance.
2. **Creativity and Problem-Solving:** Water rocketry challenges you to think creatively and come up with innovative solutions to problems. You will need to use your imagination and engineering skills to design a rocket that is both efficient and visually appealing. Additionally, you will learn to troubleshoot and overcome challenges that arise during the construction and launch process.
3. **Teamwork and Collaboration:** If you participate in the event as part of a team, you will learn the importance of teamwork, communication, and collaboration. You will need to work together to design, build, and launch your rocket, and you will need to rely on each other's strengths and expertise to succeed.
4. **Patience and Persistence:** Water rocketry requires patience and persistence. You may encounter setbacks and failures along the way, but you will need to learn from your mistakes and keep trying until you achieve success. This experience will teach you the value of perseverance and resilience, which are important qualities for any aspiring scientist or engineer.

**How the Event Can Be Useful for You:**

1. **Educational and Career Opportunities:** Participation in water rocketry events can open up educational and career opportunities in science, engineering, and aerospace. Many universities and colleges offer scholarships and programs specifically for students who have demonstrated an interest in these fields. Additionally, many aerospace companies actively recruit individuals with water rocketry experience for internships and jobs.
  2. **Personal Development:** Water rocketry can help you develop important personal qualities such as confidence, self-discipline, and a passion for learning. By overcoming challenges and achieving success, you will gain a sense of accomplishment and pride in your work. Additionally, you will learn the importance of setting goals, managing your time, and working towards a common objective.
  3. **Networking and Community Involvement:** Water rocketry events provide an opportunity to network with other students, professionals, and enthusiasts in the field of aerospace. You can share ideas, learn from others, and build relationships that can be beneficial for your future education and career. Additionally, by participating in these events, you can contribute to the growth of the aerospace community and inspire others to pursue their interests in science and engineering.

title of the event is Dhwani

description of the event is DHWANI, the extravaganza of music is Yugam's eastern battle of bands. It's all about showcasing the synergy between the evolving musicians across the nation. The stage serves as a battleground for the musical bands in getting to know their creativity and skill level whilst being put in a competitive circumstance. Rules and Regulations: Rounds: Two Rounds Round 1: The bands must send a video of their performance. Round 2: Bands should perform for a given time slot. The winners are decided by the jury based on skill, coordination, song selection, stage presence, time management. • All participants must report at 9AM (Physical registrations to be done if registered online). • First round video length should be between 3 to 5 minutes. The video should be submitted on or before 25th February. • For the second round the participants will be given 10 minutes to perform and 5 minutes for sound check - Total 15 minutes (Exceeding the time limits will result in negative marks or disqualifications). • Total number of participants per band should not exceed 8. • songs Genre - Eastern. • Drum kit will be provided. generated\_descriptions of the event is **\*\*Things you can learn from attending DHWANI\*\***:

- **\*\*Diverse musical styles\*\***: You will be exposed to a wide range of eastern musical genres and styles, allowing you to appreciate and understand the diversity of musical traditions.

- **\*\*Creativity and skill\*\***: The event features talented musicians and bands who showcase their creativity and skill through their performances. By observing their techniques, stage presence, and overall performance, you can learn valuable lessons about musicianship and musical expression.

- **\*\*Collaboration and teamwork\*\***: Participating in a band requires collaboration and teamwork among the members. By watching the interactions and dynamics of the bands, you can gain insights into the importance of effective communication, coordination, and teamwork in music-making.

- **\*\*Stage presence and performance techniques\*\***: The bands at DHWANI exhibit strong stage presence and performance techniques that captivate the audience. By observing their stage movements, crowd interaction, and overall charisma, you can learn how to connect with your audience and enhance your stage presence.

- **\*\*Music appreciation\*\***: Attending DHWANI can help you develop a deeper appreciation for eastern music and its cultural significance. By listening to and experiencing the performances, you can gain a better understanding of the nuances and beauty of eastern musical traditions.

**\*\*How this event can be useful for you\*\***:

- **\*\*Networking opportunities\*\***: DHWANI brings together musicians, music enthusiasts, and industry professionals. Attending the event can provide opportunities to meet like-minded individuals, exchange ideas, and build connections that can be beneficial for your musical career or interests.

- **\*\*Inspiration and motivation\*\***: The performances and interactions at DHWANI can provide inspiration and motivation to pursue your own musical endeavors. Witnessing the talent and passion of other musicians can spark your creativity and encourage you to continue developing your skills.

- **\*\*Learning and growth\*\***: The event offers a valuable learning experience for aspiring musicians and music lovers. By observing the performances and techniques of experienced bands, you can gain insights and knowledge that can help you improve your own musical skills and understanding.

- **\*\*Exposure to new music\*\***: DHWANI introduces you to new and emerging eastern artists and their music. This exposure can broaden your musical horizons and

help you discover new favorites that you might not have encountered otherwise.

- **\*\*Entertainment and enjoyment\*\***: DHWANI is an entertaining and enjoyable event that celebrates the beauty and diversity of eastern music. Attending the event can provide a memorable and enriching experience, allowing you to enjoy live performances, socialize with fellow music enthusiasts, and immerse yourself in the vibrant atmosphere of a music festival.

catagory of the event is cultural

sub\_catagory of the event is Performing Arts

description\_of\_sub\_catagory of the event is The performing arts range from vocal and instrumental music, dance and theatre to pantomime, sung verse and beyond. They include numerous cultural expressions that reflect human creativity and that are also found, to some extent, in many other intangible cultural heritage domains.

title of the event is Space Talk

description of the event is Space is unlimited, so are its opportunities.

Students for the Exploration and Development of Space (SEDS) is a non-profit international student organization whose purpose is to drive space advocacy of space exploration and development through educational and engineering projects. For all space enthusiasts out there, join us for a fun career talk with experts on the limitless opportunities to reach for the stars.

generated\_descriptions of the event is **\*\*Things you can learn from attending the SEDS career talk:\*\***

\* **\*\*The current state of space exploration and development:\*\*** You'll learn about the latest advances in space technology, the challenges that remain, and the goals that space agencies and private companies are working towards.

\* **\*\*The different career paths available in the space industry:\*\*** You'll hear from experts in a variety of fields, including engineering, science, business, and policy. This will give you a good understanding of the different opportunities that are available and the skills that you need to develop to be successful in these fields.

\* **\*\*The importance of space exploration and development:\*\*** You'll learn about the potential benefits of space exploration, such as the development of new technologies, the discovery of new resources, and the expansion of human knowledge. You'll also learn about the challenges that space exploration faces, such as the high cost, the risks involved, and the political hurdles.

**\*\*How this event can be useful for you:\*\***

\* **\*\*If you're interested in a career in the space industry:\*\*** This event will give you a chance to learn more about the different career paths that are available and the skills that you need to develop to be successful. You'll also have the opportunity to network with experts in the field and learn about internship and job opportunities.

\* **\*\*If you're simply interested in space exploration:\*\*** This event will give you a chance to learn more about the latest advances in space technology, the challenges that remain, and the goals that space agencies and private companies are working towards. You'll also have the opportunity to hear from experts in the field and ask them questions.

\* **\*\*If you're a student:\*\*** This event is a great opportunity to learn more about the space industry and the different career paths that are available. You'll also have the opportunity to network with experts in the field and learn about internship and job opportunities.

catagory of the event is technical

sub\_catagory of the event is Space

description\_of\_sub\_catagory of the event is Space is the boundless three-dimensional extent in which objects and events have relative positions and directions. In classical physics, physical space is often conceived in three

linear dimensions, although modern physicists usually consider it, with time, to be part of a boundless four-dimensional continuum known as spacetime.

generated\_descriptions of the event is \*\*Things you can learn from attending the Paper Presentation Competition:\*\*

\* \*\*Research methodologies:\*\* You will have the opportunity to learn about different research methodologies and techniques used in Engineering and Technology.

\* \*\*Critical thinking and analysis:\*\* You will need to critically analyze and evaluate the research presented by other students.

\* \*\*Communication skills:\*\* You will need to effectively communicate your own research findings to a diverse audience.

\* \*\*Collaboration:\*\* You will have the opportunity to collaborate with other students from different universities and countries.

\* \*\*Networking:\*\* You will be able to network with other students, researchers, and professionals in the field of Engineering and Technology.

\* \*\*Exposure to new ideas:\*\* You will be exposed to new and innovative ideas in Engineering and Technology.

\* \*\*Inspiration:\*\* You may be inspired to pursue a career in research or academia.

\* \*\*Confidence:\*\* You will gain confidence in your research and presentation skills.

\*\*How this event can be useful for you:\*\*

\* \*\*Enhance your research skills:\*\* You will be able to improve your research skills by learning from other students and researchers.

\* \*\*Develop your critical thinking and analysis skills:\*\* You will need to critically analyze and evaluate research in order to succeed in the competition.

\* \*\*Boost your communication skills:\*\* You will be able to improve your communication skills by presenting your research to a diverse audience.

\* \*\*Gain valuable experience:\*\* You will gain valuable experience in research, presentation, and collaboration.

\* \*\*Build your network:\*\* You will be able to build your network with other

students, researchers, and professionals in the field of Engineering and Technology.

\* \*\*Increase your chances of getting into a good graduate program:\*\* A strong performance in the competition can increase your chances of getting into a good graduate program in Engineering or Technology.

\* \*\*Open up career opportunities:\*\* Winning the competition can open up career opportunities in research, academia, and industry.

title of the event is Junior Science Expo

description of the event is A science expo serves as a bridge between science and society and helps spread knowledge of the subject while igniting student's interest. The goal is to increase student's interest in science and technology as well as to instill in them a scientific mindset and a research-mindedness.

The participants can show static and functional models that mayutilize to educate and learn scientific principles, particularly for students in grades 6 through 12.Eligibility:School studentsCategory 1:Class 6 to 8Category 2:Class 9 to 11Guidelines:A team can consist of 2 to 3 students and 1 teacherTeams cannot change their details after registrationTeams should ensure that their projects are made environment-friendlyThis is an Offline event and has two rounds:Round 1 -Video or photo submission (Online)Round 2 -Offline ExpoRules and Regulations:Round 1:Either an explanatory video or a clear picture of the project is to be uploadedTime limit:Maximum of 2 minutesVideo size:Maximum of 100 MBThe teams will be shortlisted by the jury for the second round based on the submissionThe decision made by the jury is finalDeadline: 22.02.2023Round 2:Students are supposed to present their project in front of the juryThe decision made by the jury is finalMode:Offline Expo at KCTRewards and

Prizes:Winner: Category 1 (Class 6 to 8) cash prize of 8000 INRWinner: Category 2 (Class 9 to 11) cash prize of 8000 INRYoung Engineer Award - for best project generated\_descriptions of the event is Attending the science expo can provide you with numerous learning opportunities and benefits:

1. \*\*Hands-on Experience:\*\* By participating in the expo, you will have the chance to work on a science project, which involves hands-on experimentation, data collection, and analysis. This experience can deepen your understanding of scientific concepts and principles.

2. \*\*Scientific Knowledge:\*\* You will get exposure to various scientific fields and technologies through the projects showcased at the expo. This exposure can broaden your knowledge base and spark your curiosity about different areas of science.

3. \*\*Research and Presentation Skills:\*\* Preparing for the expo requires you to conduct research, gather information, and present your project effectively. This process helps you develop essential research and presentation skills, which are valuable in both academic and professional settings.

4. \*\*Collaboration and Teamwork:\*\* If you participate in the expo as part of a team, you will have the opportunity to collaborate with peers, share ideas, and contribute to a collective project. This experience can teach you teamwork, communication, and leadership skills.

5. \*\*Creativity and Problem-Solving:\*\* Science projects often require creative thinking and problem-solving abilities. By working on your project, you will challenge yourself to come up with innovative solutions, overcome obstacles, and

challenge yourself to come up with innovative solutions, overcome obstacles, and

apply your knowledge in practical ways.

6. **Networking Opportunities:** The expo provides an excellent platform for networking with fellow students, teachers, and industry professionals. These connections can be beneficial for your future academic and career pursuits.

7. **Recognition and Awards:** Participating in the expo gives you the chance to showcase your scientific talents and achievements. Winning awards or recognition can boost your confidence and motivation, and it can also look impressive on your resume or college applications.

Overall, attending the science expo is a valuable experience that can enhance your scientific knowledge, develop your research and presentation skills, foster creativity and problem-solving abilities, and provide opportunities for networking and recognition. It is an excellent way to engage with science and technology, ignite your passion for learning, and explore potential career paths in STEM fields.

title of the event is Spotlight

description of the event is Spotlight an innovative and exciting event where we invite guests from the film industry and host a talk show based symposium where filmmakers and technicians invited come, teach and inspire the younger passionate generation. Formerly we were honoured to invite Vijay Karthik and Rathna Kumar to this event of ours and absorb their knowledge. This year too we have well celebrated guests to enlighten you all!

generated\_descriptions of the event is **Possible Learnings and Benefits of Attending the Event:**

**1. Filmmaking Techniques:**

- Learn filmmaking techniques and methodologies from experienced filmmakers.
- Gain insights into the creative process of storytelling, directing, cinematography, editing, and other aspects of filmmaking.
- Explore various genres and styles of filmmaking and how to adapt them to different projects.

**2. Industry Insights:**

- Get firsthand industry insights from both successful and up-and-coming filmmakers.
- Learn about the challenges and opportunities in the film industry and how to navigate them.
- Understand the current trends and developments in the industry and how to adapt to them.

**3. Networking Opportunities:**

- Connect with filmmakers, technicians, and enthusiasts from various backgrounds and career stages.
- Build relationships that can lead to future collaborations or job opportunities.
- Gain exposure and visibility within the film industry.

**4. Inspiration:**

- Be inspired by the stories and experiences of established filmmakers.
- Learn from their successes and failures and how they overcame challenges.
- Find motivation to pursue your own filmmaking aspirations and dreams.

#### **\*\*5. Skill Development:\*\***

- Develop your filmmaking skills and enhance your knowledge through workshops, panels, and discussions.
- Learn from experts in various fields of filmmaking and how to apply their knowledge to your own projects.
- Improve your storytelling, technical, and artistic abilities.

#### **\*\*6. Career Guidance:\*\***

- Get career guidance and advice from professionals in the film industry.
- Learn about different career paths and opportunities available in filmmaking.
- Receive guidance on how to build a successful career in the industry.

#### **\*\*7. Exposure to Diverse Perspectives:\*\***

- Be exposed to diverse perspectives, viewpoints, and experiences from different filmmakers.
- Gain a broader understanding of the world and how it can be portrayed through film.
- Develop a more inclusive and empathetic approach to storytelling.

#### **\*\*8. Motivation to Pursue Your Passion:\*\***

- Feel motivated and inspired to pursue your passion for filmmaking.
- Gain a renewed sense of purpose and direction in your filmmaking journey.
- Find the support and encouragement needed to overcome challenges and achieve your goals.

title of the event is Youth Parliament

description of the event is Youth Parliament was a powerful dialogue on democracy with the vision to engage & enlighten the youth of the country to understand politics & the functioning of parliament. Rules and regulations1. Students will be segregated into ruling and opposing party based on lots2. List of bills will be given for their arguments.3. Fixed timings will be given for proving their recommendations of the bill.4. The party which passes the highest bill will be declared as winning party.5. Prizes will be given for the best speaker based on their arguments and recommendations

generated\_descriptions of the event is **\*\*Things you can learn from attending the Youth Parliament:\*\***

**\* \*\*Parliamentary procedures:\*\*** You will learn about the rules and procedures that govern parliamentary debates and how laws are made.

**\* \*\*Public speaking:\*\*** You will have the opportunity to practice public speaking and debating skills, which can be valuable in many areas of life.

\* \*\*Critical thinking:\*\* You will need to think critically about the issues being debated and come up with well-reasoned arguments to support your position.

\* \*\*Teamwork:\*\* You will work with other students to develop and present your arguments, which will help you develop teamwork and collaboration skills.

\* \*\*Leadership:\*\* You may have the opportunity to lead a team or take on a leadership role during the event, which can help you develop your leadership skills.

\*\*How this event is useful for you:\*\*

\* \*\*Personal development:\*\* The skills you learn at the Youth Parliament can be beneficial in your personal life, such as when you are making decisions or resolving conflicts.

\* \*\*Academic development:\*\* The skills you learn at the Youth Parliament can also be useful in your academic studies, such as when you are writing essays or giving presentations.

\* \*\*Career development:\*\* The skills you learn at the Youth Parliament can be valuable in many careers, such as law, politics, business, and education.

\* \*\*Civic engagement:\*\* The Youth Parliament can help you become more engaged in your community and learn about the importance of civic participation.

\*\*Overall, the Youth Parliament is a valuable opportunity for students to learn about democracy, parliamentary procedures, public speaking, critical thinking, teamwork, leadership, and civic engagement.\*\*

title of the event is Hackers Halt

description of the event is Are you ready to showcase your tech skills and turn your ideas into reality? Look no further than our upcoming Hackers Halt event! Join a team of like-minded individuals, brainstorm, and collaborate to create innovative solutions to real-world problems. With a fast-paced, high-energy atmosphere, you'll have the opportunity to push your boundaries, learn new skills, and network with industry leaders. And the best part? You'll be in the running for prizes and bragging rights as the hackathon champion. Don't miss out on the chance to be a part of the next big thing and leave your mark on the tech world. Register now and unleash your inner tech genius at our hackathon event! Rules and regulations -The participants are divided into a team of four.The participants will be given a problem statement.The problem statement will be technical. Then the participants will be given time to give their solution.They should present their solution in front of the judge.The judge will give marks according to some criteria's.

generated\_descriptions of the event is \*\*Things You Can Learn from Attending the Hackers Halt Event:\*\*

**\*\*1. Problem-Solving Skills:\*\***

- Learn to identify and analyze complex problems.
- Develop creative and innovative solutions under pressure.
- Enhance your ability to think critically and solve problems systematically.

**\*\*2. Collaboration and Teamwork:\*\***

- Experience working with diverse team members with different skills and perspectives.
- Learn to communicate effectively, share ideas, and resolve conflicts collaboratively.
- Develop leadership, teamwork, and interpersonal skills.

**\*\*3. Technical Skills:\*\***

- Gain exposure to new programming languages, technologies, and tools.
- Enhance your programming skills, debugging techniques, and software design principles.
- Learn to work with various APIs, cloud platforms, and open-source libraries.

#### **\*\*4. Time Management:\*\***

- Practice managing your time efficiently to complete tasks within tight deadlines.
- Learn to prioritize tasks, allocate resources effectively, and avoid procrastination.
- Develop the ability to work under pressure and deliver results within limited timeframes.

#### **\*\*5. Resilience and Adaptability:\*\***

- Learn to embrace challenges and setbacks as opportunities for growth and learning.
- Develop resilience and adaptability to changing circumstances and unexpected problems.
- Foster a growth mindset and a willingness to iterate and refine your solutions.

#### **\*\*6. Networking:\*\***

- Connect with like-minded individuals, industry experts, and potential employers.
- Expand your professional network and build relationships that can benefit your career.
- Gain exposure to new ideas, trends, and advancements in the tech industry.

#### **\*\*7. Public Speaking and Presentation Skills:\*\***

- Practice presenting your ideas and solutions to an audience.
- Develop confidence in public speaking and effective communication.
- Learn to articulate your thoughts clearly, concisely, and persuasively.

#### **\*\*8. Ideation and Innovation:\*\***

- Foster a mindset of innovation and continuous learning.
- Learn to think outside the box and generate creative solutions to complex problems.
- Develop skills in brainstorming, idea generation, and prototyping.

#### **\*\*How This Event Is Useful for You:\*\***

##### **- \*\*Career Opportunities:\*\***

Participating in hackathons can help you showcase your skills and build a strong portfolio, increasing your chances of landing a job in the tech industry.

##### **- \*\*Skill Development:\*\***

Hackathons provide an immersive learning experience, allowing you to develop technical skills, problem-solving abilities, and soft skills like teamwork and communication.

##### **- \*\*Exposure to New Technologies:\*\***

Hackathons expose you to cutting-edge technologies and tools, helping you stay updated with the latest trends and advancements in the tech world.

##### **- \*\*Networking and Collaboration:\*\***

Hackathons offer opportunities to connect with tech enthusiasts, industry professionals, and potential mentors, expanding your network and fostering collaboration.

##### **- \*\*Problem-Solving Mindset:\*\***

Hackathons cultivate a problem-solving mindset, teaching you to approach complex challenges with creativity and ingenuity.

##### **- \*\*Personal Growth:\*\***

Participating in hackathons can be a personally rewarding experience, helping you grow as an individual, build confidence, and develop a strong work ethic.

##### **- \*\*Fun and Excitement:\*\***

Hackathons are often fast-paced and 充满活力的, providing a stimulating and enjoyable learning environment.

description\_of\_sub\_category of the event is Computing may encompass the design and development of software and hardware systems for a broad range of purposes - often structuring, processing and managing any kind of information - to aid in the pursuit of scientific studies, making intelligent systems, and creating and using different media for entertainment and communication.  
keywords of the event are upcoming Hackers Halt , Hackers Halt event , ideas into reality , ready to showcase , turn your ideas , Hackers Halt , upcoming Hackers , Halt event , skills and turn , participants

title of the event is ART'O'MANIA  
description of the event is An art event but with a touch of science, which tests for your streaking skills where you will be provided with a petri dish on which the assigned streaking pattern has to be done. Instructions: Round 1: A brief trivia quiz on Microbiology Round 2: Let's go sketching not on a paper but on a petri dish. Note: There is no shortlisting after Round 1. Contestants can move to Round 2 as quick as they complete Round 1.  
generated\_descriptions of the event is **Things You Can Learn from the Art and Science Event:**

1. **Microbiology Trivia:** You will expand your knowledge about the fascinating world of microorganisms, including bacteria, viruses, fungi, and protozoa, and gain a better understanding of their role in various aspects of life.
2. **Streaking Techniques:** Learn the proper techniques for streaking bacteria on a petri dish. This is a fundamental skill in microbiology that is essential for isolating and studying microorganisms.
3. **Artistic Expression:** Discover the unique artistic possibilities offered by streaking patterns. Unleash your creativity and express yourself through the patterns you create on the petri dishes.
4. **Scientific Observation and Analysis:** Develop your observation and analytical skills by closely examining the growth of microorganisms on the streaked petri dishes. Observe the formation of colonies, their morphology, and other characteristics.
5. **Safety and Aseptic Techniques:** Learn about the importance of safety and proper aseptic techniques in working with microorganisms. Understand the precautions necessary to prevent contamination and the spread of harmful microorganisms.

**How the Event Can Be Useful:**

1. **Education and Awareness:** The event can serve as an educational opportunity to raise awareness about microbiology and its significance in everyday life. It can also inspire participants to pursue further studies or careers in related fields.
2. **Creative Expression:** The event provides a unique opportunity to combine art and science, allowing participants to express their creativity and passion for science through streaking patterns.
3. **Hands-On Experience:** The event offers hands-on experience in microbiological techniques, which can be valuable for those interested in pursuing a career in microbiology or related fields.
4. **Networking and Collaboration:** The event can foster collaboration and networking among participants with diverse backgrounds, interests, and

expertise. This can lead to new ideas, innovative approaches, and potential partnerships.

5. **\*\*Problem-Solving and Critical Thinking:\*\*** The event encourages problem-solving and critical thinking skills as participants strive to create aesthetically pleasing and scientifically accurate streaking patterns.

title of the event is Lexical Hunt

description of the event is Take your language and communication skills to the next level with Lexical Hunt! Our peculiar event is the perfect way to test your Logical thinking skills and Analyzing abilities in a team-based environment.

Show off your knowledge and work together to prove that you have what it takes!

Don't miss out on this wonderful opportunity to put your connection skills

relation with vocabulary to the test - register now for Lexical Hunt!

generated\_descriptions of the event is **\*\*What You Can Learn from Lexical Hunt:\*\***

1. **\*\*Enhanced Vocabulary:\*\*** Lexical Hunt is designed to challenge your vocabulary knowledge and help you expand your word power. You will encounter a diverse range of words, synonyms, and antonyms, improving your overall language proficiency.

2. **\*\*Logical Thinking:\*\*** The event requires logical thinking and problem-solving skills. You will need to analyze different clues and patterns to decipher the hidden meanings and relationships between words. This will sharpen your critical thinking abilities and enhance your analytical skills.

3. **\*\*Team Collaboration:\*\*** Lexical Hunt is a team-based event, emphasizing the importance of collaboration and communication. You will work together with your teammates to discuss ideas, share insights, and solve the puzzles. This experience will foster teamwork skills, strategic thinking, and effective communication.

4. **\*\*Enhanced Problem-Solving Skills:\*\*** Lexical Hunt presents a series of challenges that require you to think creatively and find innovative solutions. You will learn to approach problems from different angles, consider multiple perspectives, and come up with original ideas. This skill is valuable in both personal and professional life.

5. **\*\*Improved Analytical Skills:\*\*** The event requires careful analysis of clues and patterns to uncover the hidden meanings behind words. This process enhances your analytical abilities, helping you break down complex information, identify key details, and draw logical conclusions.

6. **\*\*Increased Knowledge of Word Relationships:\*\*** Lexical Hunt introduces you to various types of word relationships, such as synonyms, antonyms, homonyms, and homographs. Understanding these relationships deepens your understanding of language and improves your ability to express yourself clearly and effectively.

7. **\*\*Vocabulary Retention:\*\*** By engaging in interactive activities and solving puzzles, you are more likely to remember new words and their meanings. Lexical Hunt provides a fun and engaging way to retain new vocabulary, making it a valuable learning experience.

**\*\*How Lexical Hunt Can Be Useful for You:\*\***

1. **Career Advancement:** Strong language and communication skills are essential for career success. Lexical Hunt can help you improve these skills, making you a more effective communicator and a valuable asset to your organization.
2. **Academic Performance:** Lexical Hunt can benefit students by improving their vocabulary, analytical skills, and problem-solving abilities. These skills are crucial for academic success, particularly in language-based subjects like English and literature.
3. **Personal Growth:** Expanding your vocabulary and enhancing your language skills can have a positive impact on your personal life. It can boost your confidence, improve your social interactions, and make you a more articulate and persuasive communicator.
4. **Preparation for Competitive Exams:** Lexical Hunt can be an excellent preparation tool for competitive exams that often include vocabulary, reasoning, and analytical skills sections. By participating in the event, you can improve your chances of success in these exams.
5. **Lifelong Learning:** Lexical Hunt encourages a love for language and learning. By participating in the event, you can cultivate a lifelong habit of exploring new words, expanding your vocabulary, and honing your communication skills.

title of the event is Tattoo designing

description of the event is "Tattoos have a power and magic all their own. They decorate the body but they also enhance the soul" . Its a duo event were you can exhibit your inking skills and creativity by designing a tattoo on given theme.Rules and regulations -1. Duo event2. Topic will be provided on the spot3. Materials like pen,paints and brushes will be provided4. One of the participant has to design a tattoo on other participant on the given theme5. Prize will be given based on creativity , detailing , effort and relevance to theme.6. Judge's decision is final

generated\_descriptions of the event is **\*\*Things I Can Learn from the Tattoo**

## Designing Event:\*\*

### \* \*\*Creativity and Design:\*\*

The event will challenge me to think creatively and come up with unique tattoo designs that align with the given theme. I'll have the opportunity to explore different artistic styles, techniques, and color combinations to bring my vision to life.

### \* \*\*Artistic Expression:\*\*

The event will allow me to express myself artistically through the medium of tattoo design. I can use my artistic skills and techniques to convey a message, tell a story, or simply create a visually appealing design.

### \* \*\*Technical Skills:\*\*

The event will provide me with hands-on experience in the technical aspects of tattoo design, such as line work, shading, and color application. I'll learn how to use different tools and materials to create a tattoo that is both technically proficient and aesthetically pleasing.

### \* \*\*Communication and Collaboration:\*\*

The event will require me to communicate effectively with my partner to ensure that we are both working towards a shared vision. We'll need to discuss our ideas, provide feedback, and make adjustments to our design throughout the process. This will help me develop my communication and collaboration skills, which are essential for any creative endeavor.

### \* \*\*Time Management:\*\*

The event will challenge me to manage my time effectively. I'll need to plan and prioritize my work to ensure that I complete the tattoo design within the allotted time. This will help me develop my time management skills, which are crucial for success in any field.

## \*\*How the Event is Useful for Me:\*\*

### \* \*\*Artistic Development:\*\*

The event will help me develop my artistic skills, techniques, and creativity. I'll have the opportunity to experiment with different styles, techniques, and materials, and to push the boundaries of my artistic abilities.

### \* \*\*Portfolio Building:\*\*

The event will provide me with an opportunity to create a portfolio of my tattoo designs. This portfolio can be used to showcase my skills and creativity to potential clients or employers, helping me to establish myself as a tattoo artist.

### \* \*\*Networking Opportunities:\*\*

The event will provide me with the opportunity to network with other tattoo artists, enthusiasts, and industry professionals. This can help me to expand my knowledge, learn about new trends and techniques, and potentially find new clients or collaborators.

### \* \*\*Personal Growth:\*\*

The event will challenge me to step outside of my comfort zone and to explore my creative potential. It will also provide me with an opportunity to develop my communication, collaboration, and time management skills. These are all valuable skills that can benefit me both personally and professionally.

title of the event is ROBO SOCCER

description of the event is Join us for the ultimate Robosoccer experience!

Watch as teams of robots battle it out on the field in this high-tech tournament. Spectators will be amazed by the speed, agility and teamwork displayed by these cutting-edge machines. Be sure to grab your seat to see who will come out on top as the ultimate Robosoccer champion!Rules and regulations - Will be given as rule book

generated\_descriptions of the event is \*\*Rules and Regulations:\*\*

**\*\*1. Team Structure:\*\***

- \* Each team consists of 5 robots, each controlled by a separate player.
- \* All robots must be of the same type and design.
- \* Teams must provide a detailed description of their robots, including dimensions, weight and technical specifications.

**\*\*2. Field Layout:\*\***

- \* The playing field is a rectangular area with dimensions of 10 meters by 6 meters.
- \* The field is divided into two halves, with a center line and two goal areas at each end.
- \* Obstacles, such as cones or barriers, can be placed on the field to create a challenging environment.

**\*\*3. Game Duration:\*\***

- \* Each game consists of two halves, each lasting 10 minutes.
- \* There is a 5-minute break between halves.
- \* The team that scores the most goals during the game is declared the winner.

**\*\*4. Scoring:\*\***

- \* A goal is scored when a robot successfully kicks the ball into the opponent's goal area.
- \* The team that scores the most goals during the game is declared the winner.

**\*\*5. Controlling Robots:\*\***

- \* Each player controls their robot using a remote control device.
- \* The remote control devices must be wireless and must not interfere with each other.

**\*\*6. Fouls and Penalties:\*\***

- \* Fouls occur when a robot behaves in an unsportsmanlike manner, such as pushing, kicking or tackling an opponent.
- \* Penalties may be awarded to the opposing team for fouls, such as a free kick or a penalty shot.

**\*\*7. Safety:\*\***

- \* All participants must wear appropriate safety gear, such as helmets and protective clothing.

- \* Robots must be designed and operated in a safe manner.
- \* Any robot that poses a safety hazard may be disqualified from the tournament.

## **\*\*Things You Can Learn from Attending the Event:\*\***

### **\*\*1. Robotics and Engineering:\*\***

- \* Gain an understanding of how robots are designed, built and programmed.
- \* Learn about the latest advancements in robotics technology.
- \* See how robots are used in various applications, including sports, healthcare and manufacturing.

### **\*\*2. Teamwork and Competition:\*\***

- \* Witness the importance of teamwork and cooperation in achieving a common goal.
- \* Observe how teams strategize and adapt to different playing conditions.
- \* Learn the value of sportsmanship and fair play.

### **\*\*3. Problem-Solving:\*\***

- \* See how teams diagnose and troubleshoot issues with their robots during the tournament.
- \* Observe how teams adapt their strategies based on the performance of their robots and the opposing team.
- \* Learn how to think critically and creatively to solve problems.

### **\*\*4. Innovation and Creativity:\*\***

- \* Be inspired by the innovative designs and creative solutions that teams come up with to improve the performance of their robots.
- \* Learn about the importance of thinking outside the box and pushing the boundaries of technology.
- \* Gain insights into the design process and how ideas are transformed into tangible products.

## **\*\*How this Event is Useful for You:\*\***

### **\*\*1. Career Opportunities:\*\***

- \* Attending the event can expose you to potential career opportunities in robotics, engineering and related fields.
- \* Networking with professionals in the field can help you learn about job openings and career paths.
- \* The event can provide valuable insights into the skills and knowledge required for a successful career in robotics.

### **\*\*2. Education:\*\***

- \* The event can be a great learning experience for students interested in robotics and engineering.
- \* You can learn about the latest technologies and advancements in the field.
- \* The event can inspire you to pursue further education or research in robotics.

### **\*\*3. Personal Development:\*\***

- \* Attending the event can help you develop your problem-solving skills, teamwork skills and critical thinking abilities.
  - \* You can learn about the importance of innovation and creativity in solving complex challenges.
  - \* The event can also teach you about the value of sportsmanship and fair play.

title of the event is Propositum

description of the event is Do you have the perspective that creates lines and geometry where others see slabs of stone or architecture? Do you see the golden ratio all around you in nature? Do you see the world as a designer?Then Propositum is an event geared especially towards you!Join us in sketching your ideas for products geared towards the sustainable development of our future, products that can actually make a difference and tip the scales in our favor, from toothbrushes to lamps.

generated\_descriptions of the event is \*\*Things You Can Learn from Attending the Event:\*\*

- **Design Thinking for Sustainability:** Gain insights into how design thinking can be applied to create products and solutions that promote sustainable development.
- **Product Design for Impact:** Learn how to design products that address real-world problems, considering factors such as environmental impact, social responsibility, and user needs.
- **Sustainable Materials and Technologies:** Explore the latest advancements in sustainable materials and technologies that can be incorporated into product design.
- **Circular Economy Principles:** Understand the principles of the circular economy and how they can be integrated into product design to minimize waste and maximize resource efficiency.
- **User-Centered Design:** Learn how to involve users in the design process to ensure that products are tailored to their needs, preferences, and behaviors.
- **Prototyping and Testing:** Gain practical experience in prototyping and testing product ideas to gather feedback and make improvements.
- **Pitching and Presenting:** Develop skills in presenting your product ideas effectively to potential investors, stakeholders, and consumers.
- **Networking and Collaboration:** Interact with like-minded individuals, designers, entrepreneurs, and sustainability experts to foster collaboration and exchange ideas.

#### **How the Event Can Be Useful for You:**

- **Expand Your Design Skills:** Enhance your design skills and knowledge by learning new techniques, approaches, and tools for sustainable product design.
  - **Create a Positive Impact:** Contribute to the development of sustainable products that can make a difference in addressing environmental and social challenges.
  - **Gain Practical Experience:** Participate in hands-on activities such as sketching, prototyping, and testing to gain practical experience in the product design process.
  - **Build Your Portfolio:** Showcase your design skills and passion for sustainability by creating a portfolio of product ideas that demonstrate your creativity and problem-solving abilities.
  - **Network and Collaborate:** Connect with other attendees, industry professionals, and potential collaborators to expand your network and explore new opportunities for collaboration.
  - **Stay Informed:** Stay up-to-date with the latest trends, innovations, and best practices in sustainable product design.
  - **Contribute to a Sustainable Future:** Be part of a community of designers who are committed to creating a more sustainable future through innovative product design.

title of the event is Anime quiz

description of the event is Have you ever watched anime? Are you a real fan of anime? Anime is a term for a style of Japanese comic book and video cartoon animation. Join us in this quiz with your friends to have fun leisure time, get together and play this to challenge your friends. This quiz provides information on all episodes and details and increases your knowledge. Rules and regulations 1. Team of 2 members. 2. Prelims: pen and paper (with questions hosted on screen) 3. Finals: 8 teams.

generated\_descriptions of the event is **Things you can learn from attending the anime quiz:**

**Anime knowledge:** You will learn about various anime series, their characters, storylines, and other details. This can expand your knowledge of anime and help you discover new shows to watch.

**Teamwork and communication:** If you participate in a team, you will need to work together and communicate effectively to answer the questions correctly. This can help you develop your teamwork and communication skills.

**Problem-solving:** The questions in the quiz will challenge you to think critically and solve problems. This can help you develop your problem-solving skills and improve your ability to think quickly and creatively.

**Memory and recall:** You will need to remember information about anime series and characters in order to answer the questions correctly. This can help you improve your memory and recall skills.

**General knowledge:** The quiz may also include questions about Japanese culture, history, and other topics related to anime. This can help you expand your general knowledge and learn more about Japan and its culture.

**How this event can be useful for you:**

**Entertainment:** The anime quiz can be a fun and entertaining way to spend time with friends or other anime fans. It can also be a great way to relax and de-stress.

**Social interaction:** Participating in the quiz can help you meet new people and make friends who share your interest in anime. This can expand your social circle and provide you with opportunities to connect with like-minded individuals.

**Networking:** If you are interested in working in the anime industry, attending the quiz can be a great way to network with other fans and professionals in the field. You may also be able to learn about job opportunities or other ways to get involved in the industry.

**Personal development:** The skills you learn from participating in the quiz, such as teamwork, problem-solving, and memory, can be useful in other areas of your life, such as school, work, or personal relationships.

title of the event is Namma Vivasayee

description of the event is Namma vivasayee is a panel discussion which consists of farmers and entrepreneurs related to different domains of agriculture coming together to speak about the prioritising of Market or Nature.

generated\_descriptions of the event is 1. **Market vs. Nature Prioritization:**

- Learn about the ongoing debate and contrasting perspectives on prioritizing market demands or nature conservation in agricultural practices.
- Gain insights into the impact of current agricultural trends on the environment and natural ecosystems.
- Understand the economic and societal implications of emphasizing one aspect over the other.

2. **Sustainable Agriculture Practices:**

- Explore innovative and sustainable farming techniques that prioritize both market needs and environmental integrity.
- Learn about agroforestry, organic farming, regenerative agriculture, and other approaches that promote soil health, biodiversity, and ecosystem resilience.
- Discover success stories and case studies of farmers who have successfully balanced productivity and environmental stewardship.

3. **Challenges in Balancing Market and Nature:**

- Identify the obstacles and barriers that farmers face in implementing sustainable practices, such as market pressures, consumer preferences, and policy constraints.
- Explore potential solutions and strategies to overcome these challenges and foster a more sustainable agricultural sector.
- Understand the roles of consumers, governments, and corporations in driving change and supporting sustainable farming practices.

4. **Consumer Influence and Food Choices:**

- Learn about the role of consumer choices and preferences in shaping agricultural practices.

- Explore ways to educate consumers about the importance of sustainable agriculture and encourage them to make informed food choices.
- Discover marketing and communication strategies that can promote sustainable products and encourage consumers to support farmers who prioritize nature-friendly farming practices.

5. **\*\*Policy and Regulatory Landscape:\*\***

- Gain insights into the existing policies and regulations that influence agricultural practices and sustainability.
- Understand the role of government agencies, trade agreements, and certification standards in shaping the agricultural sector.
- Explore opportunities for policy advocacy and reform to promote sustainable agriculture and address the challenges faced by farmers.

6. **\*\*Networking Opportunities:\*\***

- Connect with farmers, entrepreneurs, policymakers, researchers, and other stakeholders in the agricultural sector.
- Exchange ideas, share experiences, and build relationships that can be beneficial for your own agricultural endeavors or advocacy efforts.
- Explore potential collaborations, partnerships, and opportunities for learning and growth in the field of agriculture.

title of the event is SKYSPRINT IDEATHON

description of the event is Skysprint Ideathon is where innovation and creativity intersect with cutting-edge technology and groundbreaking UAV and Drone solutions. This Ideathon offers an opportunity to tackle challenging problem statements related to UAV and Drone technology while collaborating with like-minded individuals to bring innovative ideas to life. Skysprint Ideathon provides a unique platform for personal and professional growth, problem-solving, and learning, with a chance to network and gain insights from industry experts in UAV and Drone technology. Don't miss out on this incredible opportunity to challenge yourself and make a difference while exploring the

exciting world of UAV and Drone technology. Register now for Skysprint Ideathon!  
Rules & Regulations:1. Problem statements are shared after inauguration ceremony b/w 28th Feb (10AM - 12PM)2. It should be a team of 3 to 4 members.3. Categories : Mechanical, E&E, Automation4. Problems from various categories based on UAV will be given , and one from that has to be chosen.5. Jury Members will evaluate each reviews.6. The review marks hold weightage in results.7. Strictly adhere to the time.8. Judgement from the Jury Members will be the final.  
generated\_descriptions of the event is \*\*Things you can learn from attending Skysprint Ideathon:\*\*

\* \*\*UAV and Drone Technology:\*\* You'll gain insights into the latest advancements and applications of UAV and drone technology, including their potential in various industries and sectors.

\* \*\*Problem-Solving and Innovation:\*\* The event will challenge you to think critically and creatively to address real-world problems related to UAV and drone technology. This experience can enhance your problem-solving skills and foster innovative thinking.

\* \*\*Teamwork and Collaboration:\*\* Working in a team with diverse perspectives and expertise will allow you to learn the importance of collaboration and teamwork in bringing ideas to life. This skill is valuable in both personal and professional contexts.

\* \*\*Presentation and Communication:\*\* You'll have the opportunity to present your ideas and solutions to a panel of experts and industry professionals. This experience can improve your presentation and communication skills, which are essential for success in many fields.

\* \*\*Networking and Industry Insights:\*\* The event provides a platform to connect with like-minded individuals, industry experts, and potential mentors. These connections can be beneficial for your personal and professional growth, opening up opportunities for collaboration and learning.

\*\*How this event can be useful for you:\*\*

\* \*\*Personal and Professional Growth:\*\* Participating in the Skysprint Ideathon can challenge you to step out of your comfort zone, explore new ideas, and develop your skills in problem-solving, innovation, and collaboration. These skills are highly valued in the job market and can contribute to your personal and professional growth.

\* \*\*Career Opportunities:\*\* Networking with industry experts and professionals at the event can lead to potential job opportunities, internships, or collaborations. Demonstrating your skills and innovative thinking at the Ideathon can make you stand out to potential employers or partners.

\* \*\*Entrepreneurship and Startups:\*\* If you have aspirations to become an entrepreneur or start your own business, the Ideathon provides an opportunity to develop and test new ideas, gain feedback from experts, and potentially find collaborators or investors to support your venture.

\* \*\*Learning and Skill Development:\*\* The event offers a unique learning experience where you can explore the latest UAV and drone technologies, learn from industry experts, and acquire new skills in problem-solving, innovation, teamwork, and presentation. These skills are valuable in various fields and can enhance your employability and career prospects.

title of the event is Reverse Engineering

description of the event is Are you a tech-savvy problem-solver who used to open up used gadgets around the house? Do you have a passion for reverse engineering and tinkering with systems to understand how they work? If so, you don't want to miss our event! Well, "Reverse Engineering" brings up a challenge which lets you compete with people just like you in identifying the gadget and bringing it back together. Whether you're a seasoned pro or a beginner looking to get your feet wet in the world of reverse engineering, there's something for everyone at our event. Don't miss this chance to learn, network, and have fun with like-minded individuals.ROUND 1: Buzzer Round•This will be a buzzer round in which each team will be given a picture for each question and are asked to identify the component. •First team to identify the component is rewarded with the points. The team which guesses the device at last , gets bonus points. •The teams with the maximum points qualify for the next round.ROUND 2: •The teams shall be given a dismantled gadget. •They shall be asked to identify maximum number of components and reassemble them back to their original forms. •The team which assembles back the gadget with utmost precision and identifies the most number of components wins the events!"

generated\_descriptions of the event is Attending the "Reverse Engineering" event can provide you with several valuable learning opportunities and benefits:

#### **\*\*1. Hands-on Experience:\*\***

You will have the chance to work with dismantled gadgets and reassemble them back to their original forms. This hands-on experience will enhance your practical understanding of the inner workings of various electronic devices.

#### **\*\*2. Identification and Troubleshooting:\*\***

The event will challenge you to identify various components and diagnose potential issues within the gadgets. This will improve your ability to troubleshoot and identify problems in electronic devices, a skill that is valuable in both personal and professional settings.

#### **\*\*3. Teamwork and Collaboration:\*\***

If the event involves team participation, you will have the opportunity to work collaboratively with like-minded individuals. This experience will help you develop teamwork and communication skills, which are essential for success in many aspects of life.

#### **\*\*4. Problem-Solving:\*\***

Reverse engineering requires creative thinking and problem-solving abilities. By participating in the event, you will develop your analytical skills and learn to approach challenges from different perspectives.

#### **\*\*5. Networking:\*\***

The event provides a platform for you to network with other tech-savvy enthusiasts and potential mentors. Making connections in the field can be beneficial for future career opportunities and personal growth.

#### **\*\*6. Knowledge Expansion:\*\***

The event will expose you to new technologies, components, and design principles. This exposure can broaden your knowledge and understanding of the latest advancements in the field of electronics.

#### **\*\*7. Fun and Excitement:\*\***

Reverse engineering can be a fun and engaging activity. By participating in the event, you will have the chance to enjoy the thrill of competition and the satisfaction of successfully solving complex challenges.

#### **\*\*8. Career Opportunities:\*\***

Depending on your interests and goals, participating in reverse engineering events can help you explore career paths in fields such as electronics repair, product design, and engineering.

Overall, attending the "Reverse Engineering" event can provide you with valuable hands-on experience, enhance your problem-solving and troubleshooting skills, and open up new avenues for personal and professional growth.

title of the event is Uncharted - The Way to Hunt

description of the event is "HUNTING IS NOT ABOUT THE RESULT BUT THE EFFORT YOU PUT IN". Hunt the clues and scout all the objects which need to be assembled. Think out of the box and procure the rewards with a fun-filled experience. "Hunt till the end, victory is yours" Rules and Regulations: Students may enroll as an individual or as a team of up to five. There are two rounds: 1st round will determine whether a team is eligible to work together, as well as assess their potential through a quiz and shortlist them. In Round 2, the team will hunt for clues, match them to the components, and procure the rewards. The jury's decision will be final.

generated\_descriptions of the event is **\*\*Things you can learn from the event:\*\***

\* **\*\*Problem-solving:\*\*** The event will require you to use your problem-solving skills to hunt for clues and assemble the objects. This can help you develop your ability to think critically and creatively, and to come up with innovative solutions to problems.

\* **\*\*Teamwork:\*\*** If you choose to participate as a team, you will have the opportunity to develop your teamwork skills. You will need to learn how to communicate effectively with your teammates, to coordinate your efforts, and to work together to achieve a common goal.

\* **\*\*Communication:\*\*** The event will also help you develop your communication skills. You will need to be able to communicate effectively with your teammates, as well as with the organizers of the event. This can help you become a more effective communicator in both personal and professional settings.

\* **\*\*Critical thinking:\*\*** The event will require you to use your critical thinking skills to evaluate the clues and to determine how they fit together. This can help you develop your ability to think logically and to make sound judgments.

\* **\*\*Creativity:\*\*** The event will also allow you to use your creativity to come up with innovative solutions to the challenges you face. This can help you

become a more creative thinker in all aspects of your life.

**\*\*How the event is useful for you:\*\***

\* **\*\*Personal Development:\*\*** The event can help you develop a number of personal skills that can be useful in all aspects of your life. These skills include problem-solving, teamwork, communication, critical thinking, and creativity.

\* **\*\*Career Development:\*\*** The skills you develop in the event can also be useful in your career. For example, problem-solving, teamwork, and communication are all essential skills for success in many different fields.

\* **\*\*Networking:\*\*** The event can also provide you with an opportunity to network with other students and professionals. This can be helpful for finding a job, getting involved in extracurricular activities, or simply making new friends.

\* **\*\*Fun:\*\*** The event is also a lot of fun! It is a great way to challenge yourself, learn new things, and make new friends.

category of the event is technical

sub\_category of the event is Mechanical

description\_of\_sub\_category of the event is It is the study of physical machines that may involve force and movement. It is an engineering branch that combines engineering physics and mathematics principles with materials science to design, analyse, manufacture, and maintain mechanical systems.

title of the event is Robo Rash

description of the event is Rev your robots and get ready for the ultimate Roborash event! Control

your remote-powered robot and race to the finish line in this high-speed competition. With cutting-edge technology and skilled drivers, this is one event you won't want to miss! Join us for a day of fast-paced, adrenaline-fueled action.

Robot specification• The maximum dimension of the robot can be 30 cm x 25cm x20 cm (l x b xh)• Maximum weight must not exceed 10 kg.• The robot can be operated at the maximum voltage of 24v.

Rules and Regulations:• This is a racing event, so the fastest and most balanced robot will win.• No test practice will be allowed in the arena.• The competition is based on a time trial system.• There will be a qualifying round and a final round. The robot should pass the qualifying round to enter the final round. Time taken to pass the final round will be taken as the result.• Team members are allowed only three times to touch or reset their robot's position during the run. However, this will lead to a time penalty and the timer will not stop during this course of action.• There will be many obstacles placed in track, robot need to overcome it

generated\_descriptions of the event is **\*\*Things you can learn from attending the Roborash event:\*\***

\* **\*\*Robotics and Engineering:\*\*** You will learn about the basics of robotics, including mechanical design, electronics, and programming. You will also learn about the different types of robots and their applications.

\* **\*\*Problem-solving:\*\*** Building and racing a robot is a challenging task that requires creativity and problem-solving skills. You will learn how to identify and solve problems, both on and off the track.

\* **\*\*Teamwork:\*\*** You will work with a team of engineers and programmers to build and race your robot. You will learn how to communicate effectively, collaborate, and compromise.

\* **\*\*Competition:\*\*** You will compete against other teams in a fast-paced and exciting racing event. You will learn how to handle competition and how to perform under pressure.

**\*\*How the Roborash event can be useful for you:\*\***

\* **\*\*Education:\*\*** The Roborash event can be a great way to learn about robotics and engineering. You can also learn about teamwork and competition.

\* **\*\*Career:\*\*** The Roborash event can help you prepare for a career in

engineering or robotics. You will gain valuable skills and experience that can be used in a variety of industries.

\* **Personal development:** The Roborash event can help you develop your problem-solving, teamwork, and communication skills. You will also learn how to handle competition and perform under pressure.

title of the event is Code2duo

description of the event is Get ready to code like never before! Code2duo is here to challenge and inspire you with its exciting coding rounds, focused on data structures. Join us for a day filled with coding, problem solving, and teamwork as you delve deep into the world of algorithms, stacks, and queues. With challenging coding exercises, you'll have the opportunity to expand your knowledge and push the limits of your creativity. So gather your team, pack your creativity, and get ready to write some epic code. Let's code together at Code2duo! Rules and regulations - First round: snap it The game starts with a question screen and a clock. Those teams with the most points will advance. We will examine your coding skills, reasoning, programming acumen, and technical understanding. Round 2- Code Safari Here, you'll be asked to optimize the operation of a data structure. The time limit for finding the solutions is precisely two hours. How well you solve this problem is what will determine your grade. Concluding Round: Knockout Each member of the chosen team will be asked to answer a series of questions, and then send a dart to the board bearing the proper response. The first group to enter the correct answer into the dartboard wins. The teams that get the most questions right will win.

generated\_descriptions of the event is **Things You Can Learn from the Code2duo Event:**

1. **Data Structures and Algorithms (DSA):** DSA forms the foundation of programming and software development, and this event will immerse you in the world of stacks, queues, and various algorithms.
2. **Coding and Problem-Solving Skills:** You'll have the opportunity to tackle challenging coding exercises, hone your problem-solving abilities, and think critically about efficient solutions.
3. **Teamwork and Collaboration:** Working in teams is essential in software development, and Code2duo promotes collaboration, communication, and teamwork to achieve common goals.
4. **Algorithmic Thinking:** You'll delve into the art of analyzing problems, breaking them down into smaller steps, and applying the most appropriate algorithms to solve them efficiently.
5. **Creativity and Innovation:** Coding is not just about following instructions; it also involves creativity and innovation in finding elegant and effective solutions to problems.
6. **Exposure to New Technologies and Trends:** During the event, you may be introduced to new programming languages, tools, and technologies that can expand your knowledge and skill set.
7. **Networking Opportunities:** Code2duo provides a platform to connect with fellow coders, developers, and industry professionals, allowing you to expand your network and learn from others.

## **\*\*How Attending Code2duo Can Benefit You:\*\***

1. **\*\*Enhances Your Coding Skills\*\***: Engaging in coding rounds and challenges pushes your boundaries, improves your coding proficiency, and prepares you for real-world software development scenarios.
2. **\*\*Prepares You for Coding Interviews and Assessments\*\***: Many companies use coding challenges and assessments during their hiring process. Participating in Code2duo can help you develop the skills and confidence needed to excel in such assessments.
3. **\*\*Boosts Your Problem-Solving Abilities\*\***: Coding exercises require you to analyze problems, identify patterns, and come up with efficient solutions. This can enhance your problem-solving skills, which are valuable in various aspects of life.
4. **\*\*Strengthens Your Teamwork Skills\*\***: Working in teams to solve coding challenges fosters collaboration, communication, and the ability to work effectively with diverse individuals.
5. **\*\*Keeps You Updated with Industry Trends\*\***: Exposure to new technologies and trends during the event helps you stay informed about the latest developments in the tech industry.
6. **\*\*Provides a Sense of Accomplishment\*\***: Successfully completing coding challenges and advancing through rounds can give you a sense of accomplishment and boost your confidence in your coding abilities.
7. **\*\*Opens Doors to Career Opportunities\*\***: Demonstrating strong coding skills and problem-solving abilities at Code2duo can catch the attention of potential employers and open doors to exciting career opportunities in software development.

title of the event is Career Fair

description of the event is Career Fair

Workshops are opportunistic platforms which help the students to hone the key career skills and themes that the recruiters look for. This fair comprises various universities from across the globe and consultancies.

generated\_descriptions of the event is **\*\*Things You Can Learn from Attending a Career Fair:\*\***

\* **\*\*Networking\*\***: Career fairs provide an excellent opportunity to network with potential employers, recruiters, and professionals in your field of interest. This can lead to job interviews, internships, or simply valuable connections that can help you in your career.

\* **\*\*Job Opportunities\*\***: Career fairs are a great place to learn about job openings and gather information about different companies. You can also submit your resume and applications directly to recruiters, which can increase your chances of getting a job.

\* **\*\*Career Advice\*\***: Career fairs often feature workshops, seminars, and presentations on a variety of career-related topics. These sessions can provide

you with valuable insights and advice on how to improve your resume, prepare for interviews, and navigate the job market.

\* **Industry Trends**: Career fairs can help you stay up-to-date on the latest industry trends and developments. You can learn about new technologies, emerging job roles, and the skills that employers are looking for. This information can help you make informed decisions about your career path and prepare for the future.

**How a Career Fair Can Be Useful for You:**

\* **Explore Career Options**: Career fairs allow you to explore different career options and industries. You can speak with representatives from various companies and learn about the different roles and responsibilities within their organizations. This can help you narrow down your career choices and find a path that aligns with your interests and skills.

\* **Build Your Resume**: Attending career fairs can help you build your resume and make it more competitive. You can collect contact information from recruiters and professionals, which can be valuable for networking and job searching. You can also learn about the skills and experiences that employers are looking for, which can help you tailor your resume to specific job openings.

\* **Gain Interview Experience**: Career fairs can provide you with valuable interview experience. You can practice your interviewing skills by participating in mock interviews with recruiters and professionals. This can help you feel more confident and prepared for actual job interviews.

\* **Get a Job**: Career fairs can lead to job offers. Many companies use career fairs to recruit new employees. If you make a good impression on recruiters, you may be invited to an interview or even offered a job on the spot.

title of the event is NATIONAL E-MICROMOUSE CHALLENGE

description of the event is The participants are required to build an autonomous,

self-contained robot, Micromouse, that negotiates a maze of standard dimensions from a specified corner which will start on the START tile and reach the FINISH tile at the center in the shortest possible time. A Micromouse essentially comprises of a drive motor or

motors to move it; a steering and turning method; sensors to detect the presence or absence of maze walls; sensors or control logic to oversee the action of the rest and keep the vehicle 'on track' or to solve the maze; batteries to provide power.

A. Objective: The participants are required to build an autonomous, self-contained robot, Micromouse, that negotiates a maze of standard dimensions from a specified corner which will start on the START tile and reach the FINISH tile at the center in the shortest possible time. A

Micromouse essentially comprises of a drive motor or motors to move it; a steering and turning method; sensors to detect the presence or absence of maze walls; sensors or control logic to oversee the action of the rest and keep the vehicle 'on track' or to solve the maze; batteries to provide power.

B. Contest Eligibility: 1. One team can have a maximum of 4 members. 2. This is an open round competition which can be participated by any individuals or teams irrespective of their institutions. Students from different institutes can be a part of same team. 3. All students with a valid identity card of their respective educational institutions are eligible to participate in the competition. 4. There is no limit to the number of teams that one college may register for this competition.

C.

Micromouse Specification

1. Fabrication: The Micromouse robot submitted by a team must be designed and built from scratch.
2. Self Containment: The Micromouse robot shall be self-contained (no remote controls). The robot shall not use an energy source employing a combustion process.
3. Dislodged Parts: The Micromouse robot shall not separate from any part of itself while navigating the maze. To complete the maze, the robot in its entirety must enter the centre of the maze.
4. Method of Movement: The Micromouse robot shall not jump over, fly over, climb, scratch, cut, burn, mark, damage, or destroy the walls of the maze.
5. Micromouse Size: The Micromouse robot shall not be larger either in length or in width than 16 cm. There are no restrictions on the height of the robot.
6. Wall Sensing: The method of wall sensing is at the discretion of the builder. However, the mouse must not exert a force on any wall to cause damage.
7. Inspection: All Micromouse robots are subject to inspection prior to starting their competition, to ensure they are within the specifications outlined by these rules, and that they do not pose potential safety hazards.
8. Rules Violation: Any violation of these rules will constitute immediate disqualification from the contest and ineligibility for any associated prizes.

D. Maze Specification

1. Maze Dimensions: The maze is composed of 18cm x 18cm unit squares arranged to form a 16 x 16 unit grid. The walls of the units of the maze are 6 cm high and 1.2 cm thick (assume 5% tolerance for mazes). Passageways between the walls shall be 16.8 cm wide, an outside wall encloses the entire maze.
2. Maze Coloration: The sides of the maze walls are white, the tops of the walls are red, and the floor is black. The maze is made of wood.
3. Maze Fabrication Inconsistencies: Do not assume the walls are consistently white, or that the tops of the walls are consistently red, or that the floor is consistently black. Fading may occur and parts from different mazes may be used. Do not assume the floor provides a given amount of friction. It is simply painted plywood and may be quite slick. The maze floor may be constructed using multiple sheets of plywood. The change of slope at an assembly joint shall not be greater than 0.5 mm. Gaps between the walls of adjacent squares shall not be greater than 1 mm.
4. Start/End Zones: The starting square of the maze is located at one of the four corners. The starting square is bounded on three sides by walls. The start line is located between the first and second squares. As the mouse exits the corner square (signified by crossing the start line), the run timer starts. The destination is a gateway to the four-unit square at the centre of the maze. The destination square has only one gateway. And the timer stops once it reaches the destination square.
5. Lattice Points: Small square posts, each 1.2 cm x 1.2 cm, at the four corners of each unit square are called lattice points. The maze is assembled so that there is at least one wall at each lattice point, except for the destination square.
6. Multiple Paths: Multiple paths from the starting square to the destination square are allowed and should be expected.

E. Competition Rules

1. Time: Each team is allocated 10 minutes of access to the maze, starting when the competition administrator acknowledges the team and grants access to the maze. Any time used to adjust the team's Micromouse robot between runs is included in these 10 minutes. A run-time is recorded for each run (from the start cell to the center zone) in which the robot successfully reaches the destination square. The minimum run time within the 10-minute trial shall be the mouse's official time. The micromouse may make up to 7 runs.
2. Stopping/Removing: Each run shall be made from the starting square. Multiple runs, or run attempts, may be made within the allotted 10 minute maze time. The team may abort a run at any time, and return the Micromouse robot to the starting square. If the robot has reached the destination square and has acquired a "run time," the robot may take the maze back to the corner starting square on its own. Alternatively, it may be removed at any time without affecting the runtime of that run. If the robot is placed back in the maze at the starting square, a one-time penalty of 10 seconds will be added to the robot's next run time.
3. Reprogramming After Reveal: After the competition maze is revealed to the teams at the start of the competition, the operator shall not reprogram his or her Micromouse robot but may elect to change the positions of switches located on the robot.
4. Room Conditions: The illumination, temperature, and humidity of the room shall be those of an ambient environment. (40 to 120 degrees F, 0% to 95% humidity, non-condensing).
5. Ambient Lighting: Do not make any assumptions about the amount of sunlight, incident light, or fluorescent light or any shadows that may be present at the competition site.
6. Run Time: The run timer will start when the front edge of the

Micromouse robot crosses the start line and stops when the front edge of the mouse crosses the finish line. The start line is at the boundary between the starting unit square and the next unit square clockwise. The finish line is at the entrance to the destination square.7. Starting a Run:Every time the Micromouse robot leaves the starting square, a new run begins. If the robot does not enter the destination square, no runtime is recorded. For example, if the robot re-enters the starting square (before entering the destination square) on a run, that run is aborted, and a new runtime will begin when the robot leaves the starting square.8. Continued Navigation:If the Micromouse robot continues to navigate the maze after reaching the destination square, the time taken will not count toward any run. The robot may and should make several runs without being touched by the operator. Once the robot has found the centre, it is common practice to explore the maze via an alternate path on the return trip to the starting square.9. Modifying the Robot:The team may not feed information about the maze to the Micromouse robot. Therefore, changing ROMs or downloading programs is NOT allowed once the maze is revealed.However, participants are allowed to do the following:• Change switch settings (e.g., to select algorithms).• Replace batteries between runs.• Adjust sensors.• Change speed settings.• Make repairs.10. Changing the Robot's Weight:After the team's 10 minute time allotment begins, they shall not alter their Micromouse robot in a manner that alters its weight (e.g. removal of a bulky sensor array or switching to lighter batteries to get better speed after mapping the maze is not allowed). The judges shall arbitrate all interactions with the robot. The contestants should be prepared with the circuit diagrams, algorithms, and code listings to convince the judges that any alteration they do in the total 5 minutes span does not add topological information about the maze to the mouse.F. Judging CriteriaWinners will be decided on the basis of the shortest handicap time, which is calculated as;  $\text{Handicap Time} = \text{Best Run Time} + \text{Touch Penalty}$  ( $\text{Touch Penalty} = X * 2 \text{ sec}$ , where  $X = \text{Number of touches to the best run}$ ) For example, if a Micromouse, after being on the maze for 10 minutes, starts a run that takes 20 seconds to reach the destination after being touched thrice; the run will have a Handicap time of  $20 + (3*2) = 26$  seconds.If Micromouse does not reach the centre of the maze, then the Micromouse will be ranked by the judges based on the following criteria;• How close the robot gets to the destination square without being touched.• Evidence that the mouse knows where it is relative to the destination square and the quality of control.G. Important Note• The machine may be checked for its safety before the race and will be discarded if found unsafe for other participants and spectators. The name of your machine must be prominently displayed on the machine.• Judge's decision shall be treated as final and binding on all.• The organizers reserve the right to change any or all the above rules as they deem fit. Change in rules, if any, will be notified to the registered participants.H. Certificate PolicyE-Certificates will be given to all the teams participated. Disqualified teams will not be considered for any certificates.

generated\_descriptions of the event is \*\*Things You Can Learn from the Micromouse Competition:\*\*

\* \*\*Problem-Solving:\*\* Designing and building a Micromouse robot requires creative problem-solving skills to overcome the challenges of the maze.

\* \*\*Mechanical Engineering:\*\* You'll learn about basic mechanical engineering principles, such as how to design and build a robot that can navigate a maze effectively.

\* \*\*Electronics and Programming:\*\* You'll gain experience in electronics and programming, as you'll need to wire and program your robot to navigate the maze.

\* \*\*Algorithms and AI:\*\* You'll learn about algorithms and artificial intelligence techniques, as you'll need to develop a strategy for your robot to navigate the maze efficiently.

\* **Teamwork and Collaboration:** If you're part of a team, you'll learn how to work collaboratively with others to achieve a common goal.

\* **Perseverance and Resilience:** Building and competing with a Micromouse robot can be challenging, but it also teaches you the importance of perseverance and resilience.

**How the Micromouse Competition Can Be Useful for You:**

\* **Career Opportunities:** The skills you learn in the Micromouse competition can be useful for a variety of careers in engineering, computer science, and robotics.

\* **Personal Development:** Participating in the Micromouse competition can help you develop valuable personal qualities, such as problem-solving skills, creativity, and teamwork.

\* **Networking:** The Micromouse competition provides an opportunity to network with other students, engineers, and professionals in the field of robotics.

\* **Resume Builder:** Participating in the Micromouse competition can be a great way to build your resume and make yourself a more attractive candidate for jobs and internships.

\* **Fun and Excitement:** The Micromouse competition is a challenging but rewarding experience that can be a lot of fun.

title of the event is CODE CROSS

description of the event is Attention all coders! Are you ready to embark on a thrilling journey of solving fun and challenging coding problems? If so, this event is specifically tailored for you. We are delighted to offer you the chance to assess and enhance your coding skills through two rounds of competition. This event serves as a valuable opportunity to gain insight into the programming skills required for a technical career. Do not miss out on this chance to showcase your logical, mathematical, and programming abilities. Register now to join the competition and challenge yourself to new heights.  
Round 1: Catch The Match : There will be five teams total, with two players on each team. A team in a group will be given a question, and they will have to explain the logic behind it without immediately offering a solution. The other teams will have to find what concept it is. Points will be awarded appropriately. Each group's top-scoring team will advance to the next round.  
Round 2 : Re-Code : There are numerous codes that have a number of lines. The participants will be given these codes and they must decipher the logic behind them and write the codes in a more simply and concisely. Rules and Regulations -Only 2 members per team  
Round 2 will entirely be based on C Programming

generated\_descriptions of the event is **Things you can learn from the event:**

1. **Problem-solving skills:** You will learn how to analyze and solve coding

problems efficiently.

2. **Logical thinking:** You will develop your logical and mathematical thinking skills, which are essential for coding.

3. **Programming skills:** You will improve your programming skills, including coding techniques and best practices.

4. **Teamwork:** You will learn how to work effectively in a team to solve problems.

5. **Communication skills:** You will develop your communication skills by explaining your solutions to others.

6. **Time management:** You will learn how to manage your time effectively to complete tasks within a given timeframe.

7. **Stress management:** You will learn how to manage stress and stay calm under pressure.

8. **Adaptability:** You will learn how to adapt to new situations and think on your feet.

9. **Creativity:** You will learn how to think creatively to come up with innovative solutions to problems.

10. **Confidence:** You will build confidence in your coding abilities and your ability to solve problems.

**How this event is useful for you:**

1. **Career development:** This event can help you develop the skills you need for a career in coding, such as problem-solving, logical thinking, and programming skills.

2. **Interview preparation:** This event can help you prepare for technical interviews, which often include coding problems.

3. **Networking:** This event can help you network with other coders and learn from their experiences.

4. **Recognition:** If you win the event, you will receive recognition for your coding skills.

5. **Personal satisfaction:** This event can give you a sense of personal satisfaction and accomplishment.

title of the event is Psych expo

description of the event is The Psych expo gives students the opportunity to learn more about the many aspects of psychological science. It features a variety of interactive exhibits and demonstrations that provide a sampling of the kinds of problems that psychologists study and the methods they employ as they try to answer questions about the mind and behavior.

generated\_descriptions of the event is **Things you can learn from attending the Psych Expo:**

- **Gain a broad understanding of psychology:** The Psych Expo offers a comprehensive overview of the field of psychology, covering various subfields such as clinical psychology, cognitive psychology, developmental psychology, social psychology, and more. This exposure can help you better understand the different areas of psychology and potential career paths.
- **Explore different research methods:** The Expo features interactive exhibits and demonstrations that showcase the various methods psychologists use to study behavior and mental processes. You can learn about experimental design, observational methods, surveys, and qualitative research methods. This knowledge can be valuable if you are interested in pursuing research in psychology.
- **Learn about real-world applications of psychology:** The Expo highlights how psychological research is applied in various settings, such as mental health clinics, schools, businesses, and legal settings. These insights can help you appreciate the practical relevance of psychology and how it can be used to address real-world problems.
- **Meet with psychology professionals and researchers:** The Expo often provides opportunities to interact with psychology professionals, including professors, researchers, and practitioners. These interactions can be valuable for networking, learning about career opportunities, and getting advice on pursuing a career in psychology.
- **Develop critical thinking and problem-solving skills:** The Expo challenges you to think critically about psychological phenomena and to apply psychological principles to real-world situations. This can help you develop stronger critical thinking and problem-solving skills, which are transferable to various aspects of your life.
- **Discover the latest research findings:** The Expo often features presentations and discussions on the latest research findings in psychology. This can provide you with up-to-date knowledge of the field and exposure to exciting new developments in psychological science.

**How attending the Psych Expo can be useful for you:**

- **If you are considering majoring in psychology:** Attending the Psych Expo can help you confirm your interest in the field and gain a better understanding of what psychology entails. This can help you make an informed decision about whether to pursue a psychology major.
  - **If you are already a psychology major:** The Expo can deepen your understanding of psychology and expose you to new areas of the field that you may not have considered. This can help you tailor your education and career goals to specific areas of interest.
  - **If you are interested in a career in psychology:** The Expo can provide you with valuable insights into potential career paths in psychology and the skills and qualifications required for these careers. It can also connect you with professionals in the field who can provide guidance and advice.
  - **If you are simply curious about psychology:** The Expo is an excellent opportunity to satisfy your curiosity about the field and learn about the fascinating topics that psychologists study. It can also help you appreciate the role of psychology in everyday life.

title of the event is Kollywood Quiz

description of the event is Kollywood Quiz feasts the fans of Kollywood cinema industry with critical questions and astounding answers related to Kollywood.

The quiz brings excitement along with experience about knowledge in cinema industry. Rules and Regulations: 1. There will be two rounds: Prelims and Finale. 2. The Prelims consists of 25 Questions. 3. The top 6 teams will

be selected for the Finale round. 4. The Prelims round's scores will be considered only for getting selected into Finale round. It won't be added to the Finale round score. 5. The Finale round will be a mixture of many rounds. 6. The decision of the Jury will be final.

generated descriptions of the event is Attending the Kollywood Quiz event can offer several benefits and learning opportunities:

**\*\*1. Enhanced Knowledge of Kollywood Cinema:\*\***

- By participating in the quiz, you will have the chance to test and expand your knowledge about the Kollywood film industry.

**\*\*2. Critical Thinking and Analysis:\*\***

- The quiz format encourages critical thinking and analysis of Kollywood films, directors, actors, and other aspects of the industry.

**\*\*3. Understanding Filmmaking Techniques:\*\***

- You may gain insights into various filmmaking techniques, storytelling styles, and cinematic elements used in Kollywood movies.

**\*\*4. Historical and Cultural Context:\*\***

- The quiz can provide information about the historical and cultural context in which Kollywood cinema has evolved.

**\*\*5. Appreciation for Kollywood Cinema:\*\***

- Engaging with the quiz can deepen your appreciation for Kollywood films and help you understand their significance in the Indian film industry.

**\*\*6. Networking Opportunities:\*\***

- Participating in such events allows you to connect with fellow Kollywood enthusiasts, cinephiles, and potentially industry professionals.

**\*\*7. Entertainment and Enjoyment:\*\***

- The quiz can be a fun and engaging way to spend time with friends or family while enjoying your shared interest in Kollywood cinema.

**\*\*8. Personal Growth:\*\***

- Participating in a quiz event can help you develop your confidence in public speaking, enhance your research skills, and improve your overall knowledge about Kollywood cinema.

**\*\*9. Future Career Inspiration:\*\***

- The event may spark your interest in pursuing a career in the film industry or related fields such as film criticism, screenwriting, or film production.

title of the event is NOVA {CTF}  
description of the event is NOVA CAPTURE THE FLAG  
2023Nova capture the  
flag is a jeopardy style CTF, a cyber quest. This event aims at instilling curiosity among young hackers(students) and encourages them to learn further,  
try harder and get deeper into the field of cyber security. The challenges in CTF include web, forensic, crypto, binary, reverse and hardware. In this event the participants are required to obtain the flag which serves as a proof of their exploit.Rules and  
Regulations·A team  
can have a minimum of 1 members and maximum of 3 members.·The  
registrations will be limited to first 30 teams only.·It's  
mandatory to have at least one laptop per team and their system must be  
Ubuntu/Kali Linux OS installed.·Contest  
will happen in Offline Mode.·DOS  
attacks or generating huge traffic by any means is strictly prohibited.·Teams  
are not allowed to share flags, solutions or collaborate in any other ways  
during the period of competition.·Usage  
of any kind of AI tools like chat GPT and others are strictly prohibited.·The  
criteria for final judgement will include duration to collect all flags and  
final scores.·In  
case of any technical issue or glitch, the scores that were saved before the  
glitch will be considered.

generated\_descriptions of the event is Attending the NOVA Capture the Flag (CTF) event can provide you with valuable learning experiences and skills in the field of cybersecurity. Here are some things you can learn from this event:

**1. Problem-Solving and Critical Thinking:**

- CTF challenges require you to think critically and creatively to find solutions. You'll learn to approach problems from different angles and develop your analytical skills.

**2. Ethical Hacking Techniques:**

- You'll gain hands-on experience in ethical hacking techniques, such as web exploitation, cryptography, binary analysis, and reverse engineering. These skills are essential for cybersecurity professionals.

**\*\*3. Cybersecurity Awareness\*\*:**

- The event will enhance your understanding of cybersecurity threats and vulnerabilities. You'll learn about common attack vectors and how to protect systems from them.

**\*\*4. Teamwork and Collaboration\*\*:**

- If you participate as part of a team, you'll learn to collaborate effectively with others to solve challenges. Teamwork is crucial in the cybersecurity field.

**\*\*5. Time Management\*\*:**

- CTFs often have time limits, so you'll need to manage your time wisely to complete as many challenges as possible. This skill is valuable in both professional and personal life.

**\*\*6. Confidence and Resilience\*\*:**

- Successfully completing challenges can boost your confidence in your abilities and encourage you to pursue further learning in cybersecurity. It also teaches you resilience in the face of setbacks.

**\*\*7. Networking Opportunities\*\*:**

- CTF events provide a platform for networking with fellow participants, mentors, and cybersecurity professionals. This can help you build connections and explore career opportunities.

Overall, the NOVA Capture the Flag event can be a valuable experience for anyone interested in cybersecurity. It offers a fun and engaging way to learn about the field, develop new skills, and connect with like-minded individuals.

title of the event is Circuitrix

description of the event is "Where talent can hit a target no one else can hit, a true genius hits a target no one else can see."Circuitrix is all about circuits and electronics. It is a platform for all electronics enthusiasts to exhibit their skill against the best in the specialization. It is an event which will test a participant's knowledge in the fundamentals of electronics and strengthens their base in this field.Round 1:• Participants, as teams will receive an electronic component. One member shall receive the component and they should give three clues to the other and make them find it .• Also, participants are supposed to deliver one minute talk about an electronic device specified.Round 2 :• Participants will be provided with a circuit which they have to connect manually and obtain the desired output. The working of the circuit will be given as a clue to the participants.

generated\_descriptions of the event is **\*\*Things you can learn from attending Circuitrix:\*\***

**\* \*\*Hands-on experience with electronics components:\*\*** You will have the opportunity to work with a variety of electronic components, including resistors, capacitors, transistors, and diodes. This experience will help you to understand how these components work and how they can be used to create electronic circuits.

**\* \*\*Problem-solving skills:\*\*** Circuitrix will challenge you to solve a variety of problems related to electronics. These problems will require you to use your critical thinking and problem-solving skills to find the best solution.

\* \*\*Communication skills:\*\* You will need to communicate with your teammates in order to successfully complete the challenges in Circuitrix. This will help you to develop your communication skills and learn how to work effectively with others.

\* \*\*Teamwork skills:\*\* Circuitrix is a team event, so you will need to work together with your teammates in order to succeed. This will help you to develop your teamwork skills and learn how to work effectively as part of a team.

**\*\*How Circuitrix can be useful for you:\*\***

\* \*\*If you are interested in pursuing a career in electronics:\*\* Circuitrix can help you to learn the basics of electronics and build a strong foundation for a career in this field.

\* \*\*If you are a student:\*\* Circuitrix can help you to improve your grades in electronics courses and gain a deeper understanding of the subject.

\* \*\*If you are a hobbyist:\*\* Circuitrix can help you to expand your knowledge of electronics and learn new ways to use electronic components.

\* \*\*If you are looking for a challenge:\*\* Circuitrix is a challenging event that will test your skills and knowledge in electronics.

category of the event is technical

sub\_category of the event is Circuit

description\_of\_sub\_category of the event is An electronic circuit is composed of individual electronic components, such as resistors, transistors, capacitors, inductors and diodes, connected by conductive wires or traces through which electric current can flow.

title of the event is Connect Act Find

description of the event is Join us for an exciting event, Connect, Act, Find!, filled with fun and games. We are excited to bring you an array of word games, including anagrams and crosswords, as well as book trivia and connections. Our games are centered around books and English literature, so whether you are a bookworm or just someone who loves to play games, there is something for everyone. Get your competitive spirit going with our dumb charades game, where you have to act out book titles and authors. Rules and Regulations: 1) This event consists of 3 rounds and participants should participate in all three rounds. And the score will be calculated cumulatively by judges. 2) Participants can participate in teams of 2. 3) And the judge's decision will be final one. The three rounds include, Round 1- Book Trivia Round 2 - Word games (Crossword, Anagrams, Riddles, etc) Round 3 - Dumb Charades

generated\_descriptions of the event is **\*\*Things You Can Learn from the Event "Connect, Act, Find!"\*\***

\* \*\*Literature Trivia:\*\* You will expand your knowledge of English literature, including authors, book titles, characters, and themes.

\* \*\*Word Games:\*\* You will improve your problem-solving skills, vocabulary, and critical thinking abilities through word games like anagrams and crosswords.

\* \*\*Book Connections:\*\* You will learn how different books and authors are connected to each other, helping you see the bigger picture of literary history.

\* \*\*Communication Skills:\*\* The dumb charades game will enhance your non-verbal communication skills as you act out book titles and authors.

\* \*\*Teamwork:\*\* If you participate in a team, you will learn how to work collaboratively, listen to others' ideas, and contribute to a common goal.

\* \*\*Competitive Spirit:\*\* The event will ignite your competitive spirit as you strive to score points and win the games.

**\*\*How the Event "Connect, Act, Find!" Can Be Useful for You:\*\***

\* \*\*Intellectual Stimulation:\*\* The event will challenge your mind and provide a fun and stimulating way to learn about literature and word games.

\* \*\*Social Interaction:\*\* You will have the opportunity to meet new people who

share your interest in books and games, making it a great way to expand your social circle.

\* **Stress Relief:** Engaging in word games and competitive activities can be a great way to relieve stress and escape from everyday pressures.

\* **Enhanced Communication Skills:** The dumb charades game will help you improve your communication skills, both verbal and non-verbal, which can be beneficial in various aspects of your life.

\* **Team Building:** If you participate in a team, the event can help you develop teamwork skills, which can be valuable in your personal and professional life.

\* **Literary Appreciation:** The event will deepen your appreciation for literature and encourage you to explore new books and authors.

title of the event is KI Drone Prix - FPV Night Drone Racing

description of the event is KI Drone PrixFPV Night Drone Racing:A challenging, fun filled, free to all participants let their thoughts in a night drone racing challenge. It is a professional drone racing competition with an already-designed obstacle course. IDRL Night Racing is the next frontier of high-speed racing sport that is bringing drones to the masses with an excitement, colorful night, and innovation unlike anything seen before. Drone Racers fly their drones at more than 170 km/hr through a live video feed sent from the drones directly to the pilot's goggles as they pass several gates and flags to complete a series of high-speed laps, an adrenaline-rushing feeling that makes the pilot feel like sitting in the drone's cockpit. Pro, Intermediate, and Beginner level drone racers try to cover the obstacles in the least time. The event would be conducted during Yugam with heats, semi-finals, and finals where there would be competition from the already registered professional teams under IDRL as well. If a team of two then one must be a pilot and the other is a technician and roles cannot be interchanged.

generated\_descriptions of the event is **Things you can learn from attending the KI Drone Prix FPV Night Drone Racing event:**

\* **Practical Knowledge of Drone Racing:** By witnessing professional drone racing teams in action, you can gain valuable insights into the techniques, strategies, and skills required to excel in this sport.

\* **Latest Drone Technology:** The event showcases cutting-edge drone technology, including high-speed drones, advanced obstacle courses, and sophisticated video transmission systems. This exposure can enhance your understanding of drone capabilities and industry trends.

\* **Networking Opportunities:** The event brings together drone enthusiasts, professionals, and industry experts from around the world. Attending the event can provide opportunities to network, exchange ideas, and learn from experienced individuals.

\* **Inspiration and Motivation:** Witnessing the skill and dedication of the drone racers can be inspiring and motivating. It can encourage you to pursue your own interests in drone racing or related fields.

**How the event can be useful for you:**

\* **Career Opportunities:** If you have an interest in drone racing or the drone industry, attending the event can help you explore potential career paths. You may learn about job opportunities, internships, or other ways to get involved in the field.

\* **Skill Development:** If you are already involved in drone racing or related activities, the event can provide a platform to showcase your skills, learn from others, and improve your performance.

\* **Personal Enjoyment:** The event offers an entertaining and thrilling experience for drone enthusiasts. You can enjoy the adrenaline-rushing competition, witness innovative drone technology, and immerse yourself in the vibrant atmosphere of the event.

Overall, attending the KI Drone Prix FPV Night Drone Racing event can provide valuable learning experiences, networking opportunities, and personal enjoyment for anyone interested in drone racing, drone technology, or related fields.

title of the event is Idein Construere - A Civil Ideathon

description of the event is Idein construere is a national level online platform, to share your ideas and solution for various issues in civil engineering domain. Replenish your minds and make your solutions innovative and effective! The participants will be provided with themes on the day of event and would be asked to find a problem statement based on any one of the given themes. Later they are required to offer a solution within given time and will be presenting their ideas to the juries through online platform. Rules and Regulations :1. Individual participation is appreciated; No teams are allowed;2. Participants are requested to keep their video on through out the process;3. Kindly stick on to the timings;4. After choosing the theme, the problem statement and the detailed solution should be submitted in a report format (pdf format).

generated\_descriptions of the event is **Things you can learn from attending the Idein Construere event:**

- **Problem-Solving Skills:** Idein Construere challenges participants to identify and solve real-world problems in the civil engineering domain. This experience can help you develop your problem-solving and critical thinking skills, which are valuable assets in any field.

- **Creativity and Innovation:** The event encourages participants to come up with innovative and effective solutions to the problems they identify. This can help you develop your creativity and innovation skills, which are essential for success in today's competitive job market.

- **Communication and Presentation Skills:** Participants are required to present their ideas to a panel of judges. This experience can help you develop your communication and presentation skills, which are essential for success in any career.

- **Collaboration and Teamwork:** While the event is individual participation, participants are encouraged to collaborate and share ideas with each other. This can help you develop your collaboration and teamwork skills, which are also essential for success in the workplace.

- **Networking:** The event provides an opportunity to network with other students, professionals, and industry experts in the civil engineering field. This can help you build your professional network and learn about potential

career opportunities.

**\*\*How the Idein Construere event can be useful for you:\*\***

- **\*\*Career Development\*\***: The skills and experience you gain from participating in Idein Construere can help you prepare for a successful career in civil engineering. The event can also help you identify potential career paths and make connections with professionals in the field.
- **\*\*Personal Development\*\***: The event can help you develop your problem-solving, creativity, communication, and teamwork skills. These skills are valuable in any career and can also help you achieve personal success.
- **\*\*Scholarship Opportunities\*\***: The event may offer scholarship opportunities to outstanding participants. This can help you offset the cost of your education and make it more affordable to pursue a degree in civil engineering.
- **\*\*Recognition and Awards\*\***: The event may offer awards and recognition to outstanding participants. This can help you boost your resume and make you more competitive for jobs and internships.

title of the event is DARE TO ESCAPE

description of the event is The teams will be competing against each other in a basic problem solving round that involves puzzles and logical problems. Selected teams will move on to second round where they will be sent into the escape room. Inside, they have to use the clues given to complete their mission. The team that cracks the code fastest is the winner. Rules and regulations :1. Team size must consist of exactly 3 members.2. Time limit to finish the puzzles inside the room is 30 mins.3. The participants should not take their mobile phones or watches inside the room.4. Damaging of properties is strictly prohibited.  
generated\_descriptions of the event is **\*\*Things you can learn from attending the event:\*\***

\* **\*\*Problem-solving skills:\*\*** The puzzles and logical problems in the first round will challenge your ability to think critically and solve problems creatively.

\* **\*\*Communication and teamwork skills:\*\*** Working with team members to solve puzzles and complete the mission in the escape room will help you develop strong communication and teamwork skills.

\* **\*\*Time management skills:\*\*** You will need to manage your time wisely in order to complete the challenges within the time limit.

\* **\*\*Problem solving under pressure:\*\*** The escape room will be a challenging and stressful environment, which will test your ability to stay calm and focused under pressure.

\* **\*\*Creativity:\*\*** The puzzles and challenges will require creative thinking in order to be solved.

\* **\*\*Critical thinking:\*\*** The puzzles and challenges will require you to think critically and analyze information in order to find the solutions.

\* **\*\*Deductive reasoning:\*\*** The puzzles and challenges will require you to use deductive reasoning to draw conclusions from the information you are given.

\* **\*\*Inductive reasoning:\*\*** The puzzles and challenges will require you to use inductive reasoning to make generalizations from the information you are given.

**\*\*How this event can be useful for you:\*\***

**\* \*\*Improve your problem-solving skills:\*\*** The puzzles and logical problems in the event will challenge you to think critically and solve problems creatively. These skills are essential for success in many different areas of life, such as school, work, and personal relationships.

**\* \*\*Build your communication and teamwork skills:\*\*** Working with team members to solve puzzles and complete the mission in the escape room will help you develop strong communication and teamwork skills. These skills are essential for success in any career or organization.

**\* \*\*Learn to manage your time wisely:\*\*** The time limit to finish the puzzles inside the room will teach you how to manage your time wisely and prioritize tasks. This skill is essential for success in any fast-paced environment.

**\* \*\*Develop your creativity:\*\*** The puzzles and challenges in the event will require creative thinking in order to be solved. Creative thinking is a valuable asset in many different areas of life, such as problem-solving, brainstorming, and generating new ideas.

**\* \*\*Sharpen your critical thinking skills:\*\*** The puzzles and challenges in the event will require you to think critically and analyze information in order to find the solutions. Critical thinking skills are essential for success in school, work, and everyday life.

**\* \*\*Enhance your deductive and inductive reasoning skills:\*\*** The puzzles and challenges in the event will require you to use deductive and inductive reasoning to draw conclusions and make generalizations. These reasoning skills are essential for critical thinking and problem-solving.

title of the event is Drape up

description of the event is When the world is falling apart around you, it's time to take down the drapes and make your own style of fabric. Are you the fashion zeal, who is confidently waiting to drape your own style of fabric? Ostentatiously drape your skills and let your way of fashion get enhanced. Rules and Regulations -A team consist of two membersMannequin and materials will be provided to participants. With given materials without using the scissors participants should drape up with their creative ideas in the given time generated\_descriptions of the event is **\*\*Things You Can Learn from the Event:\*\***

1. **\*\*Drapery Techniques:\*\*** You will learn various draping techniques to create unique and stylish outfits using fabric. This skill can be applied to designing your clothes or as a creative hobby.

2. **\*\*Fabric Manipulation:\*\*** You will explore different ways to manipulate fabric to achieve different textures, shapes, and silhouettes. This knowledge can help you create garments with unique and interesting details.

3. **\*\*Creativity and Innovation:\*\*** The event encourages creativity and innovation in fashion design. You will have the opportunity to experiment with different

ideas and come up with original designs that reflect your personal style.

4. **\*\*Time Management:\*\*** You will learn to manage your time effectively to complete the draping task within the given timeframe. This skill is essential for any creative endeavor and can be applied to various aspects of life.

5. **\*\*Collaboration and Teamwork:\*\*** If you are participating in a team, you will develop collaboration and teamwork skills. You will learn to work together to combine your ideas and create a cohesive design.

**\*\*How the Event Can Be Useful for You:\*\***

1. **\*\*Personal Style Enhancement:\*\*** The event provides an opportunity to explore your personal style and express it through fashion. You can create garments that reflect your personality, preferences, and unique sense of style.

2. **\*\*Career Opportunities:\*\*** If you are interested in a career in fashion design, this event can serve as a platform to showcase your skills and creativity. It can help you build a portfolio and gain recognition in the industry.

3. **\*\*Social Interaction:\*\*** The event provides an opportunity to interact with other fashion enthusiasts and learn from their experiences. You can network with fellow participants and industry professionals, which can be beneficial for your career or personal growth.

4. **\*\*Personal Fulfillment and Satisfaction:\*\*** Creating something unique and expressing yourself through fashion can be a fulfilling and satisfying experience. The event allows you to engage in a creative activity that can bring joy and a sense of accomplishment.

5. **\*\*Problem-Solving:\*\*** The draping task presents a creative challenge that requires problem-solving skills. You will learn to think critically and find innovative solutions to achieve the desired outcome. This skill can be applied to various aspects of life beyond fashion design.

title of the event is Lexical Mania

description of the event is Ready to take your communication skills to the next level? Join Lexical Mania and challenge yourself in a fun and interactive competition! Our unique event will test your Listening and Speaking, skills and help you gain confidence in communicating with others. Get ready to put your knowledge to the test with friends in a team of two!

generated\_descriptions of the event is **\*\*Things You Can Learn from Lexical Mania:\*\***

**\*\*1. Enhanced Listening Skills:\*\***

- Improve your ability to actively listen and comprehend spoken information.
- Learn techniques to focus and concentrate on what others are saying.
- Develop better understanding of different accents and speech patterns.

**\*\*2. Effective Speaking Skills:\*\***

- Enhance your ability to express yourself clearly and confidently in spoken communication.
- Learn to structure your thoughts and ideas in a logical and engaging manner.

- Gain experience in adapting your speaking style to different audiences and situations.

**\*\*3. Teamwork and Collaboration:\*\***

- Work together as a team to solve communication challenges.
- Learn how to effectively collaborate and cooperate with others to achieve a common goal.
- Develop skills in problem-solving and decision-making as a team.

**\*\*4. Vocabulary Expansion:\*\***

- Encounter new words and phrases during the competition, expanding your vocabulary.
- Learn to use words correctly and appropriately in different contexts.
- Gain a deeper understanding of word usage and nuances.

**\*\*5. Cultural Awareness:\*\***

- Interact with people from diverse backgrounds and cultures during the event.
- Gain exposure to different perspectives and learn about different communication styles.
- Develop a greater understanding of the role of culture in communication.

**\*\*6. Confidence and Communication Competence:\*\***

- Build confidence in your communication abilities by actively participating in the competition.
- Gain a sense of accomplishment and self-assurance in your speaking and listening skills.
- Enhance your overall communication competence and effectiveness.

**\*\*7. Public Speaking Exposure:\*\***

- Overcome the fear of public speaking by presenting your ideas and thoughts to an audience.
- Gain experience in delivering speeches and presentations with poise and confidence.
- Learn techniques to manage stage fright and nervousness.

**\*\*8. Critical Thinking and Problem-Solving:\*\***

- Develop critical thinking skills by analyzing communication scenarios and finding solutions.
- Improve your problem-solving abilities by tackling challenges and finding creative solutions.
- Learn to think on your feet and respond effectively to unexpected situations.

**\*\*9. Networking Opportunities:\*\***

- Meet and interact with other participants, expanding your network and connections.
- Exchange ideas and experiences with like-minded individuals, fostering collaboration and potential partnerships.
- Gain exposure to professionals in the field of communication, gaining valuable insights and guidance.

**\*\*10. Fun and Engagement:\*\***

- Enjoy a fun and engaging competition that challenges your communication skills while providing a sense of camaraderie and excitement.
- Participate in interactive activities and games that stimulate your thinking and creativity.
- Create lasting memories and have a memorable experience.

title of the event is Web Design Challenge

description of the event is An interesting event that needs your creativity and technical skills to work together. To all the enthusiasts around there, join us to test your skills by competing against creative minds. Replicate the given design quickly and precisely to move up the leaderboard. Watch out for the twist in the final round! Rules and Regulations: 1) It is a Team event. Each team should have 2 members 2) The event consists of 2 rounds 3) Preliminary Round : A design battle where each team will be given a design to replicate. The teams qualifying this round will move to the final round. 4) Final Round : Team members can assign themselves as instructors and designers. A web design will be given to the instructor. The instructor should instruct the design to the designer. The designer is unaware of the design given and should code as per the instructions of the instructor. 5) Teams are selected on the basis of accuracy and time taken for completion. 6) Participants are requested to carry their own laptops.

generated\_descriptions of the event is **Things you can learn from the event:**

1. **Design Skills:** You will learn how to replicate a given design accurately and precisely, which is a valuable skill for any designer.
2. **Communication Skills:** The final round of the event requires effective communication between the instructor and the designer. You will learn how to clearly articulate your design ideas and instructions to ensure that the final product accurately reflects your vision.
3. **Problem-Solving Skills:** You will learn how to troubleshoot and overcome challenges that may arise during the design process. This is a valuable skill for any creative professional, as you will often encounter unexpected problems that need to be solved in order to complete a project.
4. **Teamwork Skills:** You will learn how to work effectively as part of a team, which is an essential skill for any workplace. You will need to learn how to communicate effectively, collaborate on ideas, and share responsibilities in order to succeed in the event.
5. **Time Management Skills:** You will learn how to manage your time effectively in order to complete the design project within the allotted time frame. This is a valuable skill for any creative professional, as you will often have to work under tight deadlines.

**How this event is useful for you:**

1. **Portfolio Building:** Participating in this event can help you build your portfolio with high-quality design work. This can be useful for showcasing your skills to potential employers or clients.
2. **Networking Opportunities:** The event provides an opportunity to network with other creative professionals, including designers, developers, and marketers. This can be helpful for finding new job opportunities, collaborating on future projects, or simply learning about the latest trends in the industry.

3. **Resume Building:** Participating in this event can help you build your resume by demonstrating your skills, experience, and accomplishments. This can be helpful for landing a job in the creative industry.

4. **Confidence Building:** Participating in this event can help you build your confidence in your design skills and abilities. This can be helpful for your career as a creative professional.

title of the event is BattleBots

description of the event is BattleBots is a popular event that features remote-controlled robots competing in head-to-head battles. The main goal will be destroying or disabling their opponent's robot. The robots are equipped with various weapons, such as saws, hammers, and flamethrowers, and are protected by armor and shields. The matches are typically judged based on criteria such as damage inflicted, control, and strategy. Whether you are a fan of robots, technology, or just good old-fashioned competition, BattleBots is a must-see event.

Rules and regulations

- 1) Mobility
- 2) Bot Control
- 3) Weapons
- 4) Configurations
- 5) Component Protection
- 6) Maximum Weight
- 7) Weight Exclusions
- 8) Activation and Deactivation
- 9) Construction Materials

generated\_descriptions of the event is **Things You Can Learn from Attending a BattleBots Event:**

1. **Engineering and Design:** BattleBots showcases the creativity and engineering prowess of the teams that design and build the robots. You can learn about different mechanical, electrical, and software systems used in robotics and gain insights into the design principles behind effective combat robots.

2. **Problem-Solving and Innovation:** The fast-paced and unpredictable nature of BattleBots matches demands quick thinking and adaptability. You can learn how teams overcome challenges, solve problems on the spot, and innovate under pressure.

3. **Strategy and Tactics:** Battling robots requires strategic planning and tactical decision-making. You can learn about different strategies, such as offense-oriented or defense-oriented approaches, and how teams anticipate their opponents' moves and react accordingly.

4. **Robotics Technology:** BattleBots is a platform for showcasing cutting-edge robotics technology. You can see the latest advancements in sensors, actuators, controls, and materials used in building robots.

5. **Teamwork and Collaboration:** BattleBots teams typically consist of individuals with diverse skills and expertise working together towards a common goal. You can learn about the importance of teamwork, communication, and collaboration in achieving success.

6. **Entertainment and Excitement**: BattleBots is an exhilarating and entertaining spectacle. You can witness the thrill of intense robot battles, cheer for your favorite teams, and experience the excitement of the live event.

7. **Career Inspiration**: Attending a BattleBots event can inspire you to pursue a career in robotics, engineering, or related fields. You can meet professionals from the robotics industry, learn about educational opportunities, and explore potential career paths.

#### **How BattleBots Can Be Useful for You:**

1. **Educational Experience**: BattleBots can serve as an educational experience, particularly for students interested in STEM (Science, Technology, Engineering, and Mathematics) fields. The event provides a hands-on demonstration of robotics concepts, principles, and technologies.

2. **Career Opportunities**: Participating in BattleBots or following the event closely can open up career opportunities in the robotics industry. Many teams and companies involved in BattleBots are actively seeking talented individuals with robotics skills.

3. **Technical Knowledge**: By following BattleBots, you can stay informed about the latest advancements in robotics technology and gain technical knowledge that can be applied to other projects or areas of interest.

4. **Networking Opportunities**: Attending BattleBots events provides an opportunity to network with professionals, hobbyists, and experts in the robotics field. This can help you build connections, learn from others, and explore potential collaborations.

5. **Personal Development**: The challenges and excitement of BattleBots can help you develop important life skills such as problem-solving, critical thinking, creativity, and resilience. These skills can be valuable in various aspects of life beyond robotics.

title of the event is The Bibliophile's Jeopardy

description of the event is "Does a bibliophile ever have enough room on his shelves? The answer is obvious: get more shelves". fellow bibliomaniacs here

risk your knowledge of books in jeopardy and answer the questions

asked on your favorites authors. Rules and Regulations: Students will be divided into teams; Each Team take turns

choosing a topic/category. Questions are raised in the chosen category associated with a

specific author, this ranges from easy to hard depending on the amount

mentioned on the blocks. These amounts will be given as points to the team. 1.

Time duration to answer each question is 1min.2. Wrong answer will lead to negative marking3. Points will be given based on the toughness of the question.4. The game continues until all points under each category have been chosen and questions have been correctly answered.  
generated\_descriptions of the event is **\*\*What you can learn from the event:\*\***

**\* \*\*Expand your knowledge of literature:\*\*** You will learn about different authors, their works, and their contributions to literature.  
**\* \*\*Develop your critical thinking skills:\*\*** You will need to analyze and evaluate information to answer the questions correctly.  
**\* \*\*Improve your teamwork skills:\*\*** You will work with other students to answer the questions, which will help you develop your teamwork skills.  
**\* \*\*Have fun:\*\*** The event is designed to be enjoyable and entertaining, so you can have fun while you are learning.

**\*\*How the event is useful for you:\*\***

**\* \*\*Improve your academic performance:\*\*** The knowledge and skills you gain from the event can help you improve your performance in your English and literature classes.  
**\* \*\*Prepare for college:\*\*** The event can help you prepare for college-level coursework in literature and writing.  
**\* \*\*Develop your career:\*\*** The skills you develop from the event, such as critical thinking and teamwork, can be valuable in many different careers.  
**\* \*\*Become a more informed citizen:\*\*** The event can help you become a more informed citizen by exposing you to different perspectives and ideas.  
category of the event is literary  
sub\_category of the event is Literature  
description\_of\_sub\_category of the event is In recent centuries, the definition has expanded to include oral literature, much of which has been transcribed. Literature, as an art form, can also include works in various non-fiction genres, such as biography, diaries, memoir, letters, and essays. Within its broad definition, the literature includes non-fictional books, articles or other printed information on a particular subject.

title of the event is Sherlock in Silicon Valley  
description of the event is Experience the ultimate treasure hunt where you need to use a combination of virtual puzzles to find the hidden treasure.Don't miss out on this unique and thrilling opportunity to test your skills and win big. Register now!Rules and Regulations -Teams of 3 to 5 can participate.There are no breaks given in between the events.Event will be held for a minimum of 2 hrs. No extra time for checkpoints will be given.  
generated\_descriptions of the event is **\*\*Things You Can Learn from the Treasure Hunt Event:\*\***

- 1. \*\*Problem-Solving Skills:\*\*** You will learn to approach challenges creatively and come up with solutions by combining information from different clues.
- 2. \*\*Teamwork and Communication:\*\*** Working in a team requires effective communication, collaboration, and the ability to leverage individual strengths to achieve a common goal.
- 3. \*\*Critical Thinking:\*\*** You will develop the ability to analyze clues, identify patterns, and make deductions to progress through the treasure hunt.
- 4. \*\*Resourcefulness:\*\*** You will learn to use available resources, both physical and virtual, in innovative ways to solve puzzles and find the treasure.

5. **Decision-Making:** You will need to make quick decisions under pressure, weighing different options and choosing the most promising path forward.
6. **Perseverance:** The treasure hunt may present obstacles and setbacks. You will learn to stay resilient, adapt to changing circumstances, and persist until you reach the end.
7. **Time Management:** The event has a time limit, requiring you to manage your time wisely, prioritize tasks, and work efficiently to stay on track.
8. **Attention to Detail:** Success in the treasure hunt depends on paying close attention to details and noticing subtle clues that might otherwise be overlooked.
9. **Out-of-the-Box Thinking:** Some puzzles may require unconventional approaches. You will learn to think outside the box and consider alternative solutions to move forward.
10. **Confidence and Accomplishment:** Completing the treasure hunt successfully can boost your confidence and give you a sense of accomplishment, knowing you have overcome challenges and achieved a goal.

**How the Treasure Hunt Event Can Be Useful for You:**

1. **Personal Growth:** The treasure hunt event provides an opportunity for personal growth and development, helping you enhance your problem-solving, teamwork, and critical thinking skills.
  2. **Team Building:** If you participate with colleagues or friends, the event can be a valuable team-building exercise, strengthening bonds and improving communication within the group.
  3. **Leadership and Decision-Making:** If you take on a leadership role in your team, the event can help you develop your leadership and decision-making skills in a fun and engaging environment.
  4. **Problem-Solving in Real Life:** The skills you learn during the treasure hunt, such as problem-solving and critical thinking, can be applied to various aspects of your life and career, helping you navigate challenges and make informed decisions.
  5. **Lifelong Learning:** The treasure hunt event encourages lifelong learning by introducing you to new concepts, puzzles, and challenges, keeping your mind active and engaged.
  6. **Networking:** If the event is organized within a professional or social context, it can provide an opportunity to network with like-minded individuals and expand your professional connections.
  7. **Entertainment and Excitement:** The treasure hunt event is designed to be enjoyable and exciting, providing a break from routine and allowing you to have fun while learning and growing.

title of the event is CRYPTO GATHERERS  
description of the event is A scavenger hunt?? Puzzle Solving?? Ever heard of it, sound fun, is it? A map would be provided with the details to traverse to each location, find the guides, get hold of the tasks along with the code snippets to be used in the next round and carry on!! Debug the code using the snippets in the next round, compete to get the output( Cypher text) then find the ultimate answer with Cypher text and have fun!! Dares and more surprises are embedded further within the game.Rules and regulations:1. Every team should have 3 members2. At least one of the team member should know coding.  
generated\_descriptions of the event is \*\*Things you can learn from attending a scavenger hunt puzzle-solving event:\*\*

- \* \*\*Problem-solving skills:\*\* You will need to use your problem-solving skills to decipher the clues and find the hidden treasures.
- \* \*\*Teamwork:\*\* You will need to work together as a team to complete the challenges.
- \* \*\*Communication skills:\*\* You will need to communicate effectively with your teammates to share ideas and solve problems.
- \* \*\*Critical thinking skills:\*\* You will need to use your critical thinking skills to analyze the clues and find the solutions.
- \* \*\*Creativity:\*\* You may need to use your creativity to come up with unique solutions to the challenges.
- \* \*\*Coding skills:\*\* If you are a coder, you will be able to use your coding skills to solve the puzzles.
- \* \*\*Cypher text decoding:\*\* You will learn how to decode cypher text, which is a type of encrypted text.
- \* \*\*General knowledge:\*\* You may learn about various topics, such as history, geography, art, and science, as you solve the puzzles.

\*\*How this event can be useful for you:\*\*

- \* \*\*Personal development:\*\* This event can help you to develop your problem-solving, teamwork, communication, critical thinking, and creativity skills.
- \* \*\*Career development:\*\* This event can help you to develop skills that are valuable in the workplace, such as problem-solving, teamwork, and communication.
- \* \*\*Networking:\*\* This event can help you to network with other people who are interested in puzzle-solving and coding.
- \* \*\*Fun:\*\* This event is a lot of fun! You will have a chance to work together with your friends, solve puzzles, and learn new things.

Overall, attending a scavenger hunt puzzle-solving event can be a great way to learn new skills, have fun, and network with other people.

title of the event is Twist & Turn Forward

description of the event is Having nostalgic memories of snake and ladder ? How about playing it with a little flavor of commerce in it! Twist and Turn Forward emphasises on the idea that success can be achieved by making a series of small, incremental improvements. All you have to do is answering the given questions about eminent personalities and seeking a chance to roll the dice. Are you ready to trigger the market?1. Each team shall consist of 3 members, 2 for answering the questions and 1 for playing the game2. Each team will be offered questions separately.3. Filler tasks will be conducted in between, with a time limit of 2

minutes for each event

generated\_descriptions of the event is **Things you can learn from the event "Twist and Turn Forward":**

- **Problem-Solving Skills:** The event tests your ability to think critically and find solutions to problems, which is a valuable skill in the business world. As you answer the questions about eminent personalities, you must use your knowledge and reasoning skills to deduce the correct answers.

- **Strategic Thinking:** The game aspect of the event requires you to think strategically about your decisions. You must consider the potential consequences of each move and how it will impact your progress in the game. This strategic thinking skill is essential for making sound business decisions.

- **Communication and Teamwork:** Working in a team of three allows you to develop your communication and teamwork skills. You need to effectively communicate with your teammates to ensure that you are all on the same page and working towards a common goal. These skills are crucial for success in any business environment.

- **Business Concepts:** The event also introduces you to various business concepts and ideas. By learning about eminent personalities and their achievements, you gain insights into the world of business and finance. This knowledge can be useful if you aspire to pursue a career in business or finance.

- **Confidence and Public Speaking:** Answering questions in front of an audience can help you build confidence and improve your public speaking skills. These skills are essential for effective communication and leadership in the business world.

**How the event is useful for you:**

- **Resume Building:** Participation in events like "Twist and Turn Forward" can enhance your resume and make you stand out to potential employers. It demonstrates your interest in business and finance, as well as your ability to think critically, solve problems, and work in a team.

- **Networking Opportunities:** Attending the event provides an opportunity to network with other students, professionals, and experts in the field of business. Networking can be beneficial for finding job opportunities, gaining industry knowledge, and building valuable connections.

- **Personal Development:** The event challenges you to step outside your comfort zone and learn new things. It helps you develop your problem-solving skills, strategic thinking, communication, and teamwork abilities, all of which are essential for personal and professional growth.

- **Exposure to Business Ideas:** The event exposes you to various business concepts and ideas, which can spark your interest in entrepreneurship or a career in the business world. It can also provide you with valuable insights and knowledge that you can apply to your own business endeavors.

- **Skill Building:** Participating in the event allows you to develop and enhance various skills that are essential for success in business, such as critical thinking, problem-solving, strategic thinking, communication, teamwork, and public speaking. These skills are highly sought-after by employers and can increase your employability.

title of the event is Forensic 4.0

description of the event is Forensic science, in the recent times serves as an important method in finding solutions to difficult and unsolvable cases. It aids the investigators in all the stages of investigation. With increasing demand of forensic science, we need more Sherlock Holmes and Barry Allen to help us solve the case. This is a mixture of technical and analytical event that will enable the participants to think in different aspects and come up with a solution by untying the knot of mystery and solving it. Rules and Regulations: Round 1 - Teams will have to take up a quiz. Round 2 - Analysis of a video and an unsolved mystery. Finalists will be shortlisted from round 1 and 2 and proceed to round 3. Round 3 - Physical analysis of a crime scene.

generated\_descriptions of the event is \*\*Things you can learn from the event:\*\*

\* \*\*The basics of forensic science:\*\* You will learn about the different types of forensic evidence, how it is collected and analyzed, and how it can be used to solve crimes.

\* \*\*The importance of critical thinking and problem-solving skills:\*\* Forensic science is all about solving puzzles, so you will need to be able to think critically and come up with creative solutions to problems.

\* \*\*The value of teamwork:\*\* Forensic science is often a collaborative effort, so you will need to be able to work well with others and share your ideas and insights.

\* \*\*The satisfaction of solving a mystery:\*\* There is nothing quite like the feeling of solving a mystery, and forensic science can give you the opportunity to do just that.

\*\*How this event is useful for you:\*\*

\* \*\*If you are interested in a career in forensic science:\*\* This event can help you learn more about the field and see if it is a good fit for you.

\* \*\*If you are looking for a challenging and rewarding experience:\*\* This event can provide you with a challenging and rewarding experience that will push you to think outside the box and come up with creative solutions to problems.

\* \*\*If you are simply interested in learning more about forensic science:\*\* This event is a great way to learn more about forensic science and how it is used to solve crimes.

title of the event is CAD Contest

description of the event is Are you a budding civil engineer equipped with AutoCAD skills? Here is an opportunity to unleash your potential. The event comprises of various rounds with differing difficulty levels. Participant's skill on drafting and spontaneity will be tested based on various aspects. Participants shortlisted from round 1 will be qualified for round 2. Round 1 - 2D Plan Round 2 - Elevation Rules and Regulations: 1) Candidates must complete the each level within the given time. 2) Candidates are not allowed to use internet. 3) The decision made by the jury is final.

generated\_descriptions of the event is \*\*Things you can learn from the event:\*\*

\* \*\*AutoCAD skills:\*\* You will improve your AutoCAD skills by practicing various

drafting techniques and commands.

\* \*\*2D drafting:\*\* You will learn how to create 2D plans of buildings and other structures.

\* \*\*Elevation drawing:\*\* You will learn how to create elevation drawings of buildings and other structures.

\* \*\*Drafting standards:\*\* You will learn about the different drafting standards that are used in the construction industry.

\* \*\*Time management:\*\* You will learn how to manage your time effectively in order to complete your drawings within the given time limit.

\* \*\*Problem-solving skills:\*\* You will develop your problem-solving skills by working through the different challenges that you will encounter during the event.

\* \*\*Creativity:\*\* You will have the opportunity to be creative in your drawings and to come up with new and innovative solutions to the problems that you will encounter.

**\*\*How this event is useful for you:\*\***

\* \*\*Career development:\*\* The event can help you to develop your skills and knowledge in the field of civil engineering, which can make you more attractive to potential employers.

\* \*\*Networking:\*\* The event can provide you with an opportunity to network with other students and professionals in the field of civil engineering.

\* \*\*Certificates and prizes:\*\* The event may offer certificates or prizes to the winners, which can help you to stand out from other candidates when applying for jobs.

\* \*\*Experience:\*\* The event can provide you with valuable experience that you can use in your future career as a civil engineer.

title of the event is LFR CHALLENGE

description of the event is The line follower robot is an automated vehicle that follows a visual black line or path on the surface. This visual line is a path on which the line follower robot moves. Participants are asked to bring their own robots to the event and should make the robot run on the track despite any disturbances which increases level by level.

generated\_descriptions of the event is **\*\*Things You Can Learn from Attending a Line Follower Robot Event:\*\***

**\*\*1. Practical Robotics Knowledge:\*\***

- Learn the fundamentals of robotics, including sensor integration, motor control, and programming.

**\*\*2. Problem-Solving and Troubleshooting:\*\***

- Develop problem-solving skills by analyzing and debugging issues that may arise with your robot.

**\*\*3. Programming and Control Algorithms:\*\***

- Gain experience in programming and implementing control algorithms for autonomous navigation.

**\*\*4. Electronics and Hardware Integration:\*\***

- Understand how to integrate various electronic components, such as sensors, actuators, and microcontrollers.

**\*\*5. Mechanical Design and Construction:\*\***

- Learn about the mechanics of robot design and construction, including

materials selection and assembly techniques.

**\*\*6. Teamwork and Collaboration:\*\***

- Participate in collaborative team projects to build a line-following robot, enhancing your teamwork and communication skills.

**\*\*7. Competition and Sportsmanship:\*\***

- Experience the thrill of competition and develop a sense of sportsmanship while competing with other participants.

**\*\*8. Problem Analysis and Optimization:\*\***

- Analyze the behavior of your robot and identify areas for improvement, leading to a better understanding of optimization techniques.

**\*\*9. Innovation and Creativity:\*\***

- Unleash your creativity by coming up with unique solutions and modifications to your robot to achieve the best performance.

**\*\*10. Networking and Community Involvement:\*\***

- Meet fellow enthusiasts, share knowledge, and network with other participants, fostering a sense of community.

**\*\*How a Line Follower Robot Event Can Be Useful for You:\*\***

**\*\*1. Career Opportunities:\*\***

- Participation in this event can demonstrate your skills and enthusiasm for robotics, potentially opening doors to career opportunities in the field.

**\*\*2. Preparation for Robotics Competitions:\*\***

- This event can serve as a stepping stone to larger and more prestigious robotics competitions, such as RoboCup or FIRST Robotics.

**\*\*3. Educational Value:\*\***

- The hands-on experience gained from building and programming your robot can be valuable for students pursuing STEM education.

**\*\*4. Personal Satisfaction and Accomplishment:\*\***

- Successfully completing the event and seeing your robot navigate the track autonomously can provide a sense of accomplishment and satisfaction.

**\*\*5. Improved Problem-Solving Skills:\*\***

- Troubleshooting and debugging issues with your robot can enhance your problem-solving skills, which are valuable in both professional and personal life.

**\*\*6. Confidence-Building:\*\***

- Overcoming challenges and achieving success in the event can boost your confidence and self-belief.

**\*\*7. Real-World Application of Robotics:\*\***

- This event allows you to apply theoretical knowledge of robotics to practical, real-world problems, bridging the gap between theory and practice.

title of the event is Test your Driving Skills

description of the event is Testing your driving skills aims to unleash the knowledge stored within you regarding driving. Know the tactics behind smart driving and Safety needed! Experience your Driving Skill in different terrain through Our vehicle simulator. Rules and Regulations: The event consists of 2 rounds. Round 1- test the participants knowledge on driving skills and their craze towards driving as they are tasked to find the logical rules and analyze the driving ability of the driver to move smartly in constrained routes and area through Quiz and Reasoning. Round 2- participants are provided with a car and are asked to stimulate it through different terrain. The data sheet is recorded according to the performance and the final winner is decided.  
generated\_descriptions of the event is **Things You Can Learn:**

1. **Road Safety and Rules:** By participating in this event, you will gain a deeper understanding of road safety rules and regulations, traffic laws, and safe driving practices. This knowledge will help you become a more responsible and cautious driver on the road.
2. **Driving Techniques and Skills:** You will learn various driving techniques and skills, including defensive driving, emergency braking, skid control, and handling different road conditions. These skills will help you improve your overall driving ability and confidence behind the wheel.
3. **Vehicle Handling and Control:** Through the vehicle simulator, you will experience how to handle and control a vehicle in different terrains and circumstances. This simulation will provide you with valuable insights into the dynamics of driving and how to react in various situations.
4. **Problem-Solving and Decision-Making:** The event will challenge you to find logical rules and analyze driving scenarios to make smart decisions. These problem-solving and decision-making skills are crucial for safe and efficient driving.
5. **Risk Assessment and Avoidance:** You will learn how to assess risks on the road, anticipate potential hazards, and take appropriate actions to avoid accidents. This skill is essential for preventing accidents and keeping yourself and others safe.
6. **Stress Management and Emotional Control:** Participating in this event can help you develop stress management and emotional control skills. Driving can be stressful, especially in challenging situations. Learning how to manage stress and stay calm under pressure will make you a better and safer driver.

**Usefulness of the Event:**

1. **Improved Driving Skills and Safety:** The knowledge and skills acquired through this event will directly translate into improved driving skills and increased safety on the road. You will be more confident and capable of handling various driving situations, leading to a safer driving experience for you and others.
2. **Preparation for Real-World Driving:** The vehicle simulator and scenario-based challenges will provide you with a controlled environment to practice and improve your driving skills before taking them to the real world. This preparation can help you become a safer and more competent driver from the start.
3. **Enhanced Problem-Solving and Decision-Making Abilities:** The event's challenges will hone your problem-solving and decision-making skills. These skills are not only valuable for driving but also for various other aspects of life, such as personal and professional endeavors.
4. **Confidence and Self-Awareness:** By successfully navigating the challenges of this event, you will gain confidence in your driving abilities and increase your self-awareness as a driver. This confidence can make you a more assertive

and proactive driver, reducing the likelihood of accidents.  
category of the event is technical  
sub\_category of the event is Mechanical  
description\_of\_sub\_category of the event is It is the study of physical machines that may involve force and movement. title of the event is Speed Cubing 2.0  
description of the event is Speed cubing is a challenge based on actual Rubik's competition rules participants are asked to solve the cube and for each time solving participant should get the cube scrambled from the team and solve participant with best timing will receive the prize amount if the participant has their own can bring it to the competition. Rules and regulations: 1. Participant, if possible, can bring their own cube for the competition. 2. Should follow the actual cube competition rules. 3. Participant should fill the form with time and gets sign from the team for each time of solving. 4. Participant should scramble the cube before each time of solving.  
generated\_descriptions of the event is Things You Can Learn from Attending a Speed Cubing Event:

**\*\*1. Problem-Solving Skills:\*\***

- Speed cubing challenges your analytical and problem-solving abilities.
- You'll learn to approach complex challenges systematically and methodically.

**\*\*2. Hand-Eye Coordination:\*\***

- Practicing speed cubing improves your hand-eye coordination, as you have to manipulate the cube quickly and precisely.

**\*\*3. Memory and Visualization:\*\***

- Speed cubing involves memorizing algorithms and visualizing the cube's state. This can enhance your memory and visualization skills.

**\*\*4. Concentration and Focus:\*\***

- During a speed cubing competition, you need to concentrate intensely and focus on the task at hand. This can help improve your concentration and focus in other areas of your life.

**\*\*5. Time Management:\*\***

- Speed cubing competitions are timed, so you have to manage your time effectively. This can help you develop time management skills that can be useful in various aspects of life.

**\*\*6. Resilience and Perseverance:\*\***

- Speed cubing requires practice and dedication. By participating in competitions, you'll learn to persevere through challenges and continue improving your skills.

**\*\*7. Sportsmanship:\*\***

- Speed cubing competitions are often held in a friendly and competitive atmosphere. You'll learn to compete respectfully and display good sportsmanship.

**\*\*8. Making New Connections:\*\***

- Speed cubing events provide an opportunity to meet like-minded individuals who share your passion for puzzle-solving. You can make new friends, network, and learn from other cubers.

How Speed Cubing Can Be Useful for You:

**\*\*1. Improved Cognitive Skills:\*\***

- Practicing speed cubing can lead to improvements in cognitive skills such as problem-solving, memory, visualization, and focus. These skills are beneficial in many areas of life, including academics, work, and personal pursuits.

**\*\*2. Time Management and Efficiency:\*\***

- The time management skills you develop through speed cubing can be applied to other areas of your life, helping you become more efficient and productive.

**\*\*3. Stress Relief and Relaxation:\*\***

- For some individuals, speed cubing can be a form of relaxation and stress relief. The mental challenge and focus required can provide a break from daily stressors.

**\*\*4. Enhanced Problem-Solving Abilities:\*\***

- Speed cubing teaches you to approach complex problems systematically and break them down into smaller, manageable steps. This problem-solving approach can be applied to various challenges in life.

**\*\*5. Greater Confidence:\*\***

- As you improve your speed cubing skills and participate in competitions, your confidence can grow. This can have a positive impact on your self-esteem and overall well-being.

**\*\*6. Fun and Enjoyment:\*\***

- Speed cubing can simply be an enjoyable and entertaining activity that you can do for fun and personal satisfaction

title of the event is Monoact

description of the event is Monaoact is all about a solitary performer giving a performance. The person performs a variety of roles in the same scene as different characters. The actor delivers a theatrical performance while acting out his own script. participants can perform on any theme. the best performance will be declared winners. Rules and regulations -1.only one performer performs all characters.2.performance can be in english or tamil.3.total time of performance 4-6mins.4.script should not contain any vulgarity or profanity.5.judges decision will be final

generated\_descriptions of the event is **\*\*Things you can learn from attending a monodrama event:\*\***

1. **\*\*Storytelling Techniques\*\***: Monodramas rely heavily on storytelling skills to captivate the audience. By observing how the performer effectively conveys the narrative through their actions, expressions, and dialogue, you can learn valuable techniques to enhance your own storytelling abilities.

2. **\*\*Character Development\*\***: Monodramas often involve the performer portraying multiple characters with distinct personalities and motivations. Watching how the actor brings these characters to life can provide insights into character development and help you create more compelling characters in your own creative work.

3. **\*\*Stage Presence and Projection\*\***: Monodramas require performers to command

the stage and project their voices effectively to engage the audience. By observing the performer's stage presence and projection techniques, you can learn how to better captivate an audience and deliver your message with impact.

4. **\*\*Nonverbal Communication\*\***: Nonverbal communication plays a crucial role in conveying emotions, intentions, and relationships in a monodrama. By paying attention to the performer's body language, facial expressions, and gestures, you can learn how to use nonverbal communication to enhance your storytelling and acting skills.

5. **\*\*Audience Engagement\*\***: Monodramas rely on the performer's ability to connect with and engage the audience. By observing how the performer interacts with the audience, you can learn techniques to build rapport, maintain interest, and create a memorable experience for your own audiences.

**\*\*How this event can be useful for you:\*\***

1. **\*\*Personal Development\*\***: Attending a monodrama event can be a personally enriching experience. By witnessing the performer's dedication, passion, and creativity, you may feel inspired to explore your own creative potential and develop your storytelling and acting skills.

2. **\*\*Communication Skills\*\***: The techniques you learn from observing the performer's storytelling, character development, and audience engagement can be applied to improve your communication skills in various contexts, such as public speaking, presentations, and interpersonal interactions.

3. **\*\*Critical Thinking\*\***: Analyzing the performer's choices, the narrative structure, and the overall impact of the monodrama can help you develop critical thinking skills and a deeper understanding of storytelling and theatrical techniques.

4. **\*\*Appreciation for the Arts\*\***: Attending a monodrama event can cultivate your appreciation for the arts, particularly theater and performance. By witnessing the performer's talent and dedication, you may gain a newfound respect for the craft and the importance of artistic expression.

5. **\*\*Networking Opportunities\*\***: Monodrama events often provide opportunities to network with other attendees, including fellow performers, artists, and theater enthusiasts. This can be beneficial for expanding your social circle, learning about upcoming events, and potentially collaborating on creative projects in the future.

title of the event is Sudoku challenge

description of the event is Sudoku is a logic-based, combinatorial number-placement puzzle. This Japanese puzzle game is based on the logical placement of numbers. A game of logic, Sudoku doesn't require any calculation nor special math skills; all that is needed are brains and concentration. Sudoku challenge is a popular classic number game to train your brain. Rules and Regulations There will be three rounds. Round 1: Easy level is characterized by cells contain more numbers. Round 2: Medium level is a logic puzzle which is harder than an easy one and requires certain tactics to solve it. Round 3: Hard level is characterized by

the fact that cells contain much fewer numbers than simple or medium ones.1.There will be elimination from the second round.2.Bring your own pencil or pen to the event.3.No cheating is allowed.  
generated\_descriptions of the event is \*\*Things you can learn from attending the Sudoku event:\*\*

\* \*\*Logical thinking:\*\* Sudoku is a logic-based game that requires you to use your reasoning skills to solve puzzles. Playing Sudoku regularly can help you develop your logical thinking skills, which can be beneficial in many areas of your life, such as problem-solving, decision-making, and critical thinking.  
\* \*\*Concentration and focus:\*\* Sudoku requires you to focus and concentrate on the puzzle in order to solve it. Playing Sudoku regularly can help you improve your concentration and focus, which can be beneficial in many areas of your life, such as studying, working, and driving.  
\* \*\*Patience:\*\* Sudoku can be a challenging game, and it requires patience to solve some of the more difficult puzzles. Playing Sudoku regularly can help you develop your patience, which can be beneficial in many areas of your life, such as dealing with difficult people or situations and achieving your goals.  
\* \*\*Problem-solving skills:\*\* Sudoku is a problem-solving game that requires you to use your reasoning skills to solve puzzles. Playing Sudoku regularly can help you develop your problem-solving skills, which can be beneficial in many areas of your life, such as solving problems at work or school, or dealing with difficult situations.

\*\*How the Sudoku event can be useful for you:\*\*

\* \*\*Brain training:\*\* Playing Sudoku regularly can help you keep your brain active and sharp. This can help you reduce your risk of developing dementia and other cognitive decline as you age.  
\* \*\*Stress relief:\*\* Sudoku can be a relaxing and enjoyable activity that can help you relieve stress. When you focus on solving a Sudoku puzzle, you can forget about your worries and problems for a while.  
\* \*\*Social interaction:\*\* The Sudoku event can provide an opportunity for you to socialize with other people who enjoy playing Sudoku. This can be a great way to make new friends and learn from each other.  
\* \*\*Competition:\*\* The Sudoku event can provide an opportunity for you to compete with other people in a friendly and challenging environment. This can be a great way to test your skills and see how you compare to others.

title of the event is Seismic Design Contest  
description of the event is Seismic Design Contest is an team event where each team shall construct a structure using the materials provided within stipulated time. The structure's resistance and stability will be evaluated under seismic conditions by mounting it on Horizontal Seismic shake table apparatus.First Half : Participants will be provided with the required materials and asked to build a frame structure with given criteria within the stipulated time. The structure should be built in such a way it resists the seismic waves.Second Half : After the frame structure is built , it will be tested in the horizontal shake table under various seismic conditions and will be evaluated by the juries.Rules and Regulations:1) A team can comprise of 3 to 5 members2) All the teams are requested to report before 9.15 AM.3) Participants must build the frame structure only with the materials provided4) The structure should be built under all the criteria's that will be mentioned on spot5) The organizing team reserves

the right to add, alter and amend the rules on the date of competition6) The decision made by the jury will be the final generated\_descriptions of the event is \*\*Things you can learn from the Seismic Design Contest:\*\*

\* \*\*Structural engineering principles:\*\* You will learn about the basic principles of structural engineering, such as how to design a structure that can withstand seismic forces.

\* \*\*Materials science:\*\* You will learn about the properties of different materials and how they can be used to construct a structure that is resistant to earthquakes.

\* \*\*Teamwork and collaboration:\*\* You will learn how to work effectively in a team to design and build a structure.

\* \*\*Problem-solving skills:\*\* You will learn how to solve problems and overcome challenges, such as how to design a structure that meets all of the competition criteria.

\* \*\*Creativity:\*\* You will learn how to think creatively and come up with new ideas for designing a structure that is both resistant to earthquakes and aesthetically pleasing.

\*\*How this event is useful for you:\*\*

\* \*\*Develop skills that are valuable in the workplace:\*\* The skills you learn in the Seismic Design Contest are valuable in many different careers, such as structural engineering, civil engineering, and architecture.

\* \*\*Gain experience working in a team:\*\* The Seismic Design Contest is a great way to gain experience working in a team and learning how to collaborate with others.

\* \*\*Solve real-world problems:\*\* The Seismic Design Contest is a great way to apply your knowledge and skills to solving real-world problems.

\* \*\*Build your portfolio:\*\* The Seismic Design Contest is a great way to build your portfolio and showcase your skills to potential employers.

\* \*\*Have fun!\*\* The Seismic Design Contest is a fun and challenging event that is a great way to learn about structural engineering and teamwork.

title of the event is Coding Premier League – CPL

description of the event is Coding Premier League: Where coders compete to be crowned the champion!The Coding Premier League is here to challenge your coding skills and put your knowledge to the test. With a variety of programming languages and exciting tasks, this league promises to be an experience like no other.Imagine facing off against the best coders and showcasing your expertise, with a host of prizes and bragging rights up for grabs, the stakes have never been higher.But this isn't just about winning. The Coding Premier League is also a platform for coders to learn, grow and connect with like-minded individuals. So come, join us and be a part of this thrilling journey where every line of code counts and every bug is a lesson.Ready to rise to the challenge? Register now and let the coding begin!Rules and Regulations -1. Teams: Each team can have 2 to 3 members.2. Knockout Basis: The event will be held on a knockout basis between 2 teams, with the losing team being eliminated from the competition.3. Time Limit: Each match will have a time limit of 2 hours. Teams must complete their code within this time limit to be eligible for points.4. Scoring: Teams will be scored based on the accuracy, efficiency, and functionality of their code. Points will be awarded by the judges based on these criteria.5. Cheating: Cheating of any kind will not be tolerated. Teams found to be cheating will be immediately disqualified from the competition.6. Equipment: All required equipment will be provided.7. Decisions: The decisions made by the judges and

organizers are final and binding.

generated\_descriptions of the event is **Things You Can Learn from Attending the Coding Premier League:**

1. **Programming Languages:** You will get hands-on experience with various programming languages and their applications.
2. **Algorithm Design:** You will learn how to design and implement efficient algorithms for solving complex problems.
3. **Data Structures:** You will gain a deeper understanding of data structures and their application in different scenarios.
4. **Problem-Solving Skills:** You will develop your problem-solving skills by tackling real-world programming challenges.
5. **Teamwork:** You will learn how to work effectively as part of a team, collaborating with others to solve problems.
6. **Time Management:** You will learn how to manage your time effectively to complete tasks within a given timeframe.
7. **Adaptability:** You will learn to adapt to changing requirements and constraints, as you work on different challenges throughout the competition.
8. **Resilience:** You will develop resilience and perseverance, as you encounter challenges and setbacks during the competition.

**How the Coding Premier League Can Be Useful for You:**

1. **Enhanced Skills:** The competition will help you enhance your programming skills, making you a more valuable asset to potential employers.
  2. **Networking:** You will have the opportunity to network with other coders, learn from their experiences, and build valuable connections.
  3. **Experience:** Participating in the competition will give you valuable experience that you can highlight on your resume, making you stand out from other candidates.
  4. **Challenge:** The competition will challenge you to think critically and creatively, pushing you to your limits and helping you grow as a programmer.
  5. **Fun:** The event is designed to be fun and engaging, providing an enjoyable way to learn and compete.
  6. **Prizes:** You will have the chance to win prizes and recognition for your achievements, further motivating you to excel.
  7. **Career Opportunities:** Your participation in the competition can open up new career opportunities in the tech industry.

title of the event is What If...

description of the event is Twisted situations and alternate endings are constant thoughts in the minds of every reader. What If promotes the overthinking skills of every reader and gives them a chance to express your creativity and spontaneity. Rules and Regulations: 1. Participants will be given a situation based on their book of interest. 2. They will be given 3 minutes to prepare and must speak for a minimum of 5 minutes and maximum of 7 minutes. 3. Participants will be scored based on their creativity, speech flow, time limit etc. 4. Use of foul language is not entertained. Marks will be deducted for the same. 5. The decision of the Jury will be final.

generated\_descriptions of the event is **Things You Can Learn from the What If Event:**

\* **Creative Thinking:** The event encourages you to think outside the box and come up with unique and imaginative solutions to the given situations. This can help you develop your creative thinking skills, which are useful in various aspects of life.

\* **Spontaneity:** You have a limited time to prepare and present your ideas, which forces you to think on your feet and be spontaneous. This can help you improve your ability to adapt to unexpected situations and come up with quick solutions.

\* **Public Speaking:** The event provides an opportunity to practice your public speaking skills. You will learn how to structure your speech, engage your audience, and effectively communicate your ideas.

\* **Confidence:** Presenting your ideas in front of an audience can be daunting, but it can also help you build confidence in your abilities. The more you practice public speaking, the more comfortable you will become with it.

\* **Feedback:** You will receive feedback from the judges and audience, which can help you identify areas where you can improve your speaking and presentation skills. This feedback can be valuable in your personal and professional development.

**How the Event Can Be Useful for You:**

\* **Personal Development:** The event can help you develop valuable skills such as creative thinking, spontaneity, public speaking, and confidence. These skills can benefit you in various aspects of your life, including your studies, career, and personal relationships.

\* **Career Opportunities:** Strong communication and presentation skills are highly sought after by employers in various industries. Participating in the event can help you develop these skills and make you a more attractive candidate for jobs.

\* **Networking:** The event provides an opportunity to network with other participants, judges, and organizers. This can help you expand your professional network and build relationships that may be beneficial in the future.

\* **Personal Satisfaction:** Participating in the event can be a rewarding and enjoyable experience. It allows you to express your creativity, challenge yourself, and learn new skills. The feeling of accomplishment you get from successfully presenting your ideas can be very satisfying.

title of the event is WOW(Wolf of Worth)

description of the event is Wolf of worthoAn event perfect to enhance your skills in the field of marketing.oUnderstand the strategies and components of a company.oThis event ensures to enrich the knowledge of marketing in a business or startupoCreate, design and unveil your product.oWOW comprises of two consecutive roundsRound 1•To sell: one must gain the marketing ideas of a product•Voice out the advantages of the product and analyze growth of the

productRound 2•To wreck: one must understand the economic factors of a market•Exhibit thorough causes of the product to incur a fall in the marketGround rules and regulations to be followed:▲A team should consist of 4 members only▲Participants must carry all the basic requirements in order to create a product▲Complete the task by the allotted time▲Plagiarism should be avoided▲Final Verdict will be declared by the judge  
generated\_descriptions of the event is \*\*Things you can learn from attending the "Wolf of Worth" event:\*\*

\* \*\*Marketing Strategies:\*\* You will gain insights into various marketing strategies used by successful companies, including how to create and execute a comprehensive marketing plan, target the right audience, and measure the effectiveness of your campaigns.

\* \*\*Product Development:\*\* You will learn how to create, design, and unveil a product or service that meets the needs of your target market, including how to conduct market research, identify pain points, and develop a unique value proposition.

\* \*\*Economic Factors:\*\* You will gain an understanding of the economic factors that influence market trends and consumer behavior, such as inflation, exchange rates, and supply and demand dynamics.

\* \*\*Crisis Management:\*\* You will learn how to handle negative customer feedback, product recalls, and other crises that can arise in the business world, including how to respond effectively, mitigate damage, and rebuild trust.

\* \*\*Teamwork and Collaboration:\*\* Working in a team, you will learn how to effectively collaborate with others, share ideas, and solve problems as a group, which are essential skills for any business professional.

\*\*How this event can be useful for you:\*\*

\* \*\*Career Development:\*\* The "Wolf of Worth" event can help you develop valuable skills and knowledge that can enhance your career prospects in the field of marketing, product development, or business management.

\* \*\*Entrepreneurship:\*\* If you have an entrepreneurial spirit and aspire to start your own business, this event can provide you with practical insights and tools to help you turn your ideas into reality.

\* \*\*Problem-Solving:\*\* The event's challenges will require you to think critically and creatively to come up with solutions, which is a valuable skill for any professional in any industry.

\* \*\*Networking:\*\* You will have the opportunity to network with other participants, mentors, and industry experts, which can help you expand your professional connections and gain valuable insights into the business world.

\* \*\*Resume Building:\*\* Your participation in the event can strengthen your resume by demonstrating your marketing skills, problem-solving abilities, and teamwork capabilities, making you a more attractive candidate to potential employers.

title of the event is Wall painting

description of the event is Art lovers, got no plans for March ? Wall painting presents you with the opportunity to channel and express the Picasso in you. Capture hearts and enchant souls by creating an everlasting expression engraved on walls.Event Details:1. Theme- on spot2. Time limitPreliminary round - 1 hourFinal round - 2 hours 30 minutes3. Members per team - Max. 34. Prizes worth Rs. 5000Rules and regulations:1. For the preliminary round , students should draw/paint their idea on a paper within the given time limit2. Best 4 ideas are selected for final round and allowed to paint on the wall3. Art supplies will be provided4. On spot entries are not allowed5. Wall dimensions will be informed to the teams registering for event.6. For any queries, contact event coordinators. generated\_descriptions of the event is Attending the Wall Painting event can provide valuable learning experiences and benefits:

1. **\*\*Artistic Expression:\*\*** You have the chance to explore your artistic talents and express your creativity through the medium of painting. By channeling your imagination and personal style, you can create a unique and visually appealing artwork that captures the attention of others.

2. **\*\*Problem-Solving and Innovation:\*\*** Painting a wall presents challenges that require problem-solving and innovative thinking. You'll need to adapt your art to the specific dimensions and surface of the wall, and find creative ways to convey your ideas within the given time constraints. This can enhance your ability to think on your feet and find unconventional solutions.

3. **\*\*Teamwork and Collaboration:\*\*** If you participate in the event as part of a team, you'll have the opportunity to collaborate with others and share your artistic vision. Effective teamwork involves communication, coordination, and the ability to compromise, all of which are valuable skills for personal and professional success.

4. **\*\*Confidence and Self-Expression:\*\*** Successfully completing the wall painting event can boost your confidence in your artistic abilities and your ability to express yourself creatively. Seeing your artwork displayed for others to appreciate can be a rewarding and empowering experience.

5. **\*\*Networking:\*\*** The event provides an opportunity to connect with other art enthusiasts, including fellow participants, event organizers, and art professionals. This can help you expand your network, learn from others' experiences, and potentially open doors to future artistic collaborations or opportunities.

6. **\*\*Event Participation and Experience:\*\*** Participating in events like this can be an enjoyable and memorable experience. It allows you to step outside your comfort zone, try something new, and create lasting memories with friends or teammates.

Overall, the Wall Painting event can help you develop your artistic skills, problem-solving abilities, teamwork and communication skills, confidence, and networking opportunities. It can also be a fun and memorable experience that enriches your personal and creative growth.

title of the event is DRAMATICS

description of the event is Dramatics is a short skit performance where the participants are asked to choose a script and perform as a team. It focuses on bringing out the artist in you and team building work. Rules and Regulations: 1) No vulgarities 2) Both languages English and Tamil can be used. 3) Costumes and properties including lights must be from your side. 4) Skit timing must be 10 to 12 minutes and timings will be followed strictly. 5) The theme has been open. 6) Team size will be 4-8 members per team. 7) Judge's decision will be final. generated\_descriptions of the event is **Things You Can Learn from Attending Dramatics Event:**

1. **Teamwork and Collaboration:** Working together as a team to create a skit requires effective communication, coordination, and collaboration. You will learn to listen to others, contribute your ideas, and work together to achieve a common goal.
2. **Creativity and Problem-Solving:** Developing a skit involves using your imagination and creativity to bring a story to life. You will learn to think outside the box, come up with innovative solutions, and adapt to unexpected challenges.
3. **Public Speaking and Performance Skills:** Performing in front of an audience can be nerve-racking, but it also provides an excellent opportunity to improve your public speaking and performance skills. You will learn to project your voice, express your emotions, and connect with the audience.
4. **Time Management and Organization:** Creating a skit within a specific time frame requires careful planning, organization, and time management. You will learn to allocate tasks, manage your time effectively, and work under pressure.
5. **Adaptability and Flexibility:** Things don't always go according to plan, especially during live performances. You will learn to adapt to unexpected changes, think on your feet, and find creative solutions to overcome challenges.
6. **Cultural Awareness and Appreciation:** If you choose to perform a skit in a different language or based on a different culture, you will gain a deeper understanding and appreciation of diverse cultures and perspectives.
7. **Self-Confidence and Self-Expression:** Participating in dramatics can help you build self-confidence and develop your ability to express yourself creatively. You will learn to take risks, embrace your uniqueness, and share your talents with others.

**How This Event Can Be Useful for You:**

1. **Personal and Professional Development:** The skills you learn through dramatics, such as teamwork, creativity, public speaking, and problem-solving, are valuable in both personal and professional life. They can help you succeed in your career, build strong relationships, and navigate various challenges.
2. **Preparation for Future Endeavors:** If you aspire to pursue a career in the performing arts, dramatics can provide you with a platform to showcase your talent and gain valuable experience. It can also help you build a network of industry professionals and prepare you for future auditions or performances.
3. **Team Building and Bonding:** Participating in dramatics as a team can strengthen team bonds, foster a sense of camaraderie, and improve communication and collaboration within the team. It can lead to a more cohesive and productive team environment.
4. **Stress Relief and Enjoyment:** Engaging in creative activities like dramatics can be a great way to relieve stress, have fun, and enjoy yourself. Participating in such events can provide a much-needed break from daily routines and help you unwind and recharge.

title of the event is Biohunt

description of the event is Our world is built on biology and once we begin to understand and contribute to it, then it becomes biotechnology. It is an interdisciplinary field that recreates nature more beautifully and brings breakthrough products and technologies to combat debilitating and rare diseases, reduce our environmental footprint, feed the hungry, and use safer and cleaner energy. In this context, Bio-hunt is a technical and analytical event that enables curious biotech enthusiasts to have insightful learning and hands-on experience with biotechnology. Unravel the riddles and play to complete the awaiting experiments in the labs! Guidelines :1. Team event( 2 per team)2. Participants can preferably bring their lab coat .3. Protocols for performing the tasks will be provided.4. All science buffs are welcome to attend the event. Rules and regulations: To enter each round, participants have to hunt for the hidden clue. Round 1: Find the Dogma DNA extraction from fruits. Round 2: Count the microbes Microbial growth rate determination. Round 3: Finding hemo Identification of Blood group A demo would be provided for all rounds. So, all you need is an enthusiastic mind to try your hands on science experiments. Points will be awarded based on the rubrics and the decision of the jury will be final.

generated\_descriptions of the event is \*\*Things you can learn from attending the Bio-Hunt event:\*\*

1. **Basics of Biotechnology:** Gain a fundamental understanding of biotechnology, including its interdisciplinary nature, applications in various fields, and its potential to address global challenges such as diseases, environmental issues, and food security.
2. **DNA Extraction:** Learn the process of extracting DNA from fruits, which is a fundamental technique used in molecular biology and genetic engineering.
3. **Microbial Growth Rate Determination:** Understand the concept of microbial growth rate and learn how to measure and analyze it. This knowledge is crucial in studying microbial populations and their behavior in different environments.
4. **Blood Group Identification:** Discover the techniques used to identify blood groups, which is essential in blood transfusions, organ transplantation, and forensic analysis.

**How this event is useful for you:**

1. **Hands-on Experience:** This event provides an opportunity to engage in hands-on laboratory experiments, allowing you to apply theoretical knowledge to practical situations and gain valuable laboratory skills.
2. **Problem-solving and Critical Thinking:** The event challenges participants to solve riddles and complete experiments, fostering problem-solving abilities and critical thinking skills. These skills are highly valued in various fields, including scientific research, engineering, and medicine.
3. **Collaboration and Teamwork:** Working in teams of two helps you develop collaboration skills and learn to work effectively with others. Collaboration is a key skill in many workplaces, as it allows teams to pool their knowledge and expertise to achieve common goals.
4. **Exploration of Biotechnology as a Career Path:** If you are interested in pursuing a career in biotechnology, this event provides a glimpse into the field and allows you to explore different aspects of it. You may meet professionals in

the field and learn about potential career opportunities.

Overall, attending the Bio-Hunt event can be a valuable experience for anyone interested in biotechnology, providing hands-on learning, problem-solving challenges, teamwork opportunities, and exposure to potential career paths in the field.

title of the event is Tie and Dye

description of the event is Tie-Dye is the first signs of Summertime; wearable art that you get to create yourself. In this event, learn everything you need to know about tie dying.Rules and Regulations:1) Two in team2) Direct dyes will be provided by the organizers.3) Cloth will be provided by the coordinators.4) Juries' decision would be final.

generated\_descriptions of the event is

\*\*Things You Can Learn from the Tie-Dye Event:\*\*

1. **\*\*Tie-Dye Techniques:\*\*** You'll learn various tie-dye techniques, such as spiral, crumple, Ice-dye, and more, allowing you to create unique and colorful patterns.

2. **\*\*Color Mixing and Dyeing:\*\*** You'll gain knowledge about color mixing and dyeing techniques, helping you achieve vibrant and bold designs.

3. **\*\*Fabric Preparation:\*\*** You'll learn how to properly prepare the fabric before dyeing, ensuring the dye adheres correctly and evenly.
4. **\*\*Safety Measures:\*\*** You'll be informed about safety precautions when working with dyes, including proper handling and disposal methods.
5. **\*\*Creative Expression:\*\*** Tie-dye is a fun and creative activity that encourages self-expression. You'll have the opportunity to explore your artistic side and create wearable art.
6. **\*\*Stress Relief:\*\*** The process of tie-dyeing can be therapeutic and relaxing. It can help reduce stress and promote mindfulness.
7. **\*\*Customization:\*\*** You'll learn how to customize your tie-dyed items to match your personal style and preferences.
8. **\*\*Fashion Awareness:\*\*** You'll gain an appreciation for the fashion and art of tie-dye, understanding its historical significance and relevance in contemporary fashion trends.
9. **\*\*Gift-Giving Ideas:\*\*** Tie-dye can be a thoughtful and unique gift for friends and family. You'll learn how to create personalized and meaningful tie-dyed items.
10. **\*\*Community Engagement:\*\*** Participating in a tie-dye event can foster a sense of community and connection with other like-minded individuals.

**\*\*How the Tie-Dye Event Can Be Useful for You:\*\***

1. **\*\*Skill Development:\*\*** You'll acquire new skills in tie-dyeing, which you can use for personal projects, creating custom clothing, or even starting a small business.
2. **\*\*Artistic Expression:\*\*** Tie-dye is a great way to express your creativity and explore your artistic potential. It can help boost your self-confidence and sense of accomplishment.
3. **\*\*Stress Reduction:\*\*** Engaging in tie-dyeing can be a relaxing and enjoyable activity, helping you de-stress and unwind.
4. **\*\*Fashion and Style:\*\*** You'll learn how to create unique and stylish tie-dyed items that reflect your personal taste and style.
5. **\*\*Gift-Giving:\*\*** Tie-dyed items make thoughtful and unique gifts for special occasions, allowing you to add a personal touch to your gift-giving.
6. **\*\*Community Involvement:\*\*** Participating in a tie-dye event can connect you with other creative individuals and foster a sense of belonging.
7. **\*\*Entrepreneurial Opportunities:\*\*** Tie-dyeing can be a starting point for

entrepreneurial ventures, such as selling custom tie-dyed items or offering tie-dye workshops and classes.

title of the event is Embedded Programming Challenge

description of the event is Take the chance to compete with others who are just like you in the Embedded Programming Challenge! Gain a first-hand learning experience in handling the most thrilling puzzles we devise and building solutions in the embedded systems.Round 1:The duration of the round is 45 minutes.Participants must be present in the venue by 1:30 PM. Late entries will not be allowed to participate.Application related to a specific component would be given to the participants. Participants are expected to find the specific component for that application.The team that finds high number of components rightly are qualified to the next round.Round 2:The duration of this round is 1 hour.The selected participants must be present at the venue by 3:00 PM.It's an enthralling and challenging round where the participant's time management and embedded skills are put to test.Participants will be given a small Arduino kit and would be presented with an embedded problem statement.The teams are expected to solve the given problem statement in the given time with a limited set of components.

generated\_descriptions of the event is \*\*Things you can learn from attending the Embedded Programming Challenge:\*\*

\* \*\*Embedded systems programming:\*\* You will learn how to program embedded systems, which are small, computerized devices that are used in a wide variety of applications, such as cars, appliances, and medical devices.

\* \*\*Problem-solving:\*\* You will learn how to solve problems using embedded systems programming. This is a valuable skill that can be used in a variety of careers.

\* \*\*Teamwork:\*\* You will learn how to work as part of a team to solve problems. This is a valuable skill that can be used in any career.

\* \*\*Time management:\*\* You will learn how to manage your time effectively, which is a valuable skill that can be used in any career.

\*\*How this event can be useful for you:\*\*

\* \*\*Career advancement:\*\* The Embedded Programming Challenge can help you advance your career by giving you the skills and experience that employers are looking for.

\* \*\*Networking:\*\* The Embedded Programming Challenge can help you network with other professionals in the field of embedded systems programming. This can be helpful for finding a job, getting involved in the community, and learning about new developments in the field.

\* \*\*Personal satisfaction:\*\* The Embedded Programming Challenge can be a personally satisfying experience. It is a challenging event that requires you to use your skills and knowledge to solve problems. Completing the challenge can give you a sense of accomplishment and satisfaction.

title of the event is One day One minute

description of the event is An exciting contest where topics for a short film would be announced and teams would be given 24 hours to make the film based on the topic. Films would be judged based on their various criteria like cinematography, direction, editing etc. The duration of the film should be of 1 minute. Rules and regulations Time limit : 1 minute Submission must be within 24 hours else will not be considered.

generated\_descriptions of the event is \*\*Things You Can Learn from the 24-Hour Filmmaking Contest:\*\*

1. **\*\*Time Management:\*\*** With only 24 hours to create your film, you'll learn how to manage your time effectively and work under pressure.
2. **\*\*Adaptability:\*\*** You'll need to be adaptable and flexible in your approach to filmmaking, as you won't have time to overplan every detail.
3. **\*\*Creativity:\*\*** The time constraints will force you to think outside the box and come up with creative solutions to storytelling and filmmaking.
4. **\*\*Collaboration:\*\*** You'll need to work closely with your team members to bring your film to life in a short amount of time. This will teach you how to communicate effectively, compromise, and work together towards a common goal.
5. **\*\*Problem-Solving:\*\*** You'll encounter unexpected challenges and obstacles during the filmmaking process. Learning how to solve problems quickly and creatively will be essential to completing your film on time.
6. **\*\*Technical Skills:\*\*** You'll gain practical experience in various aspects of filmmaking, including cinematography, editing, and sound design.
7. **\*\*Teamwork:\*\*** You'll learn how to work effectively as part of a team, sharing ideas, responsibilities, and tasks.
8. **\*\*Filmmaking Process:\*\*** You'll gain a deeper understanding of the entire filmmaking process, from pre-production to post-production.
9. **\*\*Storytelling:\*\*** You'll learn how to tell a compelling story in a short amount of time, focusing on the most important elements and conveying your message effectively.
10. **\*\*Personal Growth:\*\*** Participating in the contest will push you out of your comfort zone and help you grow as a filmmaker and an individual.

**\*\*How the Event Can be Useful for You:\*\***

1. **\*\*Portfolio Building:\*\*** The film you create can be added to your portfolio, showcasing your skills and creativity to potential employers or clients.
  2. **\*\*Networking:\*\*** You'll have the opportunity to meet and network with other filmmakers, industry professionals, and potential collaborators.
  3. **\*\*Recognition and Awards:\*\*** Winning or placing in the contest can bring recognition to your work and help you stand out in the filmmaking community.
  4. **\*\*Experience and Feedback:\*\*** The contest provides a valuable opportunity to gain real-world filmmaking experience and receive feedback from experienced judges and peers.
  5. **\*\*Motivation and Inspiration:\*\*** Participating in the contest can motivate you to learn new skills, explore different genres, and push your creative boundaries.
  6. **\*\*Fun and Enjoyment:\*\*** Filmmaking should be enjoyable, and the 24-hour film contest can provide an exciting and challenging creative outlet.

title of the event is Celestia - The treasure hunt

description of the event is This treasure hunt will have teams of two finding answers to questions using programming, gaining astronomy related solutions and find other clues located in other places. The fastest are the first. Rules and regulations:1)Two per team2)Own laptops are encouraged3)Basic astronomy knowledge needed

generated\_descriptions of the event is 1. **\*\*Understanding Astronomy Concepts:\*\*** By participating in the treasure hunt, you'll have the opportunity to deepen your knowledge and understanding of astronomy concepts. You will encounter questions related to astronomy,宇宙学, and other celestial phenomena, requiring you to use programming skills to solve them. This can help you expand your knowledge in these areas and gain a better appreciation for the universe.

2. **\*\*Practical Application of Programming:\*\*** The treasure hunt challenges you to apply your programming skills to solve astronomy-related problems. This allows you to bridge the gap between theoretical knowledge and practical applications, helping you develop your problem-solving abilities and critical thinking skills. By working through the challenges, you'll gain a deeper understanding of how programming can be used to analyze and solve real-world problems.

3. **\*\*Collaboration and Teamwork:\*\*** The treasure hunt is designed for teams of two, encouraging collaboration and teamwork. You'll need to work together to tackle the programming challenges, share ideas, and find creative solutions. This experience can help you develop your communication, collaboration, and teamwork skills, which are valuable assets in any professional or academic setting.

4. **\*\*Problem-Solving and Analytical Skills:\*\*** The treasure hunt presents you with a series of problems that require analytical thinking and problem-solving skills. You'll need to identify patterns, make connections, and develop creative solutions to progress through the challenges. This experience can enhance your problem-solving abilities and train your mind to approach problems methodically and systematically.

5. **\*\*Time Management and Efficiency:\*\*** The treasure hunt is designed to be a timed event, encouraging teams to work efficiently and manage their time effectively. You'll need to prioritize tasks, allocate time wisely, and work together to complete as many challenges as possible before the time runs out. This experience can help you develop your time management and efficiency skills, which are essential for success in many aspects of life.

6. **\*\*Exploration of Astronomy:\*\*** The treasure hunt provides an opportunity to explore the wonders of astronomy in a fun and interactive way. You'll be guided to explore astronomy-related locations, discover hidden clues, and learn about celestial objects and phenomena. This experience can ignite your curiosity and passion for astronomy, inspiring you to learn more about the universe and its mysteries.

7. **\*\*Networking and Socialization:\*\*** The treasure hunt can provide an opportunity to meet and socialize with other participants who share your interests in astronomy and programming. You may connect with fellow enthusiasts, form new friendships, and expand your network of like-minded individuals. This can be a valuable experience, especially if you're looking to pursue a career or further education in astronomy or related fields.

title of the event is Think-a-thon

description of the event is "Case study competitions are the best exercise for your grey cells which makes use of all your decision-making abilities. Think-a-thon brings your team the platform to test your critical & cognitive thinking skills, exercise & exhibit your skillset while simultaneously gaining new inspiration, which will provide life-time learnings." Rules & Regulations: Participation can be ranging from 1-3 participants in a team. The event will be divided into two parts: Two hours for case analysis & solution ideation, one hour for presentation. The participants will be judged by a panel of jury and their decision will be considered final. Conflicts relating to the team size will not be entertained.

generated\_descriptions of the event is **\*\*Things You Can Learn from Attending the Case Study Competition:\*\***

- **\*\*Problem-Solving Skills:\*\*** You will be presented with a real-world business problem and you will need to use your analytical and problem-solving skills to come up with a solution. This will help you develop your ability to think critically and creatively.

- **\*\*Decision-Making Skills:\*\*** You will need to make decisions about how to approach the problem and how to best implement your solution. This will help you develop your decision-making skills and your ability to weigh the pros and cons of different options.

- **\*\*Communication Skills:\*\*** You will need to present your solution to a panel of judges. This will help you develop your communication skills and your ability to clearly and concisely explain your ideas.

- **\*\*Teamwork Skills:\*\*** If you are working with a team, you will need to be able to work effectively with others to come up with a solution. This will help you develop your teamwork skills and your ability to collaborate with others.

## **\*\*How the Case Study Competition Can Be Useful for You:\*\***

- **\*\*Resume Building:\*\*** Participating in a case study competition can help you build your resume and make you more competitive for jobs. Employers are looking for candidates who have strong problem-solving skills, decision-making skills, communication skills, and teamwork skills.
  - **\*\*Network Building:\*\*** Case study competitions are a great way to network with other students, professionals, and potential employers. This can help you build your professional network and open up new opportunities for you.
  - **\*\*Personal Development:\*\*** Participating in a case study competition can help you develop your personal skills and qualities, such as your confidence, your leadership skills, and your ability to work under pressure. These skills will be valuable in all aspects of your life.

title of the event is Robosoccer

description of the event is Join

us for the ultimate Robosoccer experience! Watch as teams of robots battle it out on the field in this high-tech tournament. Spectators will be amazed by the speed, agility and teamwork displayed by these cutting-edge machines. Be sure to grab your seat to see who will come out on top as the ultimate Robosoccer champion! Robot specifications: • Robot should be in following dimension 30cm width - 30 cm length. • Robot weight must not exceed 5 KGs. • Robot should operated at maximum Voltage of 24 volts. Rules and Regulations: • Team should have maximum of 2 members in a team for a bot. • Only one participant should control the robot no player can be exchanged in the middle of match. • A robot can push or hit the ball. It cannot withhold or grab the ball. But it should not push other

robot• Human interference (e.g. touching the robot) during the game is not allowed. • Decision of the Judges and Event Organizers shall be treated as final and binding on all and cannot be contested. • The event coordinator is the match referee. He takes all the decisions and participants have to abide by it. • AC/DC power supply will be provided at the sight of play. • Coordinators reserve the right to ask for the explanation of the robot. • The coordinator can change the rules of the game depending on the situation. • Rules & Regulations may change without prior notice, by the Event organizers. • Positions of balls and obstacles in the arena will be decided by the organizers on the particular day of the event generated descriptions of the event is **Things you can learn from attending the Robosoccer event:**

1. **Robotics and Engineering Principles**: By observing the design and functionality of the robots, you can gain insights into various robotics principles, such as mechanical design, electronics, sensors, programming, and control systems.
2. **Problem-Solving and Critical Thinking**: Witnessing the robots navigate the field and overcome obstacles can provide valuable lessons in problem-solving and critical thinking. You can learn how teams analyze challenges and implement innovative solutions in real-time.
3. **Importance of Teamwork and Collaboration**: Robosoccer tournaments emphasize the significance of teamwork and collaboration. You can observe how teams work together to strategize, communicate, and execute their plans effectively.
4. **Technology Trends and Advancements**: The event showcases cutting-edge robotics technology and advancements. You can learn about the latest trends and developments in robotics, AI, and automation.
5. **Inspiration and Motivation**: Watching robots compete at a high level can be inspiring and motivating. It can spark your interest in robotics and encourage you to pursue further studies or a career in the field.

**How this event can be useful for you:**

1. **Career Prospects**: Attending the event can expose you to potential career opportunities in robotics, AI, and automation. You can connect with professionals in the field, learn about job prospects, and explore internship or employment possibilities.
2. **Educational Value**: The event offers an educational experience that complements classroom learning. By witnessing the practical application of robotics principles, you can deepen your understanding of concepts and theories.
3. **Networking and Collaboration**: Participating in the event allows you to network with like-minded individuals, robotics enthusiasts, and professionals in the field. This can lead to valuable collaborations, mentorship opportunities, and future partnerships.
4. **Skill Development**: If you are interested in robotics, attending the event can help you develop practical skills such as programming, electronics, and mechanical engineering. You can learn from the experiences of other teams and apply these skills to your own projects.
5. **Creativity and Innovation**: The event encourages creativity and innovation. By observing the diverse approaches taken by different teams, you can stimulate your own creative thinking and come up with new ideas for solving problems.

title of the event is Econothon

description of the event is Inspired by the IMUN conferences and the design

thinking model, we present to you Econothon. Put your problem solving and reasoning skills to the test as you present your country's innovative solutions for the problem statement and debate it out. Two Day Event [28/02/2023 & 01/03/2023] - In teams of 3, you will be assigned a country followed by a problem statement. Utilizing the first 3 stages of the design thinking model - Empathize, Define, Ideate - your team will have to come up with innovative solutions while keeping in mind your designated country and present it to a jury. The top 10 teams will move on to debate the feasibility of the proposed solutions by other teams on second day. Think you're up for it? Work with your team and bring out your individuality. Be prepared for heated debate. Stand strong in your solution while identifying the flaws in that of others. Top 2 teams win cash prize.

generated\_descriptions of the event is \*\*Things you can learn from attending Econothon:\*\*

1. **Problem-Solving Skills**: You'll learn how to identify and analyze a problem, break it down into its components, and come up with creative solutions.
2. **Critical Thinking**: You'll learn how to evaluate information, identify biases, and make informed decisions based on evidence.
3. **Teamwork and Collaboration**: You'll learn how to work effectively with others, share ideas, and compromise to achieve a common goal.
4. **Public Speaking and Presentation Skills**: You'll learn how to communicate your ideas clearly and persuasively, both orally and in writing.
5. **Research Skills**: You'll learn how to find and evaluate information from a variety of sources, including books, articles, and websites.
6. **Cultural Awareness**: You'll learn about different countries' cultures, economies, and political systems.
7. **Global Issues**: You'll learn about pressing global issues, such as poverty, climate change, and inequality, and how they can be addressed.
8. **Negotiation and Diplomacy Skills**: You'll learn how to negotiate with others, find common ground, and resolve conflicts peacefully.
9. **Adaptability and Flexibility**: You'll learn how to adapt to changing circumstances, think on your feet, and come up with new solutions when needed.
10. **Leadership Skills**: You'll learn how to take initiative, motivate others, and lead a team to achieve a common goal.

**How Econothon can be useful to you:**

1. **Career Opportunities**: The skills you learn at Econothon can be applied to a variety of careers, including business, government, law, and international relations.
2. **Academic Success**: The skills you learn at Econothon can help you succeed in college and graduate school.
3. **Personal Growth**: Econothon can help you develop your critical thinking, problem-solving, and communication skills, which are valuable in all aspects of life.
4. **Global Citizenship**: Econothon can help you become a more informed and engaged global citizen, able to understand and address global issues.
5. **Lifelong Learning**: The skills you learn at Econothon will stay with you for the rest of your life and can be applied to new challenges and opportunities as they arise.

title of the event is Senseless

description of the event is Race your thoughts to travel outside the box, one scenario to the other, and keep challenging yourself against the odds given in this unique event. Attendees will have the opportunity to learn about the different ways to code in this event where coding is done with a twist. Utilize the opportunity to showcase your coding skills even when put amidst odd conditions! Rules and regulations: 1. All participants are requested to be at the venue at 9 AM. 2. Using mobile phones and internet facilities is strictly prohibited. 3. Any malpractices found will not be tolerated. Round 1: Debugging with swapped keys\* Keys will be swapped.\* A program will be given, where the participants have to find the errors and debug the code. Round 2: Coding with an inverted screen\* Program will be given, and the candidates have to code a program with an inverted screen. Round 3: Lights Off\* A program question will be given and the monitor will be turned off. The one who completes all the rounds with minimum time and maximum precision will be awarded as WINNER.

generated\_descriptions of the event is <b>Things you can learn from the event:</b>

1. **\*\*Problem-solving and critical thinking skills:\*\*** This event will challenge you to think outside the box and come up with creative solutions to the coding problems. You will learn how to break down a problem into smaller, more manageable parts and how to approach problems from different perspectives.

2. **\*\*Adaptability and resilience:\*\*** You will learn how to adapt to unexpected and challenging conditions, such as having to code with swapped keys or an inverted screen. This is a valuable skill for any programmer, as you may often encounter unexpected challenges in your work.

3. **\*\*Time management and efficiency:\*\*** You will learn how to manage your time effectively and to work efficiently, even under pressure. This is an important skill for any programmer, as you will often have to meet tight deadlines and deliver high-quality work.

4. **\*\*Collaboration and teamwork:\*\*** If the event allows for collaboration, you will have the opportunity to work with other programmers and learn from their skills and experiences. This can be a valuable way to learn new things and to improve your own programming skills.

5. **\*\*Coding techniques and best practices:\*\*** You will learn about different coding techniques and best practices, such as how to write clean and readable code and how to document your code effectively. This will help you to become a more effective and productive programmer.

<b>How this event can be useful for you:</b>

1. **\*\*Improved problem-solving skills:\*\*** The problem-solving skills you learn in this event can be applied to other areas of your life, such as your studies or your career.

2. **\*\*Increased adaptability and resilience:\*\*** The adaptability and resilience you learn in this event will help you to cope with unexpected challenges and to succeed in your studies or your career.

3. **\*\*Improved time management and efficiency:\*\*** The time management and efficiency skills you learn in this event can help you to succeed in your studies or your career.

4. **\*\*Enhanced collaboration and teamwork skills:\*\*** The collaboration and teamwork skills you learn in this event can help you to be more successful in your studies or your career.

5. **\*\*Stronger coding skills:\*\*** The coding skills you learn in this event will help you to become a more effective and productive programmer.

title of the event is Hustlers Market  
description of the event is With inventiveness scaling high, every marketer needs a pearl of wisdom or two to help guide them. Selling the ordinary is easy, but do you have the competence and artistry to sell the unsaleable. It's time to fight your competitors and join hands with your ally in order to form a significant business strategy with an eventual attempt to capture the competitive market. As the hustle has begun, grind your mind to acquire the emporium. Rules and regulations -Participants can be of team of 2 members only .Use of mobile phones is prohibited unless or until the organiser permits.Participants who are willing to participate in the competition must have gone through the registration process.There should not be any sort of vulgarity or criticism in expression or malpractice in any of the competitions.Keep up the allotted time at each round.The decision of the jury is final and concluding.

generated\_descriptions of the event is **\*\*Things you can learn from the event:\*\***

\* **\*\*Creativity and innovation:\*\*** The event will challenge you to think outside the box and come up with new and creative ways to sell products or services. This is a valuable skill that can be applied to any marketing or sales role.

\* **\*\*Problem-solving:\*\*** The event will also require you to solve problems and overcome challenges. This is a skill that is essential for any marketer or salesperson.

\* **\*\*Teamwork and collaboration:\*\*** The event will require you to work with a team of other participants. This is a great opportunity to learn how to work effectively with others and to build relationships.

\* **\*\*Communication and persuasion:\*\*** The event will require you to communicate your ideas and persuade others to see your point of view. These are essential skills for any marketer or salesperson.

\* **\*\*Market research and analysis:\*\*** The event will require you to conduct market research and analyze data. These skills are essential for understanding your target market and developing effective marketing strategies.

**\*\*How this event can be useful for you:\*\***

**\* \*\*Career advancement:\*\*** The skills that you learn at the event can help you to advance your career in marketing or sales. The event can also help you to build a network of contacts and to learn about new trends and developments in the industry.

**\* \*\*Business growth:\*\*** If you are a business owner, the skills that you learn at the event can help you to grow your business. The event can also help you to identify new opportunities and to develop new marketing strategies.

**\* \*\*Personal development:\*\*** The skills that you learn at the event can also help you to develop personally. The event can help you to become more creative, innovative, and confident. It can also help you to develop your problem-solving, teamwork, and communication skills.

title of the event is Astrophilia - A Poster presentation

description of the event is Space exploration technology is anything that advances the exploration of space through a device, machine, or technology made to do so. Participants should make poster based on the theme - "Space exploration technologies used in Mars missions"Rules and regulations:1)The participants can be two per team or one.2)The poster can be either soft copy or hardcopy.3)The size of the poster can be A4 or A3.4)The poster should be concise and clear.5)The poster should not be cluttered.6)Posters should not taken directly from online websites.This event consists of two rounds :Round 1 :

Participants will present their poster to the guest.Round 2: Shortlisted participants will be given a theme and they have to design a poster on the spot. The guest will select the best two posters.

generated\_descriptions of the event is **\*\*Things You Can Learn from the Space Exploration Technologies Used in Mars Missions Event:\*\***

1. **\*\*Space Exploration Technologies:\*\*** You will learn about the various technologies used in space exploration, particularly those used in missions to Mars. This includes spacecraft, rovers, instruments, propulsion systems, and life support systems.
2. **\*\*Mars Missions:\*\*** You will learn about the history of Mars missions, the challenges of exploring Mars, and the goals of future missions. You will also learn about the major discoveries made from past Mars missions, such as the presence of water and organic molecules on Mars.
3. **\*\*Engineering and Design:\*\*** You will learn about the engineering and design principles that go into the development of space exploration technologies. You will also learn about the challenges of designing and building spacecraft and instruments that can withstand the harsh conditions of space.
4. **\*\*Science and Technology:\*\*** You will learn about the role of science and technology in space exploration. You will also learn about the importance of international cooperation in space exploration and the benefits of sharing data and technology among countries.
5. **\*\*Career Opportunities:\*\*** You will learn about the different career opportunities available in the field of space exploration. This includes opportunities in engineering, science, technology, and mission operations.

**\*\*How this Event Can Be Useful for You:\*\***

1. **\*\*Education and Knowledge:\*\*** This event can help you to expand your knowledge of space exploration technologies and Mars missions. This knowledge can be useful for your studies, your career, or simply for your personal interest.
2. **\*\*Career Opportunities:\*\*** This event can help you to learn about the different career opportunities available in the field of space exploration. If you are interested in a career in this field, this event can help you to get started.
3. **\*\*Inspiration:\*\*** This event can inspire you to pursue a career in science, technology, engineering, or mathematics (STEM). By learning about the amazing things that are being accomplished in space exploration, you may be inspired to pursue a career in one of these fields.
4. **\*\*Networking:\*\*** This event can help you to network with other people who are interested in space exploration. This can be helpful for your career, your studies, or simply for making new friends.
5. **\*\*Fun:\*\*** This event can be a lot of fun! You will get to learn about amazing things, meet new people, and see some really cool posters.

sub\_category of the event is Space

description\_of\_sub\_category of the event is Space is the boundless three-dimensional extent in which objects and events have relative positions and directions. In classical physics, physical space is often conceived in three linear dimensions, although modern physicists usually consider it, with time, to be part of a boundless four-dimensional continuum known as spacetime.

keywords of the event are Space exploration technology , Space exploration , Space exploration technologies , technology made , exploration technology , poster , Space , technology , exploration , Participants

title of the event is KI Drone Prix - LOS Drone Racing

description of the event is "Float like a Cadillac and Sting like a Bee"Are you into speed, thrill and pure skill? Then this is your window to put them to a show. Come display your drone piloting skills to fly over and under our daring track. What are you waiting for? Gear up now to "Reap the Reward"!!!Rules and regulations: (LOS)1. The participants may participate either individually or as a team (maximum of 2).2. Track of the race will be revealed to the participants a day prior to the event.3. Line of sight (LOS) mode of control only allowed.4. Pilots should always keep control of the drone.5. The contest will be held on a track that will be created with different obstacles and challenges on an open

ground.6. There will be two competitive rounds, which will be held as a group stage and knockouts.7. No celebratory rounds or excessive celebratory displays when the race is still active.8. The pilots should attempt the landing safely.9. The drones should only fly within the authorized zones.(Note: The organizer will not be responsible for the damage to the drones or your property.)  
generated\_descriptions of the event is By attending this drone racing event, you can expect to learn and gain valuable skills and insights:

1. **\*\*Drone Piloting Skills\*\***: You will have the opportunity to put your drone piloting skills to the test in a competitive environment. This will challenge you to improve your control, precision, and reaction time while flying a drone.
2. **\*\*Obstacle Avoidance and Navigation\*\***: The race track will likely include various obstacles and challenges, requiring you to navigate through them successfully. You will learn how to anticipate obstacles, adjust your flight path quickly, and make strategic decisions during the race.
3. **\*\*Racing Strategies and Techniques\*\***: By observing other participants and learning from their strategies, you can gain insights into effective racing techniques. This may include understanding the importance of speed, agility, and strategic maneuvers to gain an advantage over competitors.
4. **\*\*Drone Tuning and Maintenance\*\***: Preparing your drone for the race might involve tuning its settings, adjusting its components, and ensuring its overall performance. You will learn the importance of proper maintenance and fine-tuning to maximize your drone's capabilities.
5. **\*\*Problem-Solving and Adaptability\*\***: Drone racing often involves unexpected situations and challenges. You will learn to think quickly, adapt your approach, and troubleshoot any issues that may arise during the race. This problem-solving mindset can be valuable in other areas of your life as well.
6. **\*\*Networking and Community\*\***: Attending the event provides an opportunity to connect with fellow drone enthusiasts, exchange ideas, share experiences, and learn from each other. You may also get insights into the latest drone technologies and trends.

Overall, participating in a drone racing event can be an exciting and educational experience, allowing you to enhance your piloting skills, gain strategic insights, and connect with a community of drone enthusiasts.

title of the event is Codeathon

description of the event is A thrilling tech competition for fans of computer science featuring three fun filled rounds to showcase your abilities and win rewards! Coders get a fantastic opportunity to test their abilities and push their limits by competing against like-minded and experienced opposition from a variety of colleges at Yugam 2023. Join now!Rules and regulations:1. Anyone with a knack for programming is welcome to enter.2. It is a solo contest and discussion among participants during the event is prohibited.3. Participants will be ranked as per the number of problems solved and completion time.4. The event consists of three rounds. Participants qualifying in the Preliminary Round progress over to the Reverse Coding Round and then over to the Competitive Coding Round.5. Ties will be broken by the total time for each user in ascending order of time.

generated\_descriptions of the event is **\*\*Things You Can Learn from Attending Yugam 2023:\*\***

\* **\*\*Deepen Your Coding Skills:\*\*** You'll get to practice your coding skills in a competitive environment, which can help you identify your strengths and weaknesses and push yourself to improve.

\* **\*\*Learn New Programming Techniques:\*\*** The competition may expose you to new programming techniques and algorithms that you can apply to your own projects.

\* **\*\*Gain Experience in Solving Real-World Problems:\*\*** The problems you'll encounter in the competition will be based on real-world scenarios, giving you a taste of the challenges you'll face as a professional developer.

\* **\*\*Network with Other Programmers:\*\*** You'll have the opportunity to meet and interact with other programmers from different colleges, which can help you build your professional network and learn from others' experiences.

\* **\*\*Gain Confidence in Your Abilities:\*\*** Succeeding in the competition can boost your confidence in your programming skills and motivate you to pursue further development and learning.

\* **\*\*Compete for Prizes and Recognition:\*\*** Yugam 2023 offers prizes and recognition to the top performers, which can be a great addition to your resume and help you stand out in job applications.

**\*\*How Yugam 2023 Can be Useful for Your Career and Growth:\*\***

\* **\*\*Improve Your Employability:\*\*** Strong programming skills are in high demand in the tech industry, and participating in coding competitions like Yugam 2023 can demonstrate your abilities to potential employers.

\* **\*\*Prepare for Coding Interviews:\*\*** Many tech companies use coding challenges as part of their interview process. Participating in Yugam 2023 can give you valuable experience in solving coding problems under time pressure, which can help you ace your job interviews.

**Establish a Foundation for Further Learning:\*\*** The skills you develop while preparing for and participating in Yugam 2023 can serve as a foundation for further learning, whether it be in advanced programming topics, data science, machine learning, or other related fields.

\* **\*\*Boost Your Portfolio:\*\*** Showcasing your participation and achievements in Yugam 2023 on your resume or portfolio can enhance your credibility and make you stand out to potential employers or clients.

\* **\*\*Open Opportunities for Collaboration:\*\*** Networking with other programmers at Yugam 2023 can lead to opportunities for collaboration on projects, hackathons, or other development initiatives.

title of the event is The Auction Arena

description of the event is The ultimate auction experience, The Auction Arena with BOTH PRELIMS and FINALS as AUCTION. Each team will be given a fixed amount of money (virtual) which will be used by them to buy players in the auction. The aim will be to build a squad that maximizes the total ratings of all the players of the team in the limited budget along with restrictions on the total number of players. Date of events: Prelims: 27-02-23 & 28-02-23 Finals: 04-03-23 Event Format: Prelims: Legendary Players Auction Experience the excitement of bidding on your favorites Retired International Cricket players! From former world-class batsmen to legendary bowlers, this auction is your chance to own a piece of cricket history. Finals: Mega IPL Auction Join the wild bidding as teams compete for the best players at the auction. This will have all the classic IPL rules. Make your Dream 11! Rules and Regulations: • Team Size – Maximum 4 Members • The top 10 Teams of Prelims are selected for Finals - CLASSIC IPL Auction. • Intercollege collaboration is allowed • Open to all College students, participants must bring their ID cards on the date of the event. • The registered teams captain will be added in a WhatsApp group and all the updates regarding the event will be given in the WhatsApp Group • Players auctioned will have a rating in both Prelims & Finals • Results will be based on Rating Only.

generated\_descriptions of the event is \*\*Things you can learn from the Auction Arena event:\*\*

\* **Bidding Strategies:** You will learn how to strategize and make informed decisions during an auction, considering factors such as player ratings, team composition, and budget limitations. This skill can be applied to various situations beyond the cricket auction, such as business negotiations or resource allocation.

\* **Team Building:** You will gain experience in selecting and assembling a team of players that complements each other's strengths and weaknesses, maximizing the overall team rating. This skill is valuable in team-based projects or organizational settings, where you need to collaborate with others to achieve a common goal.

\* **Budget Management:** You will learn how to manage a limited budget effectively, prioritizing your spending and making strategic choices. This skill is applicable in personal finance, investment, or any situation where you need to allocate resources wisely.

\* **Risk Assessment:** You will develop the ability to assess risks and make decisions under uncertain conditions. In the auction, you need to predict player performances and their impact on your team's overall rating, which requires careful consideration of various factors. This skill is useful in decision-making processes across various domains.

\* **Communication and Negotiation:** You will have the opportunity to practice communication and negotiation skills as you interact with other teams during the bidding process. Effective communication and negotiation are essential in personal and professional settings, enabling you to build relationships and achieve favorable outcomes.

Overall, the Auction Arena event provides a simulated environment where you can develop valuable skills in strategy, team building, budget management, risk assessment, communication, and negotiation. These skills are transferable to various aspects of your life, including your personal and professional endeavors.

**How the Auction Arena event can be useful for you:**

\* **Career Development:** The skills you acquire from the event can enhance your employability and career prospects. Employers value individuals who can think strategically, manage resources effectively, communicate well, and work collaboratively. Participation in this event can provide concrete examples of your skills in your resume or during job interviews.

\* **Personal Growth:** The event challenges you to step outside your comfort zone and engage in a competitive environment. It encourages you to think creatively, adapt to changing circumstances, and make quick decisions under pressure. These qualities contribute to your personal growth and development, making you more adaptable and resilient in various situations.

\* **Networking:** The event provides an opportunity to meet and interact with students from different colleges, fostering a sense of community and camaraderie. Networking with peers and potential employers can open doors to new opportunities and collaborations.

\* **Entertainment and Enjoyment:** The Auction Arena event is designed to be an enjoyable and engaging experience. It allows you to indulge in your passion for cricket, compete with others, and have fun while learning valuable skills.

title of the event is Mysterio - "Decode to Discover"

description of the event is Round 1:• Participants will be given with set of words and sentences about an object.• Finding the correct word with the clues will pass on the next stage.• Quiz for participants about the concept of encryption and decryption.Round 2:Participants should write a program to show the output of the mentioned format using any programming language (C,C++,Python).Rules and Regulations -Usage of gadgets, smart watches are strictly prohibited.Time taken to answer the questions will be taken into consideration.In case any disputes/discrepancy, the decision taken by organizers will be final.

generated\_descriptions of the event is **\*\*Things You Can Learn from the Event:\*\***

1. **\*\*Cryptography Concepts:\*\***

- Encryption and Decryption: Understand the fundamental concepts of how data is encrypted and decrypted to protect its confidentiality.
- Encryption Algorithms: Learn about various encryption algorithms, such as Caesar cipher, DES, AES, and their strengths and weaknesses.
- Key Management: Understand the importance of key management, including key generation, storage, and distribution, to ensure the security of encrypted data.

2. **\*\*Programming Skills:\*\***

- Coding Techniques: Improve your programming skills by writing code to demonstrate encryption and decryption functions.
- Data Structures and Algorithms: Learn how to apply appropriate data structures and algorithms to efficiently implement encryption and decryption methods.
- Language Syntax: Enhance your understanding of the syntax and libraries of the programming language you choose, making you a more proficient coder.

3. **\*\*Problem-Solving Abilities:\*\***

- Analytical Thinking: Develop your ability to analyze problems, identify patterns, and apply logical reasoning to solve complex challenges.
- Creative Thinking: Explore different approaches to solve problems, encouraging innovative thinking and out-of-the-box solutions.
- Time Management: Learn to manage your time effectively, as you'll be given a specific timeframe to complete the programming challenges.

**\*\*How the Event Is Useful for You:\*\***

1. **\*\*Career Advancement:\*\***

- Enhanced Skills: The skills you acquire in cryptography, programming, and problem-solving can be valuable for various career paths, such as software engineering, cybersecurity, and data analysis.
- Competitive Advantage: Demonstrating these skills on your resume can make you stand out from other candidates and increase your chances of employment.

2. **\*\*Personal Development:\*\***

- Intellectual Stimulation: Challenge yourself with complex problems and expand your knowledge of cryptography and programming.
- Confidence Building: Successfully completing the event's challenges can boost your confidence in your abilities and motivate you to pursue further learning.

3. **\*\*Networking Opportunities:\*\***

- Peer Interaction: Engage with fellow participants, share ideas, and learn from their experiences, fostering a sense of community and camaraderie.
- Industry Experts: If the event features industry experts or speakers, you'll have the chance to connect with them, ask questions, and gain insights into the field.

#### 4. **\*\*Preparation for Future Endeavors:\*\***

- Academic Pursuits: If you're interested in pursuing higher education in computer science, cryptography, or related fields, this event can provide a solid foundation and help you excel in your studies.

- Professional Certifications: Some industry certifications, such as the Certified Information Systems Security Professional (CISSP), require knowledge of cryptography and data protection. This event can help you prepare for these certifications.

title of the event is Clear the Controversy

description of the event is Parliamentary debate is a fast-paced event in which a team of three debaters is given a limited amount of time to prepare arguments on a topic that varies each round. Teams debate the resolution in favour of or against it, depending on convincing delivery, skillful language, and compelling analytical reasons to prevail. Rules and regulations: 1. Must follow the team maximum size limit (3 per team) 2. Timings will be followed strictly for the individual content delivery 3. One will speak "for the motion" and the other member will speak "against the motion". 4. Each team will get 6 minutes (2 + 2.5 minutes) to speak and 1 minute for interjection. 5. Interjections will be raised from the opponent (only one). 6. Paper reading while debating can affect the results of the participants. 7. Offensive, personal or defamatory expressions will not be accepted in any case.

generated\_descriptions of the event is **\*\*Things You Can Learn from Attending a Parliamentary Debate:\*\***

- \* **\*\*Critical Thinking and Analysis:\*\*** Debaters must quickly analyze and evaluate complex topics, identify key arguments, and develop persuasive responses. You can learn to think critically and creatively, weigh evidence, and identify logical fallacies.

- \* **\*\*Communication and Public Speaking Skills:\*\*** Debaters must present their arguments clearly, concisely, and persuasively, both orally and in writing. You can improve your ability to communicate effectively, structure arguments, and use language to engage and persuade others.

- \* **\*\*Research Skills:\*\*** Debaters need to research various topics in depth to gather evidence and support their arguments. You can learn to find and evaluate reliable sources, conduct effective research, and present information in a clear and organized manner.

- \* **\*\*Teamwork and Collaboration:\*\*** Debaters work closely with teammates to develop and refine their arguments and strategies. You can learn to work effectively as part of a team, cooperate with others, and resolve conflicts constructively.

- \* **\*\*Confidence and Leadership Skills:\*\*** Debaters need to be confident in their ability to speak in public and defend their positions. You can develop your confidence and leadership skills, learn to think on your feet, and handle challenging questions.

- \* **\*\*Appreciation for Different Perspectives:\*\*** Debaters are exposed to a variety of viewpoints and opinions. You can learn to appreciate different perspectives,

understand the complexities of issues, and engage in respectful dialogue with others who hold different views.

\* **Knowledge of Current Events and Social Issues:** Debaters often focus on timely topics and social issues. You can stay informed about current events, learn about important social issues, and develop informed opinions on various matters.

**How Parliamentary Debate Can Be Useful for You:**

\* **Career Opportunities:** Debating skills are highly valued in many professions, such as law, politics, journalism, business, and education. By participating in parliamentary debates, you can develop skills that will make you a more effective communicator, critical thinker, and problem solver.

\* **Personal Development:** Debating can help you grow as a person. It can boost your confidence, improve your communication and leadership skills, and help you develop a deeper understanding of yourself and the world around you.

\* **Civic Engagement:** Debating can encourage you to become more engaged in civic life. By participating in debates, you can learn about important issues, develop your own positions, and learn how to advocate for change.

\* **Networking:** Parliamentary debates provide opportunities to meet and interact with other debaters, coaches, and professionals in the field. You can expand your network, learn from experienced individuals, and make valuable connections that can benefit you in your personal and professional life.

title of the event is Zap-Ju

description of the event is Event consists of 2 rounds  
Round - 1: JUGGADA set of pictures will be displayed for which participants have to frame a story relating those pictures. Story with more fun elements will be awarded more marks. Top 10 teams will be qualified for 2nd round.  
Round - 2: ADZAPA property will be given to the participants with which they have to advertise and grab the judges to buy the product. Innovative advertisement with more fun elements will be awarded more marks.  
Rules and regulations  
1.Participates can perform individually or a team of 2- 3 members.  
2.Time limit - 4 to 6 minutes.  
3.No vulgarity.  
4.Adult jokes should be avoided.  
5.Individual light props can be use.  
6.Judges decision will be final.

generated\_descriptions of the event is **Things learned from the event:**

\* **Storytelling skills:** The first round of the event required participants to create a story based on a set of pictures. This exercise helped me develop my ability to think creatively and come up with unique and engaging stories.

\* **Presentation skills:** The second round of the event required participants to advertise a product or service using a given prop. This exercise helped me develop my presentation skills and my ability to persuade others.

\* **Teamwork skills:** If you participated in the event as part of a team, you would have had the opportunity to develop your teamwork skills. This involves

learning how to work effectively with others, share ideas, and compromise.

\* **Problem-solving skills:** Both rounds of the event required participants to come up with creative solutions to problems. The first round required participants to create a story that connected a set of seemingly unrelated pictures, while the second round required participants to come up with a unique and persuasive way to advertise a product.

**How the event is useful:**

\* **Improved communication skills:** The event helped me improve my communication skills by requiring me to present my ideas to a group of people. This is a valuable skill that can be applied to many different areas of life, such as job interviews, public speaking, and negotiation.

\* **Increased confidence:** The event helped me increase my confidence by giving me the opportunity to share my ideas with others and receive feedback. This is a valuable skill that can help me succeed in many different areas of life, such as school, work, and relationships.

\* **Enhanced creativity:** The event helped me enhance my creativity by challenging me to come up with new and innovative ideas. This is a valuable skill that can help me succeed in many different areas of life, such as problem-solving, brainstorming, and generating new ideas.

\* **Preparation for future opportunities:** The event helped me prepare for future opportunities, such as job interviews and presentations. By participating in the event, I gained valuable experience in communicating my ideas to others and handling myself in a professional setting.
